

The "King Quality" ladies' shoe with the "Twin turn sole" is the ideal of comfort and appearance. Twin Turn soles are just as flexible as your finest dress-shoe soles, but they are twice as thick. Invented, patented and controlled by the makers of "King Quality." Can be got in no other shoe. No tacks or threads under the foot, no squeak—greater wear, more comfort, handsome appearance. Gold medal, Paris Exposition. \$4.00. All dealers. Made by The J. D. King Co., Limited, Toronto.

Pan-American Excursions via Canadian Pacific.

Arrangements have been made for a very low rate to the Pan-American Exhibition, in effect on Tuesdays, Thursdays, and Saturdays, from the 15th to the 28th of October, both dates inclusive. One can purchase tickets from Charlottetown to Buffalo and return at the remarkably low rate of \$30.00. Those who avail themselves of this rate and travel by the Canadian Pacific from St. John will have only one night on the road, en route to Buffalo; with excellent trains. In addition to the sight at the great Fair and Electrical Wonders at Buffalo, you must remember that Niagara Falls is only 20 miles away about 50 minutes ride in the electric car. Any one who has thoroughly seen the Falls and the many attractions in its vicinity will tell you that the opportunity of seeing the Falls alone is worth the price of an excursion ticket. We trust that many of our young Maritime Province people will take advantage of the above excursions, as the educational wonders of the trip are something that should not be missed by anyone, who can afford the trip.

WAR AGAINST SENSATIONAL POSTERS.

The war against sensational posters is being vigorously carried on in several cities of Pennsylvania. At Erie, Pa., during Tuesday night, bill posters hunted out every "big sensation" lithograph in the city and pasted paper over all portions of the pictures unduly exposed to the gaze of an admiring public.

HOSE FACTS

The special features which distinguish Paton's Hose Specialties from those usually offered to the public are:—1st, The entire absence of irritating knots and hard seams. 2nd, The softness and durability of the hoses used. 3rd, The perfect shape and elasticity, giving the greatest possible amount of comfort. 4th, The Remarkable Value for Money—each quality being a standard one in its class.

Special attention in the manufacture is paid to the finish, odd ends and lumps being carefully removed. Consequently greater comfort is obtained and in nearly all cases the feet are as smoothly finished on the inside as on the outside. To ensure this result, all the better qualities are. Before going to the races today drop in to the Commercial Cafe on Queen Street and have lunch. Oysters in every style, Baked Beans, Chicken pies, Roast Meats, Soup, Pies, Sandwiches, and every thing that go to make up a good dinner. Loneragan & Riggs. 16

Thanks, Thanks.

To the Ladies who visited our Millinery Display. We have been well paid for our work of the last two months. We planned that this would be our best. We have pleased you and everyone is delighted. The general opinion is that our Miss McEachern knows how to trim and economise as well. No long Boston, New York or Chicago prices, but plenty of the American style for little money. Most Ladies never saw such value as is offered in millinery trimmings and ready-to-wear hats; but then we have the Buyer who has crossed the Atlantic 85 times in search of Fancy and Staple Dry Goods and one of the best Milliners P. E. Island ever produced. Saturday, selling of pretty chic ready-to-wear Hats at such low prices as will make this Charlottetown's Small Price Millinery Store. Come one, come all, and make your selection. If you want Miss McEachern to trim for you, you will require to leave your order at once. She is rushed with orders from all parts of town and country.—James Paton & Co.

In reference to the supposed incendiary fire at Mount Albion last week it seems that such fiendish doings are not of recent discovery on the Island as will be seen by the following advertisement copied from a Charlottetown paper dated August 27th, 1850—that is over 51 years ago: A REWARD.

Whereas the subscribers house on St. Peter's Road, nine miles from Charlottetown, also a barn, stables and coach-house at Glenaladale, were destroyed by fire at one o'clock Sunday morning July 21st inst and whereas the same wicket incendiaries, the subscribers considers, destroyed four houses on his property at different times during this summer, therefore the subscriber offers 200 acres of land in fee simple, fronting on the Hillsborough River for the discovery within six months, of the person or persons who set fire to the buildings in question. Glenaladale July 29th 1850.

In response to a petition signed by several citizens of Summerside the Town Council at its last regular meeting voted a rebate of \$4.00 to Mr. John H. Boates on his milk license tax of \$12.00 for the privilege of distributing milk throughout the town. This is considered by good thinking ratepayers as a wise move on the part of our town fathers. Let us consider that Mr. Boates is a resident of Summerside and a tax payer. He pays taxes on his property, and also a poll tax thus giving him all the privileges of citizenship. Mr. Boates buys his milk from farmers in this province, pasteurizes it and offers the same for sale. The dry goods merchant, hardware merchant and other import their merchandise from others parts of the Dominion and are privileged to sell without special tax. The meat men buy their meat in the surrounding country, sell and deliver their goods in all parts of the town, using our streets perhaps to no less extent than Mr. Boates and without license. Then why should Mr. Boates or any other like townsman pay for a license? Our merchants—all of them—are protected from the non-resident by a bye-law which says that no person not being a resident ratepayer shall offer for sale goods or merchandise within the town without license. Then why are not our resident milkmen—and meat dealers—protected likewise? The tax, it will be seen, is an unfair one. Should the town require special assessments imposed upon any particular residents and dealers in produce or other merchandise for revenue purposes, then all should be served alike. The Council might justly go a step further and exempt Mr. Boates or other resident milk dealers from this special tax, which certainly should apply only to non-residents. The bye-law needs to be amended, and this is likely to be done at some future time.
