GRANDVIEW SCHOOL.
The semi-annual examination of Grand View School took place on December 23rd, and was well attended by parents and visitors. The pupils were examined in the different subjects by their teacher, Miss Josie Jackman, and by their ready answers showed careful training. At the close of the examination a programme was rendered, after which Santa Claus appeared and stripped a well laden tree. Miss Catherine McPherson then read an address while Miss Catherine Gillis presented the teacher with a beautiful camera. Miss Jackman thought taken by surprise in a few well chosen words thanked the pupils for their gift and the parents for their kindly interest in the school. Complimentary remarks were then made by Mr. Malcolm Martin. After all had been treated to candy the singing of the National Anthem brought the proceedings to a close.
The following is the address:
Dear Teacher:—As the Christmas holidays are drawing near, and you have been our associate and teacher for a short time, we feel that we must show in a few measure how we appreciate the unity which binds us as teacher and pupils.
We can sincerely say, that your untiring interest in our studies since you came amongst us, as a stranger and the loving kindness and patience which you have ever showed us, encourages us to strive for higher things. Your society in our homes has been of the highest example to us as little children. Now we ask you to accept of this gift. With the Very Best Wishes for a Happy Christmas from the pupils of Grand View School.

IN MEMORIAM
MRS. ELLEN POPE
Mrs. Ellen Pope of St. Peter's Bay, died in the Jordan Hospital, Plymouth, Mass., on January 4th at the age of 85 years.
She was failing health for some time and entered the Hospital a few weeks before her death. She is survived by two sons and one daughter. Thomas in B. C., Fred, merchant tailor in New York and Bertha in Plymouth, who tenderly cared for her mother in her illness. Her husband predeceased her over forty years ago.
After a solemn service, conducted by the Rev. Mr. Blake, in the Undertaking Rooms, the remains were placed in the vault, and then they will be forwarded for burial in Midgell Cemetery, where she wished to be laid.
A memorial service was held in the United Church, St. Peter's, on Sunday the 16th when the pastor Rev. J. M. McLeod, made fitting reference to Mrs. Pope's useful life in the community. She was deeply interested in all that pertained to the welfare of the Church and community. For many years she was President of St. Peter's Auxiliary of the W. M. S. and the Society made her a life member, in recognition of her faithful services. She will be remembered by many for her helpfulness in times of sickness and need. Though dead, her influence for good survives her. "A woman that feareth the Lord, she shall be praised."

FOGGING BOLTON.
Fog is characteristic of the British Isles, but natural fogs are not particularly harmful, compared with the smoke that we make ourselves.
Coal smoke robs our lives of sunshine and makes us poorer as a nation, says an Old Country paper. A very conservative estimate puts the cost per year in waste and damage at over \$200,000,000.
Dr. Greenwood, the Ministry of Health's statistician, said recently: "It is just as hard to earn a living in Reading or Northampton as in Bolton or Warrington, but it is much easier to die—nearly twice as easy if you are a man between forty-five and sixty-five—in Bolton than in Reading."
The soot that fell in London in the year 1925-26 would have covered the whole area of Hyde Park, nearly 400 acres, to a depth of ten inches. Yet London is by no means the smokiest of cities.

Meeting Of Life Insurance Men At Halifax
The Life Insurance Congress held in Halifax last week, and which was attended by life insurance men from many parts of the Maritime Provinces, concluded with a banquet at the Halifax Hotel. For twenty minutes the Very Rev. Dean Llywd the principal speaker of the evening, held his audience enthralled, while he explained from the viewpoint of the layman the wonderful service which insurance is doing for civilization. The learned professions, the speaker said, were usually called the church, medicine and law, and these usually considered themselves as great constructors of beneficence of humanity. But, he said, with the exception of the church, it would be difficult for any of these to show where they were conferring greater benefit upon humanity than was life insurance. "Life Insurance," Dean Llywd said, "is civilization's coat of mail. It covers the social body with a coat of mail against sickness, calamity, poverty, and, to some extent, death."
"No longer do knights career through our streets on richly caparisoned horses," the speaker continued, "but in a quiet manner, they come to our offices, our homes, and perform for us a service greater than any which was ever available to any Red Cross Knight. The insurance men are the Knights of Humanity. I am not painting a picture of roseate romance," declared Dean Llywd, "of an merely speaking the plain truth. The Hands which reach out those broken with disease, the Voice which comforted the widow, the Eyes which looked upon the world with love—all of these would certainly pronounce their benediction upon the work in which you are engaged. Follow the Gleam."

Stellarton Stars Are Snowed Under by 6 to 0
TRURO, Jan. 18. — Despite hard work, coupled with fair combination, Stellarton team was outskated and outplayed tonight in a regular fixture with the A. P. C. League by a score of 6-0. This makes the fifth straight win for the Bearcats Cubs this season and gives them a stronger hold on the championship.
All that can be said of the game tonight is that the visitors put up a gallant game against a team that is fast becoming as formidable on the ice as the Truro Bearcats of last season.
However, it must not be concluded by the score that Stellarton has not good players on its team. Several times during the three periods Guinan in the local nets, was kept busy, and here it may be said that the Truro goalie was never seen on local ice in better form than tonight. Some of his saves were extremely difficult.

Chaplin III And Condition Not So Good
NEW YORK, Jan. 18. — The condition of Charlie Chaplin, film comedian, who suffered a nervous breakdown, last Saturday, is "not so good," his physician announced tonight.
The doctor said that Chaplin was suffering from one of his fits of depression and was so weak he could hardly stand.

Library Aids Movies With Authentic Data
CHICAGO, Jan. 19. — The American public library has become a property man for the movies and as the harassed back stage official who must produce a nut sundae or a copy of the Declaration of Independence with equal facility.
How the library aids the movies is told in the records of the American Library Association here.
The Los Angeles public library, naturally, does most of such research work. The most popular subjects are historical, costumes of European countries, and data on western and frontier life in this country. The library has a vast collection of pictures, which have a 60,000 yearly circulation.
One day's requests to the reference room included a query for the date of the death of Mary Queen of Scots, for a policeman's club used in the island of Haiti, and for proof that lamb chops were eaten in Chaldea in the year 5000 B. C.

Boston 'Goalie' Gets The Axe
MONTREAL, Jan. 18. — Playing aggressive hockey at opportune times and then falling back on the defensive when their goal was threatened, gave the Ottawa Senators a five to four victory over the Boston Bruins at the capital.
The Senators were forced to the limit to get the points.
The Bruins had an even break on the night's play, an especially so in the third period when they staged a savage attack in an effort to tie the score. Time and again the Boston forwards broke through the Ottawa outer guard only to find a stumbling block in the form of Connell.
Manager Art Ross announced during the game that he recalled goal-tender Roberts, who is at present playing with the New Haven team of the Canadian-American League. Ross said he was not satisfied with the work of Doc Stewart.

PANIC OCCURRED DURING VISIT OF PUBLIC TO GERMAN CRUISER EMDEN
CAPE TOWN, S. A., Jan. 18. — An eager rush to board the German cruiser Emden nearly brought disaster yesterday. The officers of the cruiser, which was launched at Wilhelmshaven, Germany, in January 1925, and christened after the famous war-time German raider, had invited the public aboard, but the vessel could not accommodate the unexpected thousands who thronged the cruiser.
It seemed for a time as though many persons would be pushed overboard by the pressure of the crowd, which was relieved only when a hose was brought into play. There was a momentary panic, in which many persons fainted.
The incident marred the good feeling which had been displayed since the Emden came into port for a visit.

Fort Augustus School
The semi-annual examination of Fort Augustus School took place on Thursday afternoon, Dec. 23rd. Despite the unfavorable condition of the weather upwards of forty rate-payers and visitors attended which goes to show the keen interest taken in education by the people of this district. The school-room was very tastefully decorated for the occasion and presented on the whole a very Christy, rate-payers and visitors attended which goes to show the keen interest taken in education by the people of this district. The pupils were thoroughly examined in the different branches by the Rev. Dr. Croken assisted by their teacher, Miss Hannah McIsaac and by their prompt and accurate answers gave evidence of very careful training during the past year. At the close of the examination a short programme was well rendered by the pupils, after which Santa Claus arrived in his usual jovial spirit and from a heavily laden Christmas tree, he distributed many beautiful gifts to the different pupils. The visitors were treated to home-made candy and fruit. A well worded address was then read to the teacher by Mary Kelly, while Agnes Lawlor presented her with a beautiful gift. The teacher or though taken entirely by surprise, in a few well chosen words thanked the pupils for their thoughtfulness and generosity.
Complimentary speeches were made by Rev. Father Croken, Mr. W. Holland and others, expressing their gratification in finding the school in good standing and anticipating much for the future. The examination was brought to a close by the singing of the National Anthem, after which all departed for their homes well pleased with the afternoon's entertainment.
The following is the address:
Miss Anna MacIsaac
Dear Teacher:—Another year has come and gone and we have arrived once more at the holy season of Christmas. We take this opportunity of again extending to you our heart-felt wishes for a bright and happy Christmas.
During the many months that you have been with us you always tried to be kind and cheerful although many a time we have surely tried your patience to the utmost by our thoughtlessness and bad disobedience. We know that you always have our best interests at heart and in the future we hope to be more grateful.
To show you that we appreciate your kindness to us we ask you to accept this little gift not for its intrinsic value but as a token of the esteem in which you are held by us all and we sincerely hope you will have a very joyous holiday.
Signed on behalf of the pupils of Fort Augustus School.

Barbers Sacrifice Tips To Gain Dignity
INDIANAPOLIS, Jan. 18. —Barbershop patrons who have for years "dined" or "quartered" their way past their favorite razor or scissors wielder are advised that their frequently bestowed tips are undesirable.
James C. Shanessy, president of the Journeymen Barbers' International Union, says that his organization is opposed to tipping and will seek to eliminate the practice.
"Millions of dollars come into the hands of barbers in the United States and Canada yearly through tips but the price we pay in reduced dignity and loss of patronage is too high," he asserts. "Officials of this union realize that they are taking a momentous step in opposing tipping. Many of our members will disapprove but we believe a majority will favor our action."
The anti-tipping campaign also will be extended to beauty parlors, Shanessy said, as "cosmetics" are members of the Barbers' Union. The Associated Master Barbers will support the union in its stand, he said.

Court Grants \$4,000 a Month Alimony
LOS ANGELES, Calif., Jan. 18. —Lita Grey Chaplin, wife of Charlie Spencer Chaplin, was granted \$4,000 a month temporary alimony pending settlement of the divorce suit which she has brought against the film comedian, by Superior Judge Jahn, in court here today.
Attorneys fees of \$4,000 additional and \$215 for receivers' bond premiums also were granted by the court.

Channel Swim for Women Only
LOS ANGELES, Jan. 18. —A second channel swim for women only and with a total purse of \$25,000 is being sponsored by William Wrigley Jr., sponsor of the recent Santa Catalina marathon which was won by George Young of Toronto, Ont. The plan was disclosed last night by Oscar Rejchow, business manager of Wrigley's Los Angeles baseball club and one of his chief lieutenants in the recent channel swim.

Barbers Sacrifice Tips To Gain Dignity
INDIANAPOLIS, Jan. 18. —Barbershop patrons who have for years "dined" or "quartered" their way past their favorite razor or scissors wielder are advised that their frequently bestowed tips are undesirable.
James C. Shanessy, president of the Journeymen Barbers' International Union, says that his organization is opposed to tipping and will seek to eliminate the practice.
"Millions of dollars come into the hands of barbers in the United States and Canada yearly through tips but the price we pay in reduced dignity and loss of patronage is too high," he asserts. "Officials of this union realize that they are taking a momentous step in opposing tipping. Many of our members will disapprove but we believe a majority will favor our action."
The anti-tipping campaign also will be extended to beauty parlors, Shanessy said, as "cosmetics" are members of the Barbers' Union. The Associated Master Barbers will support the union in its stand, he said.
