YOU ARE LOOKING OLDER THAN WHEN I SAW YOU LAST

Have You Ever Had This Said of You Because of Grey Hairs

It is most embarrassing to have a friend remark that you are "looking older." Grey hairs are not becoming, people may tell you so, but they are saying to themselves: "What a pity she is not old. And she used to have such beautiful hair."

Ruptured People-- Try This For Relief and Cure

Only Thing Good Enough To Stand a 60-Day Test

Here is something you can try six days—just as a test—without having to risk a cent—

Something which in the last twenty-four years has saved thousands of ruptured people from having to undergo operation.

Something so strengthening to the ruptured parts that you can work right along without the slightest danger—

Something absolutely guaranteed to keep rupture from coming out—if it doesn't it won't cost you a single penny.

You Don't Have to Risk a Penny

We don't ask you to pay out a penny on the strength of any mere promise or claim.

We will make you a guaranteed rupture holder especially for your case—make it to your measure—and let you try it sixty days.

Let you give it a thorough test without asking you to risk a cent.

If it doesn't keep your rupture from coming out or bothering you in any way—if it doesn't prove every claim we make—then you can send it back and it won't cost you a cent.

See What It Does

This guarantee rupture holder—the famous Cluthe Automatik Massaging Truss—is made on an absolutely new principle. It is far more than just a truss.

You see this truss—unlike all others—is self-adjusting, self-regulating. The support it gives automatically increases when there is any sudden movement or strain—as in working—so no strain can force your rupture out.

And, in addition, the Cluthe Truss provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

Just how it does that—entirely automatically—is all explained in our free book.

300,000 People Have Tested It

The Cluthe Truss has such a remarkably strengthening and beneficial effect that it has cured some of the worst cases on record—

Among them men and women 50 to 70 years old, who had been ruptured from 20 to 50 years.

Cured many of them after every thing else, including operation, had failed to do any good.

No Belt—No Leg-Straps—No Springs—The Cluthe Truss does away entirely with belts, leg-straps and springs. People who have tried it say it is comfortable as their clothing. It is water-proof—will hold in the bath. Also perspiration-proof and easily kept clean.

Get World's Greatest Rupture Book

So that you can judge for yourself, we want to send you a free book. We have written—a cloth-bound book of advice. People who have read it—in- cluding physicians—say it is the best book ever written on Rupture.

It sums up all we have learned about rupture in forty years of day-after-day experience. It deals with rupture in all its forms and stages. Explains the dangers of operations. Shows why wearing elastic or spring trusses is sooner or later almost sure to shorten your life. And it exposes the humbug "appliances," "methods," "plasters," etc. Puts you on guard against throwing money away.

It shows why 60-days trial is the only safe way to buy anything for rupture, and how the Cluthe Truss is the only thing you can get on such a long trial, because the only thing good enough to stand such a thorough test.

And it tells all about the Cluthe Truss—how it ends constant expense—how you can try it 60 days, and how little it costs if you keep it.

5,000 other voluntary endorsements sent with the book.

Write for it to-day—don't put it off—this book may be the means of adding many years to your life and of restoring you to full strength and usefulness.

Do You Want To Increase Your Income By an Investment in The Black Fox Industry? If You Do; Read This Carefully

If you were asked by a friend to make a selection from the numerous Black Fox Propositions now on the market, that would be likely to give him the best Returns. What would you do? Would you not first find out the Figure the Foxes were Capitalized at? Then you would find out the quality of stock. Then the location of the Ranch would demand your attention. Then the personell of the Directorate and the caretaker.

From The Standpoint Of The Investor

Looking for the best place in all Canada to make profits worth while

The Brighton Black Fox Co., Ltd. Stands First

Capitalized At \$13,500 a Pair

To the conservative investor capitalization is of paramount importance, because on this depends the percentage of dividends his investment will earn.

A GUARANTEE becomes no guarantee at all if you pay it yourself on over-capitalization in the purchase price of stock.

These foxes were purchased previous to the advance in price and are placed in the ranch at two to three thousand dollars a pair lower than the present market price of first class stock.

The remarkable development of the Fox industry, makes us wonder what the future will be.

A conservative estimate of next year's returns from this ranch would be. If 4 pairs of the foxes have average litters of 4 each, 4 going to the ranch for keep, leaves 12 for the Company, which if sold at present price of \$15,000 per pair, would net the stockholders about 110 per cent. If all 6 pairs have litters the profits would be proportionately increased.

Can you imagine circumstances more favorable to you as a prospective investor?

The Stock The World's Best

The promoters of this Company decided months ago that nothing but the best stock that money could buy would ever find its way into their ranch. Therefore, when they obtained options on the six pairs of Foxes of the world Famous Dalton, Oulton, and Tuplin strains, they refrained from advertising their proposition until they were sure that the options would be filled.

The Foxes are now on foot, and are six pairs of the handsomest young foxes that ever looked out of a den. Their ancestry tracing back to the Foxes whose pelts brought the highest prices on the London market, and now adorn the robes of Royalty in the Courts of Europe.

On this class of stock depends the future success of the Fox industry, and the man who invests \$1000.00 in this proposition is laying the foundation of a permanent investment that in future years will be the means of earning thousands of dollars.

Their should be no hesitation on the part of any investor who really wishes his money to earn its utmost.

The Location Of The Ranch

The ranch which is now under construction will be one of the most up-to-date in the Province, located on a beautiful grove of mixed spruce and hardwood in the centre of 38 acres of land in the properties of Lieut. Col. A. G. Peake and J. J. McKinnon, and has been pronounced by experienced Fox ranchers to be one of the best (if not the best,) in the Province.
