

# Consumption No Barrier. SUM'SIDE

## Shiloh Counteracts Hereditary Tendencies.

Many a man's life has been wrecked simply because he dare not marry. Being conscientious, and knowing that his ancestors have suffered and died from the dreaded disease of Consumption, he feels himself debarred from the pleasures and responsibilities of married life. Happily, it is now proven, that this fatal Consumption is no longer an insuperable barrier. The tendency toward Consumption may be overcome in youth or early manhood and womanhood. Proper care, proper diet and proper exercise—taken together with Shiloh's Cure—will conquer the handicaps of heredity and make every body so placed equal to the burdens and joys of married life. A prominent young merchant of Winnipeg—who asks that names be not publicly given—became engaged to marry—

...of Consumption, and he feared to marry. One day, being in a very despondent mood, his sweetheart trying to cheer him, mentioned having read of several cures affected by Shiloh's Cure and tried to persuade him to give it a trial. He at last consented and at once began to take Shiloh regularly. The result was so encouraging that after a while they were married. That event occurred some eight or nine years ago and no signs of the dreaded malady have yet appeared and neither he nor their two children show exceptional proneness to coughs, colds, or any pulmonary weakness. Shiloh's Consumption Cure is no common medicine. It is a medicine that cures. It is a guaranteed medicine, it won't fail, if you are not satisfied with the results after using two thirds of the contents of the bottle, return the balance to the druggist and he will at once refund you the whole of your purchase money. Sold in Canada and United States at 75c., 50c. and \$1.00 a bottle. In Great Britain at 1s. 2d., 2s. 3d. and 4s. 6d. S. C. WELLS Co., Toronto.

Don't buy your spring suit until you see the tailor-made suits shown by the people of the Ladies' Furnishing Store, in black, navy, fawn and grey. These goods are superior in quality, fit and workmanship to any thing yet shown in the ladies' readymade department.

The ice in Crystal Rink has during the present season been kept as hard, if not harder than any former year and the attendance has been the largest in the history of the Rink. The continuous cold weather has been very favorable for ice making and only on one or two occasions has there been any noticeable heavy or soft ice. And even then, while Charlottetown Rink was closed for a day or two, patrons of Summerside Rink were enjoying uninterrupted, daily skating on ice which would be quite acceptable to ticket holder of some rinks at any time during the season. In its management too, there has been much to make Crystal Rink popular, every thing being done to accommodate the patrons. If interest in skating continues to increase as it has during the past few years it will be advisable to make some improvement in the building for the better accommodation of the crowd who attend. The present skating season will close on March 31st, when if there is no remarkable change in the weather in the meantime the best winter's skating for many years will have ended.

## When Clergymen Speak

In Favor of

# Paine's Celery Compound

Such Testimony Should Be Convincing.

No Other Remedy Has Ever Received Such Strong Ministerial Support.

As A Spring Medicine Paine's Celery Compound Has No Equal.

Edward E. Philips, M. D., L. L. D., a physician of unusual talent, reputation and prominence, a professor of anatomy and surgery at a lecture on materia medica and medical botany, gave to suffering men and women his famous prescription, Paine's Celery Compound.

Clergymen of all Christian denominations have contributed their praise and testimony to the wonderful cures effected by Paine's Celery Compound in their own homes as well as in the homes of people. Extracts from a few of the letters sent in must have a happy influence on thousands who are now suffering from various ailments, and anxiously looking for renewed health.

Rev. J. D. Leishman, Angus, Ont., says: I have always found Paine's Celery Compound an excellent nerve tonic, and have frequently recommended it to persons suffering from nervous debility and sleeplessness. It also purifies the blood and revives the system. Give it a fair trial and it will in these cases be found helpful.

Rev. Dr. Wilson, St. John, N. B. says: "I was induced to try Paine's Celery Compound, and it affords me very great pleasure to be able to say that I have been greatly helped thereby, and regard it as the best medicine I know anything of. I wish you success in your good work of saving the bodies of your fellow men."

Rev. J. A. Gravel, Vicar General, of Bellefleur, writes thus: "I am perfectly in a position to declare that for the last four months I have made constant use of Paine's Celery Compound and that I have obtained therefrom the best results for plethors, depression or prostration of the nervous system, dizziness and partial paralysis. It is the best depurative that I know of."

Rev. Mr. Rioux of St. Anne's Church Montreal, I am fully convinced, both by personal experience and by the statements of many of my parishioners entrusted to my care that the celebrated medicine, Paine's Celery Compound, deserves a high recommendation. I therefore willingly endorse the testimonials already given in its behalf.

## CARD

CHARLOTTETOWN, March 4, 1901. MEMBERS OF RACES OFFICERS: GENTLEMEN: You are aware, no doubt, that a new Election for East Queen's has been ordered for 20th March.

Time will not permit me to make a personal canvass, nor will I be able to hold many meetings, but have selected a few central places and must depend on the active work of the friends of our party in every poll. I again urge upon our friends to keep within lawful bounds, using no liquor nor money, but to put forth every legitimate effort for the success of Liberalism which is clearly the best for this country.

As the Liberal Government has been so handsomely returned throughout the Dominion, and their policy so generally approved of, I need not enter into the public questions so fully as I did during the last campaign. It is not open to argument that the interests of the Riding will be more sympathetically treated if our present representative is elected to support rather than to oppose the Government that is generously doing justice to this Riding.

The greatest need of the Province which I see it to complete the Southern Railway and Hillshoro Bridge, and also to obtain an additional annual cash subsidy from the Dominion Government.

I will devote my energies as your representative to secure these for the Province.

It is a high honor to represent so large a Riding and a great responsibility as well. I shall, if elected, try to perform my duties as your representative for the general good.

I must express my gratitude for all the kind assistance received during the recent campaign in the different parts of the District.

Yours Faithfully, D. A. MCKINNON.

Corticelli Skirt Protector is all wool and the wool is selected for its elasticity, fineness and softness.

It has a porous, elastic weave. It will not chafe the finest shoes. It is better than any other Skirt Protector because there is no cotton in it.

Any "binding" with cotton in it will skrink and pucker the skirt. When the pile wears off it will wear the gloss off your shoes.

Corticelli Protector will outwear the skirt.
