FEDERAL BUDGET DATE IS SET FOR NEXT WEEK

Opening Of Supreme Court

A true bill against David Head, Charlottetown, for having unlawful possession of spirits was found by the Grand Jury at the opening of the June term of the Supreme Court in Charlottetown yesterday.

No bills were found against Ross MacEwen and Leighton Bell on charges of breaking, entering and theft, but the Grand Jury recommended they both be charged with unlawful possession and consumption of intoxicating liquors. True bills were found against both men on arson indictments.

Chief Justice Thane A. Campbell presided at the opening of the Court yesterday.

James S. Walker, one of the Grand Jurors, was excused from duty on the ground that he was an employee of the Government. William E. Cotton, Charlottetown, was appointed foreman by his fellow jurors.

In the appeal case of the King, respondent, vs. William Lannon, Pleasant Grove, appellant, the Chief Justice sustained the previous conviction under the Excise Act but modified the sentence of $500. and costs or six months in

Coming Events

**Movies at Borden to-night.

**Talkies — Emerald Thursday. 6-18-2i.

**Talkies — Canoe Cove Friday. 6-18-2i.

**Dance, Iona Hall, Thursday, June 20th. 6-18-3i.

**Ice Cream and Dance, Orwell Cove Hall, July 1st. Millview Orchestra. 6-19-1i.

**Dance and Box Social, Howe's Hall, Brackley Point, June 26th. 6-19, 26, 27, 28 4i.

**Car of Flour, Bran and Millfeeds due at North Wiltshire. Book now and get delivery off car. F. J. Trainor. 6-17-3i.

**York, Friday, National Film Board Movies, 8.30 p.m. (DST). (All districts invited). 6-19-3i

**See Fort Augustus Players present their play in Lot 65 Hall next Friday, June 21st. Dance afterwards. 6-19-3i.

**Dance in Riverdale School, Friday, June 21st. Proceeds in aid of school. 6-19-1i.

**Special on Airways Oil, quarts and gallons at Bernard's Store, Bradalbane. 619-1i.

**Special Work Boots, $3.85 at Bernard's Store, Bradalbane. 6-19-1i.

**Come to Bernard's Store, Bradalbane for your Barbed Wire. 6-19-1i.

**Just received, small shipment field peas and vetches. Halifax Seed Co., Ltd., Charlottetown. 6-19-1i.

Hauling cream to Wiltshire factory twice weekly beginning June 20. R. MacKenzie. 6-19-2i

**See Fredericton players present "A Poor Married Man" in Seaview Hall, Friday, June 21. 6-19-21-2i

**The Kinkora Dramatic Club presents "A Fisherman's Luck" in Kelly's Cross Hall, Thursday, June 20. Curtain 8.30 standard time. 6-19-2i

**Unloading cement at Colville this week. Order now and get delivery from car. R. A. MacPhail, New Haven. 6-19-2i

**Movies — Covehead, Friday. "Once Upon a Honeymoon", starring Ginger Rogers and Cary Grant. 8.30 Standard Time. 6-19-1i.

**Afton Hall, Thursday, June 20th. Concert, Basket Social and Dance. Charlottetown and local talent. Ladies with baskets free. In aid of Hall. 6-18-2i.

**Collecting hogs every Thursday, Albany and surrounding districts and Emerald every Friday. Phone collect or write early in week. A. C. Green or G. C. Green. 6-3-M-W-tf.

**Feeder Pigs—We want for special domestic order at once 50 feeder pigs, 30 to 60 lbs. Paying $22.00 pair for thirty pounders with 10c per lb. for extra weight over 30 lbs. Hurry. Livestock Marketing Board. 6-18-3i.

**Come to Mt. Herbert-Mermaid Y. P. U. Play "Double Trouble" with Specialties in Brookfield Hall on Friday, June 21st at 8.30 P. M. Standard Time. Admission 45c and 25c. 6-19-21-2i.

**Buying Pigs Monday at Fredericton, Tuesday 9 A. M. S. T. Brookfield, 1 P.M. York; 2, Bedford; 3, Mt. Stewart; 4, Watervale; 5, Vernon River; 5.30 Pownal. Wednesday, 9 A.M. New Glasgow; 10, Wheatley River; 11, Holmes Corner; 1 P. M. New Haven; 2, Bonshaw; 3, Kelly's Cross; 4, Bradalbane; 5, Clifton; 5.30, Kensington. Paying $18.00 a pair for good pigs over 20 lbs. each, 16 cents a lb for pigs up to 230 lbs. Delivered at Fredericton. Knud Jorgenson. 6-22-1i.

Atom Bomb Will Test Combat Clothing

Special combat clothing, developed by the U.S. Army's Chemical Warfare Service and other agencies, will be tested during the atomic bomb experiment at Bikini Atoll. None of the clothing will be worn by humans. It will be placed in various exposed and unexposed positions on ships and islands at varying distances from the explosion. At left, above, is a special gas-impermeable outfit. At right, is a cold-weather outfit of parka, trousers and mukluks, such as was tested in recent Arctic expeditions.

Village Wiped Out By Forest Fire

ST. JOHN'S, Nfld., June 18—(CP Cable)—Rain was falling in Newfoundland's forest fire districts tonight and a continued downpour, as forecast, was expected to snuff out the blazing conflagrations which were racing uncontrolled through widespread woodland areas along the island's northeastern shores.

The fires, dotted throughout several thousand square miles of tinder dry forest, had completely wiped out one small village and flames had been reported creeping dangerously close to a second.

Food supplies have been rushed to the district for more than 1,000 residents forced to flee their homes while fire-fighters battled the widespread flames.

The village of Angle Brook at the mouth of the Terra Nova River was levelled as the ravaging flames destroyed private homes, the Church of England school and chapel, a store, two sawmills and a newly-constructed tourist camp.

A short distance away at Clovertown and along the shore of Alexander Bay, 45 buildings were reported burned to the ground among them the United Church and parsonage and 35 homes.

Identified Dead In Windsor Storm

WINDSOR, June 18 — (AP) — The list of identified dead in the tornado included:

Mrs. Joseph Fields of Little River, Ont.

Mrs. Joan Beaman, 19, Ojibway, Ont., and her stillborn daughter delivered by caesarian operation. She was first identified as Mrs. Raymond Fox, who lived in the same house, but hospital authorities later revised the identification.

Waldo Beaman, brother-in-law of Mrs. Joan Beaman.

Mr. and Mrs. Archie MacDougall of Ojibway, 75 and 70, respectively.

Mrs. Nelson Jones, 42 of Ojibway; her son, Harold, 14, and daughter, Frances, eight.

D. Waychuk of Tecumseh, Ont.

Ulysses Soulliere, 26, and his son, Wallace, three, Sandwich West.

Donna Marie Fox, two, daughter of Mr. and Mrs. Raymond Fox, Ojibway.

William Journeau, 40, of Centerline, Mich., a Detroit Edison Company worker electrocuted while repairing storm damaged wires.

Jean Bart, age unknown, died at Wyandotte General Hospital in Detroit of a heart attack which physicians said was induced by the storm.

Windsor's metropolitan hospital admitted 30 tornado victims. A number of other persons were taken to other hospitals.

H.M.C.S. Vanguard To Undergo Trials

Greenock, June 18 — (Reuters) — H. M. S. Vanguard, Britain's newest and most powerful battleship, arrived here today for a month's trials in the Firth of Clyde. The Vanguard will make her first long ocean voyage next spring when she will take the King and Queen, Princess Elizabeth and Princess Margaret on a visit to South Africa.

Windsor Counts Loss In Wake Of Tornado

WINDSOR, Ont., June 18 — (CP) — Industrial Windsor tonight shook off a 24-hour paralysis as electric power service, disrupted since last night's tornado which took 14 lives, was resumed early in the evening as electric lights replaced candles and makeshift lighting arrangements throughout the city.

The list of dead may shortly increase to 18. Officials at the city's three hospitals said that little hope is held for four of the 33 victims still receiving treatment.

Some confusion arose this afternoon over the fate of two brothers —Waldo and Milo Beaman. Finally it was established that Waldo died last night. Milo still clings to life by a narrow thread. Milo's wife died of injuries, and her baby — delivered by caesarian section during the night—was stillborn.

While some officials expressed fear the death toll might rise to 30, relief agencies joined forces to succor the 200 or more persons left homeless by the tornadic winds which wheeled in swift destruction along a 20-mile arc about this border city, concentrating their force in the suburbs of Sandwich and Ojibway.

Of the 33 persons injured in the wild force that struck the city last evening and still in hospital it was said little hope could be held out for four.

Telegraph and telephone communications was practically restored during the day but there was a six-hour delay on long distance calls and telegraph companies had a heavy backlog of personal messages to worried relatives of Windsor residents for the new wires they got into operation.

All major industries were closed during the day, and so were many stores, restaurants and business offices.

The city's largest industry, the Ford Motor Company of Canada plant, was virtually the only one in operation. It has a private power plant.

Many downtown stores had candle lighting during the day and homes faced the prospect of a second night with candlelight as well.

The power shutdown brought the threat of a shortage of some types of food and bread was reported scarce.

Meat packers were packing meat with natural ice because of the lack of electric refrigeration. Ice cream just didn't exist.

In the downtown area traffic was bogged in confusion.

There was no official estimate of the monetary loss. One source estimated the housing damage at $160,000 to $200,000. Greater actual damage resulted from the torrential rains which preceded the tornado and followed it, leaving the flat fields in this rich agricultural area buried under water.

Premier Optimistic Re Settlement Of Farmer Veterans

Indications are that over 300 war veterans will have been settled on farms throughout the Province by the Fall of this year, Premier J. Walter Jones stated in addressing the annual meeting yesterday of the Prince Edward Island branch of the Holstein-Friesian Association.

The Premier intimated that in another primary industry—fishing—over two million dollars worth of lobsters had been harvested. He deplored the lack of "drifters" — larger boats to take Island fishermen further out in the Gulf to secure catches.

Mr. Claude Lewis, York, was elected president of the association at yesterday's meeting, which was held in the Prince of Wales College.

Other officers elected were, Vice-president, Lloyd Waugh, Wilmot Valley; secretary, Cecil Stewart, Hampshire.

Directors appointed were: Queen's County, Premier J. Walter Jones, Cecil Stewart, Claude Lewis; Prince County, Lloyd Waugh, Hudson Lowther; King's County, Douglas Aitken, Lincoln Dewar.

Two resolutions were passed at the meeting. One petitioned the Provincial Government to acquire the Exhibition Association property in order that the agriculture interests of the Province might be upheld.

The second resolution dealt with the appointment of a full time grader for the Maritimes and recommended for this office H. J. Kennedy, Southport.

Production Certificates

Two certificates of longtime production awarded by the Holstein-Friesian Association of Canada were presented by Premier J. Walter Jones during the meeting. The award in recognition of outstanding year after year production by the pure bred Holstein-Friesian

(Continued on Page 9 Col. 2)

British Soap Ration Reduced 15 Per Cent

LONDON, June 18 — (CP) — British soap rations were cut 15 per cent today by the Food Ministry, which blamed a shortage of fats and oils.

Chimney sweeps and children under five years of age are exempt. All other domestic users will be allowed six coupons for an eight-week period instead of the present seven coupons. One coupon entitles the holder to three ounces of toilet soap or four ounces of hard soap, six ounces of soft soap or three ounces of soap flakes.

Good news for British housewives came in a simultaneous announcement that an extra pound of sugar would be allowed for summer preserving and an additional pound for making jam. The present sugar ration for ordinary use is half a pound a person weekly.

Third Crop Report Issued

OTTAWA, June 18—(CP)—Scattered showers and good rains in some districts have helped to maintain the generally satisfactory crop conditions established in the Prairie Provinces last week, the Dominion Bureau of Statistics reported today.

"However, considerable areas, particularly in Manitoba and perhaps to a lesser extent in Saskatchewan, require immediate rainfall to prevent deterioration," said the report, third of a series of telegraphic summaries covering crop conditions throughout Canada.

In the Maritimes, the weather has been cool and dry during the last two weeks. Seeding is now practically completed but growth has been slow. Good fruit crops are looked for but more rain is necessary to maintain the prospects for strawberries. The outlook for the hay crop has declined but pastures continue satisfactory.

Seeding in Ontario is practically completed and spring grains are growing well in central, southwestern and northern parts of the Province.

With the exception of the Montreal district, seeding in Quebec advanced rapidly during the last two weeks and now is being quickly drawn to a close if not already completed. In many districts, the cereals are progressing favorably and for the Province as a whole the prospects are fair to good. As in the case of the cereal crops, the condition of the pastures varies considerably and the hay crop is considered medium to excellent. The outlook for apples appears to be favorable.

Newfoundlanders Go To Polls Friday

ST. JOHN'S, Nfld., June 18 — (CP) — Newfoundlanders will go to the polls Friday to elect a national convention which will help them decide on their future form of Government.

In an election without political issues, the people will select a slate of 42 members to recommend a form of government to succeed the commission which has administered the island since its constitution was suspended 13 years ago.

The present government, responsible only to London, consists of a crown-appointed governor and commission of three British civil servants and three Newfoundlanders. It was instituted when hard times hit the oldest settlement of Empire.

Big Increase In Fox Registration

TORONTO, June 18 — (CP) — Canadian women want fox furs — that's not new—but silver fox furs are fast becoming more and more costly, which is new. Reports to the annual meeting of the Canadian National Silver Fox Breeders Association opening here today will show that the highly-prized platinum skins now are bringing as much as $145. a pelt.

About $976,000 worth of pelts will be offered at the Association's next fur auction June 24.

That fur ranchers are eager to meet the demand is shown in registration figures. To date this year the Association has registered 15,600 foxes against 13,600 kept by breeders last year. Most of the fur breeding is done by ranchers and farmers on Prince Edward Island, where the association has 120 members.

News Briefs

CAIRO, June 18 — (CP) —The Arab League, accusing "many Americans" of supporting "Zionist terrorists with money and arms," has advised the United States Government that such action was considered unfriendly and might result in the Arabs of Palestine being "obliged to arm themselves."

QUEBEC, June 18 — (CP) — The tourist committee of the Quebec Chamber of Commerce, in a move to attract tourists to Quebec, has asked the Department of National Defence at Ottawa to undertake repair works at the world-known Quebec Citadel, it was learned here today.

LONDON, June 18 — (Reuters) —Unemployment in Britain is mounting, a labor ministry statement said today in disclosing that 3,466 more men and women were unemployed in May than in the previous month. Total unemployed stood at 374,876 May 13 compared with 371,040 April 8. The latest figure includes married women gradually retiring from industry.

OTTAWA, June 18 — (CP) — Prime Minister Mackenzie King, speaking at an all-party complimentary dinner, tonight reiterated a previous statement that he would like to remain in Parliament a few more years, but that he was not going to run in another election.

SUDBURY Ont., June 18 — (CP) —George Shawanda, 42-year-old Indian, today was formally charged with the murder of his wife, Nora, 33, on a reservation on Manitoulin Island.

TIMMINS, Ont., June 18 — (CP) —Three men were believed killed here today when a mine locomotive plunged into a shaft, struck a cage 1,200 feet below containing the men and drove it 1,800 feet down the shaft to the bottom of the mine.

Automobile Dealers Meet At St. Andrews

ST. ANDREWS, N.B., June 18—(CP)—Alden R. Clarke, Fredericton, was elected president today at the annual meeting of the New Brunswick Automobile Dealers Association. L. Warrent Flett, Newcastle, is vice-president, and B. S. Wood, Fredericton, secretary-treasurer.

The Nova Scotia Association met at the same time, in conjunction with the Maritime Automobile Dealers' Convention, and elected as president H. B. Goodspeed, Truro. Gordon Elman, Sydney, was elected vice-president, and W. D. Brennan, Halifax, secretary-treasurer.

Officers of the Prince Edward Island Association will be chosen at a later meeting on the Island.

SACKVILLE, N. B., June 18—(CP)—Fire caused damage estimated at $5,000 to the building and stock of a grocery store on Main Street operated by Frank and Ruby Fillmore. The store is one of the oldest business sites in Sackville.

Day Not Picked But Will Be Before Thursday

By GEORGE KITCHEN

OTTAWA, June 18 — (CP)—In a long-awaited announcement, Finance Minister Ilsley today told the Commons he will bring down the budget next Tuesday or Thursday by the latest — preferably Tuesday — and this renewed speculation about what it might contain.

As usual, his brief, 24-word announcement gave no hint of the budget's contents, which customarily are an iron-clad secret until the Minister reads his budget speech from the floor of the Commons.

Mr. Ilsley is expected to preface a definite announcement on the budget with a statement later this week on a Government loan which will replace the wartime victory loans, the last of which was held last autumn. The Government announced last fall its intention of floating another loan.

Budget Speculation

Budget speculation in unofficial quarters has been that the Government will follow the lead of the British Government in removing all excess profits taxes, effective at the end of the calendar year. A wartime measure, these taxes were reduced in the last budget amid conjecture that they would be eliminated this year. There was similar speculation on the possibility of reduction in corporation taxes.

It appeared certain that there would be some reduction — just how much will remain secret until budget night — in personal income taxes, which were given a flat 16-per cent cut in the 1945 budget.

It was considered possible that this year, instead of making an over-all slash in taxation rates, the Government might make the reduction by increasing the exemptions for lower-bracket earnings, now standing at the wartime levels of $660 for single wage-earners and $1,200 for married persons.

The pre-war exemptions were $1,000 and $2,000, respectively, and some reports say they now might be lifted to $850 for single persons and $1,500 for married.

Additional fields for reduction would be among the taxes on jewelry amusements, soft drinks, cigarettes and other luxuries which were made a source of revenue during the war. Postmaster-General Bertrand forecast a reduction in taxation on postage at the last session of Parliament and it was believed this cut — possibly reducing the domestic letter rate from four to three cents —might be announced in this budget.

Seek To Maintain Egg Production

OTTAWA, June 18 — (CP) — In an effort to discourage early slaughtering and maintain maximum Canadian egg production, the Prices Board today announced extension from June 30 to July 31 of the period during which hens may sell at the highest price level.

The announcement said that due to unusually cool weather flocks still were in good laying condition and the extension would encourage poultrymen to maintain flocks longer.

Under a previous order the price would have dropped two and a half cents a pound July 1.

Island Members Discuss Representation Under Confederation Statute

OTTAWA, Ont., June 18—(Special)—Two Prince Edward Island members, W. Chester S. McLure of Queen's and J. Watson MacNaught of Prince voiced their views on the Government's redistribution resolution today, as debate on the amendment to the British North America Act resumed.

Taking the position that the Province should be consulted before any amendment to the B.N.A. Act is sought from the Imperial Parliament, Mr. McLure spoke of the danger in tampering with the Canadian constitution.

"People of Prince Edward Island in general," he said, "are decidedly apprehensive of any move whatever which might affect their representation in the Parliament of Canada."

Mr. MacNaught told the Commons that he felt Prince Edward Islanders generally were "satisfied" with the resolution which will increase the number of seats in the Commons from 245 to 255. He confessed however, that he was perturbed with certain statements and editorials appearing recently suggesting reduction in the number of members representing the Island Province in the Commons.

Traced P. E. I. History

Both speakers traced the history of the entry of P. E. I. into Confederation, and the reasons underlying its representation in the House of Commons. Mr. McLure took the position that the agreement between P. E. I. and the new Canadian Confederation in 1873 was a solemn pact between two parties. It was unthinkable, he insisted, that a contract of this form could be amended by one party only. No amendment to the B.N.A. Act would be either legal or constitutional without consultation with provincial authorities.

"In this redistribution measure," Mr. McLure said, "we see a threat to the representation from our Province in Parliament. The Rt. Hon. Minister of Justice has given assurance that at no time will the number of members of the Commons from Prince Edward Island be less than the number of Senators from that Province.

"But the Minister cannot bind future parliaments, and the history of our representation is not such as would inspire confidence for the future. We remember well that while Prince Edward Island entered Confederation with six members, that number was whittled down to five in 1891; cut to four in 1901; and was threatened with being reduced to three in

(Continued on Page 9 Col. 3)

Says Public Wants Big Price For Used Cars

TORONTO, June 18 — (CP) — The public is asking for $100 to $1,000 more than the ceiling price for used cars, two Toronto dealers, who described a 1,000-mile buying trip which netted them only one car, told a meeting of used car dealers last night.

Stoney Spivak, one of the dealers, said "one guy actually spit in my face when I offered him the ceiling price for his car. Right in my office, too."

SYDNEY, N.S., June 18 — (CP) —Today's heavy rainfall blotted out forest fires which broke out during the week-end in a number of Cape Breton districts.

Fires at Estmere, McKinnon's Harbor, Alba, Soldier's Cove, Reserve and Broughton were snuffed out by the heavy rain.

Bridges Takes Other Maritimers To Task

By D'ARCY O'DONNELL

OTTAWA, June 18 — (CP) — Fisheries Minister Bridges —himself a Maritime member — today denounced in the Commons other members from the Maritimes for "raising the woes of the past," and warned that "we can't balkanize Canada."

Mr. Bridges, member for the New Brunswick constituency of York-Sunbury, spoke during continued debate on the Government's redistribution plan under which representations in the Commons would be increased from 245 to 255 members.

He said he would agree that Confederation had not been as beneficial to the Maritimes as it should have been but no Maritime member of parliament would say the Maritimes should abandon Confederation.

"By and large the majority of the Maritime people, particularly the young people, are not interested in the woes of the past," said Mr. Bridges. "They are interested in the future. Let us develop a spirit of Canadianism."

He would not repeat, he said, the appeal of A. J. Brooks (PC-Royal) for Maritime members to vote for Maritime interests.

"I want a united Canada," he stated. "God save Canada from sectionalism."

Mr. Bridges was one of seven speakers to participate in the redistribution debate which brought a renewal of the argument as to whether or not parliament has the right to increase its representation without consulting the Provinces. The Liberal and C.C.F. members argued parliament had the right, but Progressive Conservative members disagreed.

Among the speakers were J. W. MacNaught (L-Prince); L. E. Baker (L-Shelburne - Yarmouth - Clare); and W. Chester S. McLure (PC-Queens).

Mr. Bridges said he rose chiefly to speak in response to two fellow New Brunswick members who, as Progressive Conservatives, had attacked the Government plan.

As a Liberal, he did not feel he should be utterly bound to tradition. He saw the constitution as a "mighty good suit" made in 1867 but "no longer appropriate" on certain occasions.

The question was how it should be altered and by whom. He felt Canada should be her own tailor. It would take considerable study before she could amend her own constitution.

Turning to the question of whether the Provinces should be consulted on redistribution, he said it was a question which would recur again and again so long as the present constitutional set-up continued.

Gov't. Takes Over B.C. Box Factories

OTTAWA, June 18—(CP) —The Federal Government today took control of strike-bound British Columbia box factories and of sawmills and logging camps which supply the factories.

Appointment of Gordon Bell of Vancouver as controller was announced in a statement in the Commons by Labor Minister Mitchell. The appointment was made by order-in-council early today and work is scheduled to resume at noon tomorrow.

T.C.A. Opens New Toronto, Chicago Service

MONTREAL, June 19 — Air mail, express and passenger communications between Canada and the United States will be speeded up July 1st, with the inauguration by Trans-Canada Air Lines of a new direct service from Toronto to Chicago, it was announced today by H.J. Symington, C.M.G., K.C., President of the line. Douglas airliners, carrying twenty-one passengers, will make four flights daily between the two cities. Three of the Toronto-Chicago flights will stop at London, Ont. The flying time between Toronto and Chicago will be three hours. Close connections will be made with the T.C.A.'s Ottawa and Montreal service.

The new Toronto-Chicago service will be the first step in Trans-Canada's large expansion programme for 1946, which includes the operation of twenty-four additional large standard airliners. Later in the month of July the company will put thrice daily schedules into operation between Toronto and Cleveland. Service will be provided later in the summer between Victoria, B.C., and Seattle; between Port Arthur, Ont., and Duluth and between Halifax and Boston. Trans-Canada has been flying between Tor-
