Toronto, Montreal Stocks Higher; N. Y. Is Quiet

TORONTO, March 21 —(CP)—Senior golds tended firmer at the close of today's stock exchange session and several base metals were in mild recovery movement from last week's losses. Western oils showed a few changes on the downside.

A small amount of late buying lifted McIntyre, Dome and Hollinger in senior golds. Juniors were at a balance with several issues turning actively. Campbell, Elder, Giant Yellowknife, Preston, Macassa and Negus were among the leaders. Base metals turned upwards on small gains. Consolidated Smelters added 1-2 and Noranda 3-4. Golden Manitou, Reeves MacDonald, Sherritt and East Sullivan were ahead pennies. Changes were small in western oils with Anglo-Canadian easing five cents at \$3.70 and touching a new low at \$3.65. Royalite also declining five cents and Okalta, Pacific Petroleum and Atlantic Oil were weaker.

At Montreal MONTREAL, March 21 —(CP)—Mines absorbed the bulk of dealings and edged into slightly higher position on the Montreal stock exchange and curb market today. Industrial sales were approximately 15,900 shares, setting a new low in transactions since last Dec. 27—day after Christmas—when they totalled 10,645 shares.

A firmer undertone was noted in most sections of the Industrial list despite lack of trading. Mining turnover was 236,900 shares, compared with 432,900 last Friday. Price adjustments generally were minor, although Canadian Vickers, Common and Preferred, moved in wider range. The Common was up 7 1-4 at a new high of 81 1-4 and the Preferred gained one point at a new high of 154.

A good demand was noted for Imperial Tobacco which was traded on a turnover of 1,635 shares at 14, up a shade from the previous close. United Asbestos took more than half the total mining and western oil transactions, changing hands on a total of 140,800 shares. The issue was unsettled. It went over the \$1 level in forenoon dealings, but it dropped to 92 cents at the close, for a net loss of five cents.

NEW YORK, March 21 —(AP)—The stock market declined today by fractions to around a point in a quiet session. In early phases of the market, prices inclining higher. Demand started fading about mid-day and the drift-off started. Final quotations were around the lowest point of the day. Volume was 620,000 shares, slightly under Friday's total of 670,000 shares. The Associated Press average of 60 stocks which was unchanged at noon, fell 2 of a point at the close. Industrials took the brunt of the decline with that component of the average down 3 of a point. Rails were off 2 of a point and utilities declined 1 of a point.
