"TANLAC IS THE BEST MEDICINE ON EARTH," DECLARES ST. JOHN WOMAN

Mrs. Eva Tebo, who lives at 20 Arcadia Street, St. John, is an ardent champion of the merits of Tanlac since she began taking it several weeks ago.

While discussing Tanlac, which has been so beneficial to her Mrs. Tebo became very enthusiastic, and commenting on her improved condition, said: "I suffered terribly from indigestion for five years, and when I commenced taking Tanlac I didn't believe I would ever be a well woman again, for all the medicines and treatments I had taken up to this time, didn't do me a particle of good, and my condition was gradually getting worse all the time."

"Everything I ate soured on my stomach, and I would have had smothering spots, and often my heart would palpitate something awful on account of the gas that formed from this sour undigested food. I would often suffer so much from shortness of breath after going to bed that I would have to get up and walk on the floor all night long. My nerves were in bad condition, too, and the least noise would upset me. I suffered a great deal from headaches, and there were times when it just seemed that my head was going to burst. I finally became so weak and run-down that when I tried to do my housework I would become completely exhausted in a few moments, and would just have to stop and let the work go."

"Some of my friends kept insisting on my giving Tanlac a trial until I was finally persuaded to buy one bottle and see what it would do for me. Well, I must say that Tanlac has done me a world of good, and I feel like a different person altogether now. In fact my troubles have been completely overcome, and I am enjoying as good health in every way as I ever did in my life. I have a fine appetite, and can eat just anything I want without suffering afterwards. My nerves seem to be in perfect condition, and I sleep like a child every night. Those splitting headaches have left me too, and that alone would make me say that Tanlac is the best medicine on earth. I am completely rid of stomach troubles, and am never bothered with shortness of breath, and never have those smothering spots any more. I am as well and strong in every way as I ever was in my life, and can do all my housework without the least trouble, and when finished all my work I feel so fresh that I often dress and go to a picture show. Tanlac did all for me, and as long as I live I will never lose an opportunity to say a good word for it."

Tanlac is sold in Charlottetown, by Reddin Bros.

New blood has been introduced into the packing business by the addition of such enterprising men as Dr. McIntyre, and Mr. Murphy, of Montague. These men paid the fishermen this year the biggest price ever; in some cases as high as \$4 per cwt., finding everything except the gasoline. There has been some record catches of lobsters.

These men paid their fishermen this year the highest price ever, in some cases as high as \$4 per cwt., finding everything except the gasoline. There has been some record catches of lobsters. The high boat, probably, from East Point to St. Peter's is claimed at John Ryan's factory. Mr. Frank Holland's boat having landed 22,000 lbs. of lobsters, though two boats (and four men) fishing in partnership at Murphy's factory, Campbell's Cove, landed 45,000 lbs., or 22,500 lbs. per boat. These four men, John Andrew Campbell, his brother Willie, and Messrs. Joseph and Peter McIntyre, were paid off with \$450 per man. This is probably the record along the North Shore. Several fishermen did almost as well as this. Dan Grant's boat landed 18,000 lbs. Dr. McIntyre's, at East Joint, packed nearly, but not quite, 700 cases. Murphy, at Campbell's Cove, 550 cases, and Ryan, at Black Point, upwards of 500 cases. ADDRESS AND PRESENTATION

A number of the members of the Methodist Sunday School at Wheatley River assembled at the home of Mr. and Mrs. E. J. Carew of Thursday evening, July 10th and presented Mr. Carew with a comfortable chair and the following address. Mr. Carew though taken completely by surprise replied in few words thanking the people for their gift and kind expression of good will.

Mr. E. J. Carew, Dear Brother.—We your friends have assembled with you and your good wife this evening to express our appreciation of the gratuitous and faithful service you have rendered the Church as Sunday School Superintendent for many years, and the deep interest you have taken in the spiritual welfare of our community. We as a congregation owe you a large debt of gratitude for the faithful way in which you performed your duties, for your promptness in storm, as well as in sunshine, and the kindly disposition you ever manifested to all. We are sorry that you have found it necessary to retire from active work in the Sunday School and we feel that we cannot permit you to do so without expressing in some tangible way our deep appreciation of your work of love. Hence will you please accept this chair, not for its momentary value, but because it is a token of the high esteem in which you are held by us. And as in the years to come you may take comfort in this seat, may the thought of what it expresses cheer you on the way of Life's Journey. Trusting that God's richest blessing may rest upon you and Mrs. Carew in the future as it has in the past, and "God grant you many and happy years."

Till when the last has crowned you, The dawn of endless day appears, And Heaven is shining round you." Signed in behalf of the Methodist congregation at Wheatley River. GEO. AYERS, Pastor.

SCHOOL EXAMINATION The Glen William school semi-annual examination was held on June 30th, those in attendance expressing great satisfaction with the condition of the school under Miss Esther Bruce who has now severed her connections with Glen William school much to the regret of the pupils and parents as well. After the exercises had been held, Master Colin MacInnis presented the teacher with a box of dainty handkerchiefs as a mark of his affection. Later in the evening a company of young people were invited to meet Miss Bruce at the home of Mrs. McLeod, where a surprise party was given for her. A dainty supper was served, and an address was read by the hostess, Mrs. M. A. McDonald, who also in behalf of those present presented the guest of honor with a snug little sum of money. Although taken completely by surprise Miss Bruce rose to the occasion and in a most pleasing manner thanked the young people for their thoughtful kindness at this time and on the several occasions when she had visited their homes. The evening passed all too quickly in music, songs and lively games, after which ex-Capt. Charles MacLeod moved a vote of thanks which was heartily given to the people of the house for the very pleasant evening spent. The following is the address. To Miss Esther Bruce, Dear Esther.—It is with a deep feeling of regret and keen sense of our loss that we gather about you on this the eve of your departure. You have in your two years stay with us so endeared yourself to us that we feel that your place in the community will be hard to fill. Please remember that although you are leaving us we still live in Glen William and we will always welcome you to our homes and our little social gatherings. We would ask you to accept this small gift, not as a measure of our esteem but as a token of remembrance of the many pleasant hours we have spent together. Our very best wishes go with you and we would like to assure you that you are leaving many warm friends in Glen William and Alliston.

IN MEMORIAM MRS. NEIL MATHESON Passed peacefully away at her home Milltown, July 11, at the age of forty one, Martha A., beloved wife of Neil Matheson.

Mrs. Matheson was a woman of exceptionally fine character and enjoyed the love and respect of all who knew her. She leaves a record of a beautiful life and a memory which is fondly cherished by her husband and the following brothers and sisters: William and Russel of Sturgeon; Alfred and Mrs. William Cannell of Everett, Mass.; Mrs. John Baker of Stellerton, N. S.; and Mrs. J. Norton of Somerville, Mass.

MICHAEL J. MCCORMACK. The death took place at his home at Newport, P. E. I., June 10th, of Michael J. McCormack, at the age of seventy-nine years. He had been in his usual health till a few months before his death, when he became seriously ill, and in spite of the best attendance he passed away on Tuesday, 10th, fortified by the last rites of the Catholic church, of which he was a faithful member. Deceased was one of the oldest residents of Newport, and was highly respected, being a kind neighbor and friend. The funeral, which took place at St. George's on Thursday, 12th, was largely attended. He leaves to mourn a widow, two sons, Angus J., at home, and Daniel, in New Brunswick, and one daughter, Mary, at home. May his soul rest in peace.

MRS. ROBERT THOMPSON. There passed peacefully to her rest at the home of her sister, Mrs. Donald MacPhee, Heatherdale, Mrs. Robert Thompson, of Milltown Cross, at the age of 48 years. Deceased had been in delicate health for some time but her death came unexpectedly and was a severe shock to her relatives and many friends. She was a kind and loving mother and a general favorite with all her many friends and acquaintances. Her husband predeceased her by only four months and thus her death is a double blow to her only daughter. She also leaves to mourn two brothers and one sister. The large cortege, which on July 8th followed the remains to Sturgeon, commuted was an evidence of the esteem in

MINERS WON'T HAVE THE ONE BIG UNION FERNIE, B. C., July 14.—At a largely attended special mass meeting of Fernie miners, called for the purpose of considering and discussing the strike situation and the One Big Union constitution, it was decided by a large majority to instruct District No. 18 officials to endeavor to negotiate a new working agreement as an organization of the United Mine Workers of America. This indicates that the idea of joining the One Big Union is disposed of as this union will again affiliate with the United Mine Workers of America, which will not countenance the new organization. The miners here also request that work be resumed forthwith upon the basis of the old agreement until a new one can be consummated.

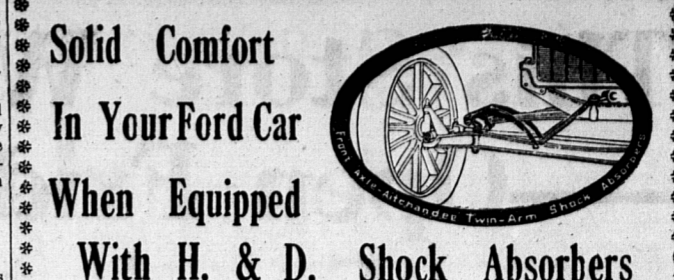

Hungry Peace Day in Prospect if Waiters' Demands Rejected PARIS, July 14.—Restaurant, hotel and cafe waiters, cooks and other employes, have voted to strike, beginning this morning, and declare that the strike will continue throughout the celebration of Peace Day and Bastille Day if their claims are not immediately satisfied.

They demand full application of the eight-hour day, a weekly day off, and a substitution of a percentage on receipts for tips.

The Transportation Federation has decided to strike on July 21. If the instructions of the federation are carried out, Paris will be without subway service, street cars, auto-buses and taxicabs.

BIGGEST ISSUE IN THE WORLD TO-DAY

DENVER, Colo., July 13.—With a declaration that the high cost of living, the high cost of dying, the high cost of justice and the outrageously high cost of everything, is the paramount issue in the world to-day, the convention of the Brotherhood of Locomotive Firemen and Engineers, late yesterday adopted a resolution urging immediate establishment of municipal markets and cold storage houses to deal in necessities and thereby to eliminate the profits of the middleman. The resolution attacked the big packers, alleging control of food products.

Here is a new quick, and inexpensive way to letter household articles. Buy a five-cent card of old-fashioned rick-rack braid in blue, pink or any desired shade. Draw your letters and securely fasten down one end of the braid. Now twist the braid so that all the points are toward the outside of the letter, then sew to the material. This takes only a few minutes to do, and looks a very well, especially on bath towels or other large articles.
