## Preparing For Charlottetown Community Days

### Further Discussion Of Plans For Observing Sept. 28 - 29 As Carnival Days. Important Details Of Organization To Be Completed Friday Night.

## CONVENTION OF THE C. W. L. HAS OPENED

### Addresses Delivered By Bishop O'Sullivan And Others At Opening Session Of Diocesan Meeting Last Evening.

Praise for the work of the Catholic Women's League, an exhortation to a feeling of responsibility in facing problems, and advice in methods of administration were given by His Excellency Bishop O'Sullivan, to the delegates of the C. W. L. of the diocese of Charlottetown, who met in the opening session of their convention at the Royal Square Hall last evening. Addresses were also delivered by Mrs. J. J. Casey, president of the Charlottetown Subdivision, Mrs. S. R. MacIntyre, national president, and His Worship Mayor Stewart. Brief remarks were made by several others present.

The musical part of the programme included choruses by the Corpus Christi Choir, violin solo by Miss Kathleen Hornby, and a vocal solo by Miss Lucy Blanchard. Mr. Albert Blanchard was accompanist.

The first speaker was Mrs. F. J. Casey, who in opening remarked that this was the second time in three months, when the C. W. L. assembled in the city. The first

## ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

"RATE"—2c per word strictly  
negotiable in advance.

"Special Talks at McLean's  
Theatres this week. 5591-9-7-21.

"Messrs Elliott, MacKearney,  
Robson and Fitzgerald will play at  
the Mt. Herbert Consolidated  
School Thursday, September 8th.  
5590-9-7-21

The proposal mooted last week of observing Sept. 28-29 as Charlottetown Community Days, in which outdoor amusements, sports, parades, etc., would form an important part, was further discussed at a meeting held last evening in the Board of Trade Rooms, with Mr. S. A. MacDonald presiding.

The sentiment at the meeting was decidedly optimistic, and the hope was expressed of bringing all city merchants and manufacturers into active co-operation with the plans, a tentative draft of which has already appeared in the press. These plans include parades with floats, etc., firemen's demonstration, a fiddlers' contest, boxing contest, dances, and the burning of the effigy of Old Man Depression. There will also be free admittance to picture shows on tickets given out in the city stores, coupons given for prizes, and also the opportunity of catching the Mystery Girl who, on both days of the carnival, will visit the city stores. There will be public band music and other entertainment galore, and the City Fire Brigade has signified its willingness to co-operate in every way. A suggestion made last evening

## LEASING OF OYSTER BEDS IS DISCUSSED

### Opposition To Leasing Of Beds Voiced At Freeland Meeting

About five hundred fishermen attended a meeting in Freeland Hall, Lot 11, on Monday night protesting against the leasing of the oyster beds to private individuals. Fishermen from Lots 11 and 1 were present.

Resolutions were passed suggesting means by which the leased oyster beds could be returned to the fishermen for public fishing.

Protest was made at the meeting against the leasing of the tidal waters, by holders of leased areas.

## Soviet Makes Frantic Rush To Get Food For Millions

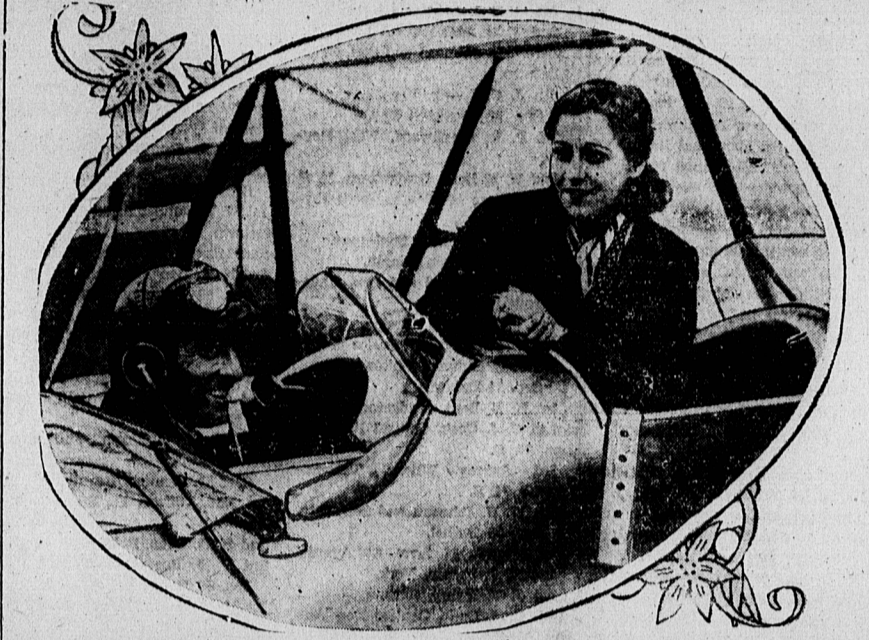

(Special to the Guardian)  
MOSCOW, Sept. 6.—In a final desperate effort to insure food for Russia's millions during the coming winter, premiums have been offered by the grain commission to state and collective farms which fill their quotas according to schedule.

Funds for this purpose are being set aside, and today hopes among the peasants for square meals during the icy months are high.

There is good reason to doubt, however, that these last-minute measures will produce the desired results, for grain harvesting is proceeding at a snail's pace. Less than half the amount now scheduled for collection has actually been stored.

The seriousness of the food situation was amply illustrated by the

## Listened To Her Wise Counsel

PERSUADES MOLLISON TO RETURN BY BOAT

Miss Amy Johnson, bride of Captain James A. Mollison, who recently completed the east to west crossing of the Atlantic by air, is shown at Hamble aerodrome, Hampshire, England by boat, not by air as he planned. He sailed Sept. 3 on the Empress of Britain and his Gypsy Moth was crated for passage in the ship's hold.

## Mint Costing China Too Much

(Special to the Guardian)  
SHANGHAI, Sept. 6.—Instead of "making money" the local Chinese mint is just about ruining the government. The monthly cost of upkeep is \$210,000, whereas less than \$100,000 in silver dollars is turned out.

At the rate of \$2.10 to make one dollar it will not take long to bankrupt the government. Hence plans are underway for suspension of the mint.

## Free Traveling To Be Stopped On The C. N. R.

(Canadian Press)  
CALGARY, Sept. 6.—Free traveling by unemployed transients on Canadian railways is to be stopped. Prime Minister R. B. Bennett announced today railway and police officials would be instructed that by Sept. 30 all riding "on the rods" was to be stopped and that the law covering this act was to be rigidly enforced. It would be a difficult task, he thought, but it would be done.

(Canadian Press)  
WINNIPEG, Sept. 6.—Gains of two cents were erased when heavy hedging pressure checked a promising upturn in wheat prices late today. Values at the close were 1/4 to 3/4 lower.

## Visitors Charmed With Reception

### Pre Convention Visit Of Canadian Chamber Of Commerce Mem- bers to Charlottetown Yesterday

Warm appreciation of the summer charm of Prince Edward Island and the hospitality of its people was expressed by Colonel W. L. MacGregor, president of the Canadian Chamber of Commerce, on behalf of himself and fellow delegates whose visit yesterday to the Province was the occasion of a luncheon tendered in their honour by the Provincial Government at the Canadian National Hotel. The delegates, who with their wives and lady friends numbered over eighty, arrived at 8 a.m. yesterday on the S. S. Newfoundland, were driven about the city and surrounding country, and after luncheon left at 4 p.m. for St. John's, Newfoundland, after which they will meet at Halifax on Sept. 13 to

## To Make Survey Of Library Sit- uation In Prov.

### Dr. G. R. Lomer, McGill Univer- sity Will Report To Carnegie Foundation — Will Arrive In The City Tonight.

(Canadian Press)  
MONTREAL, Que., Sept. 6.—A report to the Carnegie Foundation on the libraries of Prince Edward Island will be made by Dr. G. R. Lomer, librarian of McGill University. Dr. Lomer left tonight for Charlottetown, but did not indicate what the nature of his work would be.

In announcing the appointment of Dr. Lomer, Sir Arthur Currie, principal of McGill, had the following to say, however: "The Carnegie Foundation has just lately given further evidence of its readiness to help in meeting our Canadian problems. Dr. Lomer, our McGill librarian, has been invited to make a survey of the library situation in Prince Edward Island, and to advise as to the steps which might be taken to improve it. "Prince Edward Island and McGill are linked by long and splendid traditions. Many of our most brilliant teachers were born and received their early

## Rum Haul

(Canadian Press)  
SYDNEY, N. S., Sept. 6.—Police today seized the small vessel Dogstar and its cargo of 39 kegs of rum and placed the crew of two under arrest. Ambushed at Bateston, the police waited until one of the men rowed to shore in a dory. They arrested him as soon as he landed and ordered him to row them out to the vessel. He obeyed orders, and the officers took charge of the ship.

## Condition Now Regarded As Very Serious

Mr. Phillip B. Arsenault, victim of a collision with an automobile at Summerside Monday night, lapsed into unconsciousness at the Prince County Hospital last evening and his condition is now regarded as gravely critical.

Mr. Arsenault was found to be suffering from a fracture of the skull as well as fractured collar bone and minor cuts and bruises. The skull fracture was not detected until yesterday, and the confidence previously entertained in his recovery has changed to serious doubt.

Charles Cahill, driver of the car which collided with Mr. Arsenault's team, who was arrested Tuesday night by the Summerside Police, appeared yesterday in the Police Court on a charge of causing bodily harm. The case was adjourned and the defendant was released on \$1,500 bail.

## ANGLICAN ARCHBISHOP PENILESS

### As Result Of The De- pletion Of Church Funds — John Machray K. C., Charged With Theft.

WINNIPEG, Man., Sept. 6.—(By The Canadian Press)—His Grace Archbishop Matheson, former Primate of the Anglican Church in Canada, is almost penniless as the result of the depletion of the church's trust funds. The venerable prelate said today he "had lost everything."

John A. Machray, K. C., Chancellor of the Diocese of Rupert's Land, who had charge of the funds, has been formally charged with the theft of more than \$47,000 of University of Manitoba endowment monies. The Archbishop had saved about \$9,000. This money has

(Continued on Page 9)

## Speed Record Holder Killed

(Canadian Press)  
DESENZANO, Italy, Sept. 6.—Lieutenant Neri, who flew a seaplane 430 miles an hour to exceed England's world's speed record less than three months ago, was killed today when his ship plunged into a lake in flames.

## Canada To Seek New Commercial Treaty With France This Fall

Under Pact Terminated In June Exports From Dominion Had Increased Until They Greatly Exceeded Exports From France—First Treaty Negotiated Dates Back To 1893

OTTAWA, Sept. 6.—A hopeful beginning in the renewed efforts of this Dominion to widen the reasonably assured market in Europe for her natural products was made with the conclusion of the agreement at the Imperial Economic Conference with the United Kingdom, the details of which will be disclosed at the coming early sitting of Parliament. Another important step will be taken when negotiations are opened this fall for a new pact with France and the extent to which the present Government can improve upon the conditions contained in the previous convention

## German Defence Minister Speaks From The Shoulder

### Says His Gov't. No Longer Will Stand For Being Treated As A Second Class Nation.

(Canadian Press)  
BERLIN, Sept. 6.—Defence Minister General Kurt Von Schleicher, who is regarded by many Germans as the real power in the Von Papen Government, served notice today that in the matter of armaments Germany "no longer will stand for being treated as a second class nation." He made this assertion in a press interview at Koenigsberg and he emphasized it with vigorous gestures. The general was in east Prussia to attend army manoeuvres.

"Under all circumstances," he declared, "Germany will do what is necessary for her defense." His remarks came at a time when the question of German armament is a live issue in International diplomacy, as France now has under consideration a German request for the elimination of arms restrictions laid down in the Treaty of Versailles. In the interview the Defence Minister touched on the problem of east Prussia, which was separated from the rest of the nation by the creation of the Polish corridor under the Versailles Treaty. The Federal Government, he asserted, is ready to defend east Prussia to the last man. The corridor, he pointed out, would be no barrier to the movement of munitions and other materials necessary for defense, as they could be taken in by sea.

## Convict Fears Canadian Courts

(Canadian Press)  
FREDERICTON, N. B., Sept. 6.—Fear of being sentenced in Canadian courts led Frank Roy, alias Simon King, an escaped convict of the state prison, Maine, to confess his identity here over the weekend with a request to be returned to the United States.

Roy along with Ivan Eddlestone is charged with house breaking at Magundy, where they entered the home of Leslie Henry, stealing \$25 and an old shotgun. The confession was verified by the Warden of the Maine prison at Thomaston, who is now seeking to have Roy waive extradition and reenter the United States willingly.

Eddlestone, who is seventeen years of age, comes from Toronto, and according to a reply from the Toronto Police Department this is the first time that he has been apprehended.
