The old wooden rack in the Post Office for the assorting of papers, a big lumber some piece of furniture is being removed and will be replaced by a Harrison steel rack. The new rack will be a great improvement, it will not take up nearly so much room as the old one, will allow more light on the delivery boxes and be much more convenient for the assorter. Other minor changes are being made inside the office which will add utility to work. It has also been decided to erect a steel screen over the top of delivery boxes so as to guarantee security from an invader.

The best fish stories up-to-date are all happenings within the past week or so. During the past season there has been a great scarcity of fish in this Province, and just as many of the dealers were about giving up hopes of securing any, hundreds of bass struck Kildare River and were frozen in the ice as previously reported in this column; then came schools of herring at Malpeque and fresh herring were sold on our streets this week, an unprecedented thing at this time of year; and later comes the report that a schooner from Newfoundland with 300 barrels of Labrador trout has arrived at one of our eastern ports.

### LOSS OF FLESH.

If you find yourself falling below normal weight there is danger. The use of fish oils can temporarily add fat, but will never build up health and tissue. Dr. Chase's Nerve Food acts through the blood and nervous system and carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good, adds healthy flesh, and replaces the tissues wasted by disease. Naturally and gradually this food cure, restores color to the cheeks, increases the weight of the body and thoroughly overcomes disease.

### WHY CROUP IS FATAL.

When croup attacks your child, you must be ready for it. It comes as an accompaniment to an ordinary cough, or it may attack without warning. All ills of children develop quickly, and when any kind of cough appears there should be something at hand to stop it with promptness. Many a child has choked to death with croup because the right remedy was not convenient. Every one should know that the right safeguard for a child's cough or any cough is Adamson's Botanic Cough Balsam. With this soothing compound in the house, croup is all ways easily checked and relieved.

To give a child a "cough mixture" containing a narcotic is a very serious matter, yet most preparations contain something of this kind. Adamson's Botanic Balsam is prepared from the purest extracts of barks and roots and gums of trees, and is healthgiving in every component part of it. Wherever it touches an inflamed surface, it heals and soothes it. Nothing every compounded for cough is so harmless, and nothing so efficacious. Adamson's Balsam is an old remedy and it has never lost a friend through failure to help. Keep it in the house, try it on your own cough and do your child a good turn by being ready for any emergency. Price 25 cents at any drug lists
