How Is Your Watch Running?

Watch Repairing always has been a hobby of ours, to do the Best Work possible. Is it always fast or slow? Never quite on time? Perhaps the watch is capable of very accurate running, but it is not in perfect order. You know the tiny mechanism of a watch absolutely demands that each of the dozens of little parts—springs, wheels, jewels, etc.—be just right, or good timing is out of the question.

"JAMAICA." Don't miss that interesting story—"The Best Laid Plans"—in next Saturday's Guardian.

A VERY pleasant and enjoyable dinner party was given recently by Sir. Louis and Lady Davies, Ottawa, Daffodils and the pretty waxen sevia adorned the table.

MISS ELIZABETH CAMPBELL, Montague Bridge, a talented graduate nurse of Butler Institute for mental diseases, Providence, R. I. is now a nurse at Bornwood Sanatorium, Brookline, Mass.

A VERY enjoyable evening was spent at the home of Paul McPhee, Launching on the 19th when Miss Katie McPhee entertained a few of her friends. Games and music were indulged in after which a bountiful supper was served.

FREIGHT to and from Prince Edward Island, says the Pictou Advocate, has been very light this season, more especially for the last three weeks back, when the winter steamers have been running with almost "sweet holds."

It's an excellent thing to be able to distinguish a mushroom from a toadstool, and it won't cost you anything to learn if you come to Rev. Robt. Pegrum's address before the Natural History and Antiquarian Society, Thursday evening.

THE new landing at the Intercolonial Railway freight shed, to be used by S. S. Northumberland next spring, is now well under way, and when completed will be a good piece of work. Isaac Arbuckle is foreman.—Pictou Advocate.

THE marriage took place yesterday at St. Peter's of Miss Sarah Jane McLaren to John Sutherland, both of Goose River. The bride was attended by her sister Miss Mary and the groom by D. O'Healey, Rev. R. J. Gillis officiated.

CAPTAIN A. McDONALD, of the Black Diamond line steamer Cacouna, was in the city yesterday en route to his home in Montreal, where he will spend a couple of weeks before returning to St. John's, Nfld., to rejoin his steamer. The Cacouna is now undergoing a thorough overhauling at St. John's.—Sydney Record.

SPEAKING of a recent Sydney hockey match in which the Nationals defeated the Y. M. C. A. 8-0 the Sydney Post says:—Sammy Doyle of the Nationals was like a rubber ball, bouncing all over the ice, wherever the puck happened to be. He had a hand in scoring every goal but the one shot by Mahar, who notched up No. 4 after some good work all by himself. Richmond sent Doyle on a balloon ascension, and watched the game for two minutes from the stand.

THE inquiry into the loss of the steamer Lunenburg was finished Friday at Halifax. John McCarvel, of Pictou, who was second engineer on the steamer, testified that the machinery was in good order. Edward Silver, of Lunenburg, second officer, was the last witness and his evidence corroborated the captain. Silver said he thought he saw East Point light at one time before the vessel struck, but he was not sure. The evidence was all taken by a stenographer and Mr. Parsons will forward a typewritten copy to Ottawa.

ON Tuesday evening Dec. 29th a quiet but pretty wedding took place in the parlors of the Ryan House, when Duncan Gillespie (one of the proprietors) was married to Miss Maude McArthur. Miss McArthur was simply but neatly attired in a white d'espirt silk dress, trimmed with cream lace, and was attended by her sister, Miss Edna McArthur, of Prince Edward Island, while Mr. Gillespie had an old friend, John Woodward, of Winnipeg, as best man. Rev. A. Hamilton performed the marriage ceremony in the presence of a few immediate friends.—Boisvein, Man. exchange.

WHAT makes paper valuable is the amount of real circulation a paper has, but if an advertiser pays for space, for instance, upon the supposition that a paper has a circulation of 5,000, while he gets a circulation of only 2,500, he actually pays twice as much for what he gets. An intelligent and experienced advertiser will figure out that a certain article can stand a certain amount of advertising, provided his advertisement is read by as many people as he pays for. But when the paper reaches only one-half or one-third of that number, the advertiser is simply out of a proportionate amount of money. Examinations of circulation by professional investigators are doing a great deal of good, but, in view of the large number of papers, it may take a half century until professional examiners can ascertain the truth about all of them.—(The Mail Order Journal). The Guardian's circulation books are open at all times for advertisers to verify the correctness of its circulation.

GREAT Eastern Lodge, Kingsboro is enjoying a season of growth and progress. Six new members were enrolled last lodge night. Stirring speeches were delivered by several members present, interspersed with song and recitations. The following resolution was passed. "To Bro. Barton Macdonald, Whereas it has pleased Almighty God in the working of his inscrutable Providence to call from the scenes of time your beloved father; this lodge in regular session assembled desires to express our sympathy with yourself and mother, sisters and brother in this time of our bereavement praying that the comforts and consolations of Him who doeth all things well and hath said "Call upon me in the day of trouble" may be sufficient for you. We trust that by the same hope that inspired the departed loved one, we may all be made members of that brotherhood which death itself cannot sever. The lodge musicians among its members, which adds greatly to the enjoyment of its meetings. Eastern Gem Lodge, North Lake is also doing good work and holding steadily on its way and has just completed arrangements with Great Eastern Lodge by which they will act jointly in holding a Mock Parliament, for the instruction of their members in parliamentary law. Several useful measures are foreshadowed in the speech from the throne. The District Lodge meets at Kingsboro on the first Wednesday of February at which papers will be read and discussed, on different phases of lodge work. A public meeting will be held in the evening for which a program is being prepared.

WHAT IT MEANS TO YOU. Few People Realize the Importance of Good Digestion Until it is Lost. Many people suffer from dyspepsia and do not know it. They feel mean, out of sorts, peevish, do not sleep well, do not have a good keen appetite, do not have the inclination and energy for physical or mental work they once had, but at the same time do not feel any particular pain or distress in the stomach. Yet all this is the result of poor digestion, an insidious form of Dyspepsia which can only be cured by a remedy specially intended to cure it and make the digestive organs act naturally, and properly digest the food eaten. Bitters, after dinner pills and nervous tonics will never help the trouble, they don't reach it. The new medical discovery does. It is called Stuart's Dyspepsia Tablets and is a specific for dyspepsia and indigestion. It cures because it thoroughly digests all wholesome food taken into the stomach, whether the stomach is in good working order or not. Stuart's Dyspepsia Tablets, by digesting the food, instead of making the worn out stomach do all the work, gives it a much needed rest and a cure of dyspepsia is the natural result. When you are nervous, run down and sleepless, don't make the common mistake of supposing your nervous system needs treatment and fill your stomach with powerful nerve tonics which makes you feel good for a little while only to fall back farther than ever. Your nerves are all right but they are starved, they want food. Nourish them with wholesome everyday food and plenty of it, well digested, and you can laugh at nerve tonic, and medicines. But the nerves will not be nourished from a weak, abused stomach, but when the digestion has been made perfect by the use of this remedy all nervous symptoms disappear. Who ever heard of a man or woman blessed with a vigorous digestion and good appetite being troubled with their nerves? Good digestion means a strong nervous system, abundance of energy, and capacity to enjoy the good things of life. Stuart's Dyspepsia Tablets will certainly set your stomach and digestive organs light, they can't help but do it because they nourish the body by digesting the food eaten, and rest the stomach. You get nourishment and rest at one and the same time, and that is all the worn out dyspeptic needs to build him up and give new life to every organ and an added zest to every pleasure. Stuart's Dyspepsia Tablets are a god send to the army of men and women with weak stomachs and nerves and justly merits the claim of being one of the most worthy medical discoveries of the time. \$3 Haves are \$2.25 and in regular times there's never a cent off. Caps, too at great reductions.—Weeks & Co. 1907.

Stuart's Dyspepsia Tablets will certainly set your stomach and digestive organs light, they can't help but do it because they nourish the body by digesting the food eaten, and rest the stomach. You get nourishment and rest at one and the same time, and that is all the worn out dyspeptic needs to build him up and give new life to every organ and an added zest to every pleasure. Stuart's Dyspepsia Tablets are a god send to the army of men and women with weak stomachs and nerves and justly merits the claim of being one of the most worthy medical discoveries of the time. \$3 Haves are \$2.25 and in regular times there's never a cent off. Caps, too at great reductions.—Weeks & Co. 1907.

Stuart's Dyspepsia Tablets, by digesting the food, instead of making the worn out stomach do all the work, gives it a much needed rest and a cure of dyspepsia is the natural result. When you are nervous, run down and sleepless, don't make the common mistake of supposing your nervous system needs treatment and fill your stomach with powerful nerve tonics which makes you feel good for a little while only to fall back farther than ever. Your nerves are all right but they are starved, they want food. Nourish them with wholesome everyday food and plenty of it, well digested, and you can laugh at nerve tonic, and medicines. But the nerves will not be nourished from a weak, abused stomach, but when the digestion has been made perfect by the use of this remedy all nervous symptoms disappear. Who ever heard of a man or woman blessed with a vigorous digestion and good appetite being troubled with their nerves? Good digestion means a strong nervous system, abundance of energy, and capacity to enjoy the good things of life.
