

Quick Action on a Cold

One of the most important points in treating a cold is to act quickly, at the first sign of trouble, before the cold has a chance to get "settled" anywhere.

The other point of vital importance is to take

NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne

This safe and reliable household remedy acts very quickly. It relieves the irritation and "stuffed up" feeling in the air passages, loosens the phlegm, promotes expectoration, soothes the tickling which makes you cough, and drives out the cold before it gets troublesome.

But even if the cough or cold has become deep-seated and persistent, Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne will break it up.

Big Ben

Don't set your mind—set Big Ben

Don't bother your head about getting up. Leave it to Big Ben.

You ought to go to sleep at night with a clear brain—untroubled and free from getting up worries. You men, if you are up to date farmers, work with your brains as well as with your hands. Such a little thing as deciding to get up at a certain time in the morning and keeping it on your mind often spoils a needed night's rest and makes a bad "next day."

Try Big Ben on your dresser for one week. He makes getting up so easy that the whole day is better.

Big Ben is not the usual alarm.

He's a timekeeper; a good, all-purpose clock for every day and all day use and for years of service.

He stands seven inches tall. He wears a coat of triple-nickel plated steel. He rings with one long loud ring for 5 minutes straight, or for 10 minutes at intervals of 30 seconds unless you shut him off.

His big, bold figures and hands are easy to read in the dim morning light. His large strong keys are easy to wind. His price, \$1.00, is easy to pay because his advantages are so easy to see. Big Ben is sold in Prince Edward Island by the following jewelers:

HAPPY EVENT.—The marriage was solemnized at the Presbyterian Manse, by Rev. Mr. Ramsay, last evening, of Miss Sarah Alice Hutchinson, of Prince Edward Island, to David M. Wilkes, of the Robb Engineering Company. After the ceremony Mr. and Mrs. Wilkes left on a short wedding trip. On their return, they will reside in Amherst.

AN EXCELLENT SHOWING.—John Hancock, of Wood Islands North, although the owner of a farm of nearly two hundred acres, believes in the profitability of the small farm. As an experiment, he last spring set apart eight acres of his farm for intensive cultivation. His crop off this piece of land was as follows:—Strawberries, \$125; 320 bus. carrots at 40c., \$128; 80 bus. parsnips at 60c., \$48; 15 bus. beets 60c., \$9; 300 cabbage at 4c., \$12; 450 lbs. onions at 3c., \$13.50; 260 bus. turnips at 20c., \$52; 5 tons hay at \$13.65; 12 bus. wheat \$9.60; 450 bus. potatoes at 25c., \$112.50. Total \$574.60. In addition to this he grew a quantity of corn of which no account was taken, supplied the family with vegetables during the summer and sold some of which he kept no reckoning. He also fed two horses and two cows with green feed grown on an eighth of an acre of this plot and threshed 10 bushels of grain from the ripened feed. This is a convincing record of the value of intensive farming and Mr. Hancock purposes following the same course next year.

E. Owen, Keppoch, is sole executor and A. E. McDonald, Charlottetown, is proctor.

VALUABLE FOX.—Frank F. Tuplin, the noted wealthy fox breeder of P. E. Island, passed through Moncton on the 20th inst., with a beautiful male black fox, which was trapped recently in Maine. This fox is supposed to be the original male of a pair which was brought from Alaska some two years ago, but which escaped from their owners, or to have or says the fox is the best individual he has ever seen, the price paid being in the vicinity of \$10,000. It possesses a beautiful, soft, long and silky coat of black, not one white hair appearing. This will be a very valuable addition to Mr. Tuplin's already largely stocked ranch, which contains 102 of the best Island blacks, including the best stock picked by himself from the Dalton ranch in 1911, which is so much advertised. Mr. Tuplin handles nothing but the best and is always on the alert for first-class goods for new blood and regards this fox as second to none in Canada.—Moncton Exc.

Began with Itching Sensation. Kept Awake at Night. Caused Great Pain. Thought Operation Only Cure. Cuticura Soap and Ointment Entirely Cured in 6 Weeks.

54 Strange St., Toronto, Ontario.—"I suffered for two months with the piles. They first began with a sudden itching sensation which used to keep me awake at night. I tried different kinds of ointment to stop the itching which did not prove valuable in the least and to my surprise after a few weeks they began to bleed. I did not know what to do but they caused me great pain. I began to think that an operation was the only cure for them. I heard of Cuticura Soap and Ointment and decided to try them. I sent for a sample and after using them a few times I found out to my great relief they gave me less pain and later on the bleeding began to cease. I got some more and continued with the Cuticura Ointment and Soap. I began to get better sleep at night and after six weeks' careful treatment I find that I am entirely cured." (Signed) A. Bennett, Mar. 25, 1912.
