

"I've never seen so alluring a figure"

But her skin, tragic!

WHAT grace! What subtle allure. But her complexion erased the whole lovely picture. A few words of expert advice could make such a difference!

YOU have no right to let your skin—ever—become "tragic." Not when the right care is so easy. That's what specialists have told me—and I'm going to tell you their treatment for keeping skin firm, smooth, youthful.

Apply a luxurious lather of Palmolive Soap and warm water to face and throat. Work this into the pores. Your hands are best for this part of the treatment. Rinse it away with warm water (never use hot); finish with a cold rinse.

That's the basis. Then, your make-up in the morning. At night, oil or tissue cream, if your skin is dry. More than 20,000 experts consider this the ideal foundation cleansing.

PALMOLIVE KEEP THAT SCHOOLGIRL COMPLEXION

External Audit Shows Over One Million Increase

(Continued from Page 1)

Attention is also drawn to the increase in tax arrears, as follows:

Table showing tax arrears for Sept. 5, 1923, Aug. 12, 1927, and Aug. 29, 1931.

"In partial explanation of the large increase in arrears, I was advised that prior to 1928 Road Taxes were collected by the Department of Public Works and since that time by the regular Tax Department.

"Regarding the collectibility of Tax Arrears I was advised that considerable effort has already been made to enforce collection. Unless legal action be taken where necessary, however, in my opinion a large amount will eventually have to be written off as uncollectable."

PROHIBITION COMMISSION, WHOLESALE VENDORS

"The Profit and Loss Appropriation statement shows that, the net profit for 8 months ending August 29, 1931, amounted to \$17,575.76, salaries of Provincial Police, Prohibition Commission and Force \$20,120.27 and \$12,282.54 was transferred to the Enforcement Branch.

SCHOOL SUPPLY BRANCH

"I would draw your attention to the following statement and the large increase in all but accounts payable.

Table showing financial data for School Supply Branch for Sept. 5, 1923, Oct. 15, 1927, and Aug. 29, 1931.

"I visited this Department and from information received believe it to be considerably overstocked, much of the stock being also apparently obsolete and unsaleable and as a consequence of the increasing investment in merchandise and accounts receivable the bank overdraft has increased from \$8,800.00 in 1923 to \$36,000.00 in 1931.

"I would recommend that prompt action be taken to collect outstanding accounts and reduce stock of merchandise and that consideration be

given to the matter of either a complete reorganization or closing of this Department.

"It should be noted that for the purpose of my report I reduced merchandise inventory to \$20,000.00 and accounts receivable to \$7,000.00 leaving an estimated deficit of \$10,474.00 for this branch at August 29 1931.

OTHER LIABILITIES

"In January 1929 the O'Leary Produce Co., gave the Department of Agriculture a note for \$3,500.00 which the Department discounted at the Bank of Montreal, Charlottetown. This note was reduced to \$3,000.00 in March 1929, and still remains at that figure and unless paid by the O'Leary Produce Co., becomes a direct liability of the Province.

"In connection with the Provincial Sanatorium Bank Overdraft, an abstract from the Minutes of His Honour the Lieutenant-Governor in Council dated July 2, 1931, shows that the Council, in view of the important public service being performed by the Sanatorium, authorized the Board of Trustees to obtain from the Bank of Nova Scotia, Charlottetown an overdraft of \$12,000.00, in order to make payment of amounts due as indicated in a statement submitted. The Sanatorium is not self-supporting and is receiving a grant from the Province for maintenance purposes and as the overdraft was required to make final settlement with contractors in my opinion should properly be considered an additional cost of the building and a direct liability of the Province.

"All information and explanations required by me were furnished by your officials and I wish to record my appreciation and thanks to all who so courteously assisted me in the course of my investigation."

Statement Showing Total Liabilities of the Province of Prince Edward Island as at August 29th, 1931.

Apostle Of Peace Passes

LONDON, Mar. 8.—(A. P.)—Political quarters were shocked by news of the death of Aristide Briand, who was long recognized as a firm friend of Great Britain. The loving cup given to Briand by Sir Austen Chamberlain, then foreign secretary, after the signing of the Treaty of Locarno in 1925, had on it an inscription which probably expressed the best feelings of the whole British nation toward the "Apostle of Peace."

GOVERNORS' CONFERENCES

The factors which brought about the establishment of the governors' conference where the growing centralization of power at Washington, the shifting, uncertain status of state's rights, and the lack of uniform laws. The first meeting was held at the White House in 1908. It was called by President Roosevelt, and the principal subject considered was the conservation of natural resources. The functions of the governors' conference are officially declared to be: Exchange of views and experiences on subjects of general importance to the people of the several states, the promotion of greater uniformity in state legislation, and the attainment of greater efficiency in state administration.
