"I don't suppose so," Patty agreed, reluctantly. "But what have I been doing? I've talked so much about my family and my friends with you that I must have been analyzing them."

To the Electors of the City of Charlottetown

Ladies and Gentlemen:—

I beg to announce that I will be a candidate for the Mayoralty at the coming election, February 8th, and take this means of soliciting your support.

Four years ago, the citizens of Ward five honored me by electing me as councillor; at that time I promised that if elected, my efforts would be directed towards the improvement of our streets; the members of the City Council honored me still further by electing me as Chairman of the Street Committee, and during my term of four years in this capacity, we have put down three and one-third miles, or 60,000 square yards of paved streets which are the equal of any in America, and it is a pleasure here to note that the cost per square yard has been lower than that of any City in Canada.

Whether I have carried out my pre-election promises or not is for you to say.

I believe good streets are one of the best assets any City can have, and I believe that the introduction of this system of paving is the most progressive movement that has taken place in our City since the installation of Water Works and Sewerage, and I think I can safely claim the credit of having introduced the system here.

With the present serious unemployment conditions prevailing I believe it is our duty as a City to provide work, where possible, for our laboring men, and if you honor me by election, I will use my best efforts to have the work of paving continued.

Our City never was, nor never will be a large manufacturing centre, and while I am in favor of offering every inducement possible to manufacturers to locate here, I believe we should cater more to the tourist trade, and the making of our City attractive by the building of good streets, is one of the best inducements we can offer them.

What we need in Charlottetown is more civic pride from both the individual and civic standpoint. Nature has done her part for us with a lavish hand, our shores are laved by the waters of three beautiful rivers emptying into a spacious land locked harbor, while within our civic jurisdiction we have one of the most magnificent parks in the world.

In addition to my position as Chairman of the Street Committee I have also been a member of the Light Committee, and when the new contract was being arranged with the Electric Light Company, I was instrumental in having a clause inserted, which, when put into effect will, I believe very much improve our street lighting.

I am strongly in favor of Meat and Milk inspection, and while I do not claim the credit for having introduced this measure, I do claim that it had my unqualified support, and if elected I will endeavour to have it extended and enlarged so as to more fully safe guard the public health. It is not my intention to make a house to house canvass, I believe every man and woman in our City is intelligent enough to judge for themselves as to whom they desire to see elected. My record for the past four years is before you, and if you decide that it is such as to entitle me to be elected Mayor, I will appreciate the honor most highly.

Thanking you in anticipation of your support, and assuring you that if elected I will use my best efforts for the welfare of our City.

Yours Respectfully, J. J. McKINNON.
