

GAINED

9 1/2 LBS.

BY USING MILBURN'S PILLS.

VICTORIA, B.C., March 8, 1901.
The T. Milburn Co., Limited,
Toronto, Ont.

Dear Sirs,—Some time ago my daughter, aged 19 years, was troubled with bad headaches and loss of appetite. She was tired and listless most of the time, and was losing flesh. Her system got badly run down, so hearing your Heart and Nerve Pills highly spoken of I procured a box, and by the time she had used them she had gained 9 1/2 lbs. in weight and is now in perfect health.

Yours truly,
Mrs. P. H. CURTIS.

STINGING CHILBLAINS.

As distressing and annoying as are Chilblains they can be immediately relieved by the application of Dr. Chase's Ointment. Try it when you have retired with itching, stinging feet and expect to spend a sleepless night in suffering. Such a trial will convince you that as a cure for Chilblains Dr. Chase's Ointment is the standard of excellence. It is the world's greatest cure for all itching of the skin.

Messrs. Olive and Waring, steamboat inspectors, returned to St. John from Prince Edward Island last Thursday.

REV. MR. Moss left last week for Montreal to lecture before the students of McGill University.—Pictou Advocate.

THE Minto arrived in port at 5:15 Saturday afternoon having on board 15 passengers, 84 bags mail and about a half car of freight.

MR. J. F. W.hear, M. P. P. of Charlottetown, and law partner of Sir Louis Davies, was a visitor in Pictou to-day, and made a welcome call at the Advocate Office.—Pictou Advocate.

At a meeting of the Maritime Boys' Committee of the Y. M. C. A. held recently in St. John it was decided that each Province should hold its own summer camps. Mr. A. W. Robb, secretary of the Y. M. C. A. of this city, is at present in St. John attending the committee.

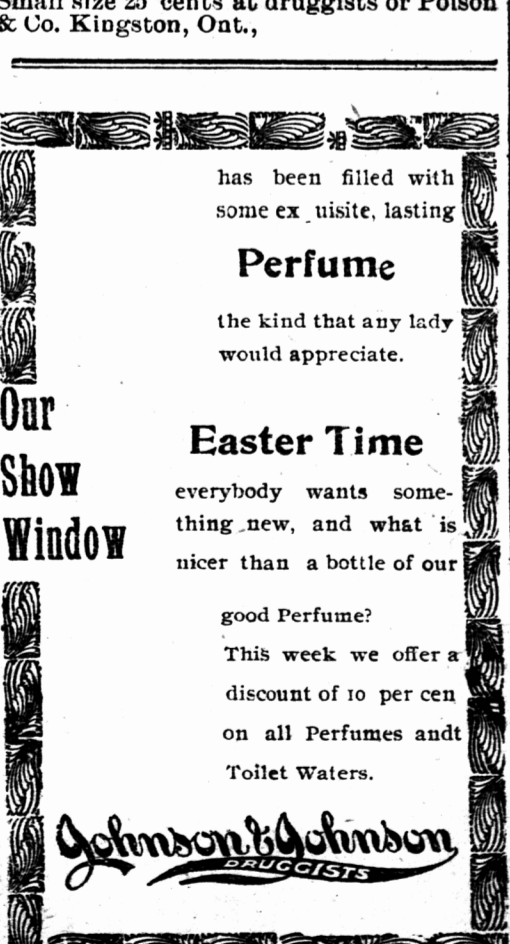

NOTES FROM MR. MELLIK.—Frank Delhaunt, is we are pleased to note, somewhat better this week.—Mr. P. L. Murphy of Mill View, has been very ill with pneumonia for the past ten days.—The trot, scheduled for last week did not pull off owing to the bad ice on the bay. Honors are easy among the horsemen.—The black fox, mentioned in the notes by "Cephas" has not turned up yet, though he may have turned red. It is not at all improbable but that Cephas is color-blind. It is quite evident he is right foxey.—Dodd & Son are busy preparing for the season's fishing. They are adding a new building to their factory and sinking a new pump to supply water.—Mr. P. P. McInnis is also hard at work. He is making a large number of new traps. Mr. McInnis had a narrow escape while he was chopping in the woods a few days ago. He went up to dislodge a falling tree which gave away as he got near the top. Though a heavy man he reached the ground uninjured.—Among the many fat cattle fed by the farmers this winter, is a cow owned and fed by John J. McDonald that deserves special mention. She is a very superior animal, and has been purchased by Blake Bros. of the city.—A visit to the slaughter-house and meat rooms of Reaney Jenkins to see his Easter show of beef was much appreciated. There is no doubt, but that this Island, famed for its butter and cheese can produce a very superior quality of beef also. One carcass of beef was particularly admired. It was an ox of one year and eleven months old, and weighed 1060 pounds live weight. This animal was fed by Joseph Praught of Mt. Mellick and reflects much credit on him as a feeder. Mr. Jenkins had also several very nice lambs. Besides the local and city trade Reaney has worked up a large and healthy trade in Sydney to which place he makes regular weekly shipments. The buildings are all kept clean and pure, and there are no foul or offensive odors to displease his customers. Mr. Jenkins believes in doing business in a business-like way and is fast reaping the reward of always doing things right.

DRUGGING WILL NOT CURE CATARRH.

Doctors say so. Victims of snuffs, ointment and tablets tell the same story. Catarrh is a germ disease. The germs excite disease in the lungs, throat, nasal passages and bronchial tubes, germs are hard to get at but destroy them and you cure the disease. How can it be done? By carrying powerful medication with the air you breathe direct to the disease parts. You must be sure, also, that the medication will kill the disease germs. Catarrhzone is guaranteed to do this, that's why it has created such a sensation in the medical world. You simply breathe Catarrhzone; it destroys the germ—it heals—in a word it cures. Now you know everything about Catarrhzone except what you can learn by using it. Catarrhzone never disappoints and is guaranteed to cure Catarrh.
