BRUSSELS, Nov. 16.—Fog of unprecedented density has enveloped Belgium for the last forty-eight hours. Trains are delayed and navigation on the Scheldt has been stopped.

The steamer Lapland, from New York, which was due Monday morning has not yet arrived. The British steamer Orichon is ashore at the entrance to the Scheldt.

Sixty vessels are being held up in the river, while fifty others have stopped at Flushing.

BASKETBALL

The basketball game at the Y.M.C.A. last night resulted in a win for the Methodists who defeated their opponents the Central Christians by a score of 35 to 8.

Although the game was somewhat one-sided yet it was a splendid exhibition of basketball and was well contested from start to finish. The Central Christians were handicapped by the absence of two regular players but under the circumstances they put up a strong fight all through the game.

McInnis started for the Methodists piling up a score of 23 points, thus putting his team on an easy road to victory.

This game completes the first section of the League and the Methodists by their win earn the right to the play-off.

The following is the line-up and score of each player:

Says the Turks Will Not Break Existing Peace

(Special to The Guardian.)

PARIS, Nov. 16.—Ismet Pasha, head of the Turkish delegation to the Lausanne peace conference, discussed with Premier Poincaré today the Near Eastern situation. At the conclusion of his interview with the Premier, he declared: "My three-quarters of an hour with Ismet received fifty or more correspondents at his quarters at the hotel Carrillon. It is not certain that I will go to London," he said. "So far I have received no official invitation to do so."

"If there are any fresh incidents at Constantinople, I won't be our fault. We want peace also. You may be sure whatever we sign we will not violate."

Ismet said he had been officially informed that the Lausanne conference was still set for Nov. 20.

Nationalist Assurances.

CONSTANTINOPLE, Nov. 16.—Any immediate danger of a rupture between the Allies and the Kemalists authorities seems to have been dissipated today by the receipt by the Allies of a note from the Ankara Government declaring that the terms of the Mudania armistice compact will be respected by the Nationalists and that there will be no insistence on the withdrawal of Allied troops from the zones laid down in the Mudania convention.

The note, which has been eagerly awaited for several days, brought relief to the Allied authorities and the population of the capital who have seriously doubted the good intentions of the Ankara Government.

It is felt here that the unfavorable reception of the Kemal demands throughout the world caused them to reconsider their decisions and adopt a more conciliatory attitude.

While all the clauses of the Nationalist note are not wholly acceptable or pleasing to the Allies, the document is considered to offer a reasonable basis for discussion and negotiations.

HARRIS, Nov. 16.—Premier Poincaré who, replying in detail to Lord Curzon's memorandum, said that he would not attend the opening session of the conference.

BERLIN, Nov. 15.—It is semi-officially said that the resignation of the government will not affect the reparations programme, as expounded in yesterday's note. This, it is declared, would be maintained by any future government.

SACKVILLE, Nov. 16.—Founders' Day at Mount Allison was fittingly observed today by the three institutions. At 10.15 o'clock this morning a procession consisting of regents, relatives of the founder professors, alumni, visitors and choir, proceeded to Fawcett Memorial Hall where an appropriate programme was carried out.

Dr. Borden president of Mount Allison University, presided at the meeting and with him on the platform were members of the board of regents, faculty and visitors.

After a selection by a string quartette, the Te Deum was sung by the choral class, under the direction of Professor Brunton, head of the Mount Allison Conservatory.

Responsive reading was led by Rev. Dr. Phillip, pastor of the Sackville Methodist church, and responsive scripture reading by Dr. J.L. Palmer, principal of the Mount Allison Academy. Miss Ethel Leslie sang a solo.

Dr. J.C. Webster, of Shediac, delivered an address in praise of the founder, in introducing the speaker, Dr. Borden paid tribute to the speaker's ability, pointing out that Dr. Webster was a Mount Allison man who had made a name for himself on both sides of the Atlantic.

In his opening remarks Dr. Webster referred in appreciative terms to the founder of Mount Allison institutions, the late Charles F. Allison, and pointed out the progress the institutions had made.

The speaker delivered a discourse on the need for the development of a national spirit. He regretted evidence of the lack of true patriotism for one's country. The greatest appeal today was the "mighty dollar." People left this country to work in the factories of the large cities of the United States with little compunction. The speaker contrasted this attitude of indifference today with the love of their country shown by the Acadians at the time of their expulsion. The latter people made every effort to get back to their native land.

Dr. Webster advocated more interest being taken in Canadian history and in the teaching of the same in our public schools. He pointed out the need for a rejuvenation of the historical societies of the maritime provinces and referred appreciatively to the sympathetic efforts of the Secretary of State, Hon. A.B. Copp, in getting the Federal Government to assist in producing lantern slides for illustrated lectures on Canadian history.

At the conclusion of Dr. Webster's discourse the chairman read a letter from Dr. Webster in which he offered to contribute to Mount Allison University a five-year lectureship in Canadian history, value \$300 per annum. This announcement was received with applause by the audience.

Dr. Webster's letter read as follows: "In order to stimulate an interest in Canadian history in the University, and in appreciation of the stand taken by the regents of Mount Allison in regard to higher education in the maritime provinces, I should like to establish a five-year lectureship in Canadian history to the value of \$300 per annum. I think that there will be no difficulty in obtaining competent lecturers to give short courses. (Signed.) J. CLARENCE WEBSTER."

At the conclusion of the service the procession formed again and marched to the cemetery, where each dropped a spray of evergreen upon the grave of the founder.

Brokers Charged With Conspiracy Against Clients

(Special to The Guardian.)

TORONTO, Nov. 16.—Charged with conspiracy to defraud their clients, four prominent Toronto stock brokers, former members of the Toronto Stock Exchange and the Chicago Stock Exchange were placed under arrest today. Those held are Adin E. Bryant, Toronto, who was taken into custody here by local detectives, and Norris P. Bryant, his brother; Chester G. Flockett, and Andrew Dunn, who were arrested in Montreal.

All the prisoners were members of the firm of Bryant and Iard, who assigned last spring, and who before the assignment had offices in the C. P. R. Building here and in St. Francis Xavier street, Montreal.

The amount said to be involved in the alleged conspiracy is approximately \$500,000. Adin Bryant, who was locked up in Court Street Station, was later released on \$10,000 bail. The other prisoners are now on their way to Toronto, where the trial will be held.

Germany Remits an In-Conservatives Will Not Contest Seat

(Special to The Guardian.)

PARIS, Nov. 16.—Germany today turned down to meet Belgium's reparations claims, under the decision of August 8th last. German reparations officials here deposited with the reparations commission 55,000,000 gold marks worth of such notes, payable in Brussels May 15, 1923.

The cash balance due today under the schedule of payments previously agreed upon was 50,000,000 gold marks. The difference of 5,000,000 marks is partially covered by other receipts already in the hands of the commission, and Germany has announced that she will deliver Friday such additional notes as are necessary to cover the balance due.

HALIFAX, N.S., Nov. 16.—The Conservatives at the Federal constituency of Halifax will not contest the coming by-election according to the following resolution of a committee appointed by a recent Conservative meeting to consider the matter: "Whereas, upon assurance of the Liberal party and candidates at the last general election that if the Liberals would quickly enter upon a 'Golden Era,' the citizens of Nova Scotia returned a 'Solid sixteen' members to support a Liberal Government in Ottawa; and in order that a further and untrammelled opportunity may be given the Liberal members of Nova Scotia to implement their promises; and whereas, this committee is of the opinion that while it would welcome a general election to afford an opportunity to place a strong and competent government in power at Ottawa, no useful end would be achieved in nominating and electing one opposition candidate from Nova Scotia in this Dominion by-election."

Three candidates are now in the field in Halifax two Liberals and one Labor.

Mau With Roll To Return Home

ST. JOHN, Nov. 16.—A few days ago a man was placed under arrest for wandering a satisfactory account of himself. When searched at police headquarters he was found to have in his pockets several bonds and about \$400. When taken before the police magistrate the prisoner said that he was guilty of stealing. It was learned that he came from Charlottetown and while he was remanded to jail the police officials got in communication with the man's family through the Chief of Police of Charlottetown, with the result that a relative is expected in the city today, when the prisoner will be handed over and returned home. It is considered fortunate that he was able to roam about the streets at a very late hour and still retain the large amount of money.

EMPEROR OF CHINA ASSUMES TITLE OF HENRY THE EIGHTH

PEKING, Nov. 16.—Imperial princes and monarchist sympathizers assembled in the Forbidden City Sunday to pay their respects to the titular emperor in connection with his forthcoming wedding. It was a day for presentation of gifts, and presents valued at thousands of dollars cash, flowed into the palace.

The emperor gave brocades, silks, horses and other wedding gifts to his fiancée. The emperor assumed the name of Henry and conferring the name of Elizabeth on his empress, due to their majesties admiration of Henry the Eighth of England, and the Virgin Queen. Both majesties are anxious that the empress continue studying English after her marriage under her American tutor, Miss Ingram, who succeeded her sister, Miriam, the latter having returned to the United States for her own marriage.

The emperor is very fond of reading the English language and is devoting most of his time to reading newspapers. He is so interested in papers that he has ordered to all the best ones, in the capital. "Nothing, not even the marriage affairs, can divert him from his reading newspapers."

Another Report In Delorme Case Will be Made

(Special to The Guardian.)

QUEBEC, Nov. 16.—A report to the Lieut. Governor of the province on the mental condition of A. Delorme will be made shortly by Dr. Brochu Medical Superintendent of the Beauport Asylum and the appointment of an impartial medical commission to examine the patient once more is likely in view of the divergence of opinion between Montreal and Beauport alienists.

Information to this effect was obtained this morning from unquestionable sources, though Dr. Brochu himself would make no comment on action to be taken or result of Delorme's interment in the Montreal courts and the rejection of the medical certificate Dr. Brochu has furnished expressing the view that the patient's mental condition is such that he can manage his own affairs.

The step will be taken by Dr. Brochu and his colleagues of the Beauport Asylum within a short time.

Since the Beauport view of Delorme's condition varies widely from that held by the Montreal alienists a third examination by a special medical commission appears to be the only solution and is expected to be the next development in the sensational case.

GIFT TO CHARITIES

NEW YORK, Nov. 16.—The five brothers of the late Jacob Gimbel, of Philadelphia, who was head of the Gimbel corporation, operating stores in New York, Philadelphia and Milwaukee, have arranged to give away more than one million dollars which would have come to them as residuary legatees under the terms of their brother's will. This money will go to charities, Jewish and non-Jewish, and to nieces and nephews of Mr. Gimbel, so that his brothers may carry out what they believe to have been his desire expressed shortly before his death.

\$5,000,000,000 Paid Now in Reparations

(Special to The Guardian.)

BERLIN, Nov. 16.—Germany has paid more than twenty billion gold marks (nearly \$5,000,000,000) in reparations, according to a report Stines Deutsche Allgemeine Zeitung.

The paper says the direct gold payments of 2193,000,000 is only a fraction of the total. Deliveries in kind, chiefly coal, iron wood and cement, are valued at 18,500,000,000 gold marks. In paper marks it is 37,000,000,000,000.

The paper also gives figures to show Germany's production is far below the pre-war output. Only 20 to 50 per cent. of the pre-war production of building materials is now produced; steel rails, 45 per cent.; textiles, 50 per cent.; grain 50 per cent. Despite renewed foreign commerce Germany's imports this year will double exports, the article says.

Mrs. H. Robert Wells, English Harbour, Trinity Bay, Nfld., writes:

"I was troubled with nervous dyspepsia—so much so that there were a great many things I could not eat at all on account of the distressed feeling afterwards. I used many different remedies, but they did me little good. Finally I tried Dr. Chase's Nerve Food and Kidney-Liver Pills, and was surprised at the relief this combined treatment gave me in such a short time."
