Mr. McLure Back From New York

Mr. Chester McLure, Manager of the Fur Sales Board, has just returned from New York having gone there to meet with the fur interests regarding Silver Fox furs.

Mr. McLure when asked about the recent London sales reports, stated that the decline of 50 per cent on Silver Fox skins at the November Auction Sales in London was nothing more than could be expected, as the fox breeders were entirely the cause of the decline themselves, due to improper marketing of skins. He also said there was only one thing that can avert a serious decline of Silver Fox, and that is some system of co-operative marketing, or in other words, the fox breeders controlling the sale of their own product.

It looks as if the beginning of the end of high prices is in sight, as the American markets will also be affected by the decline in London, unless some precaution is used in marketing our goods. The American markets at the present time have absorbed practically all of last year's offering without showing any unfavorable depression, but on the other hand showing a stronger market.

Mr. McLure through the Fur Sales Board has made arrangements through different furriers and in fact has secured their orders to supply their requirements with a number of skins. These will be procured either by consignment or will, if necessary be purchased from the breeders. With the quantity of skins offered this year being possibly less than last season, the fox breeders should be in a position to hold together and work out a basis so that no types of skins would be made to materially suffer a great depression. However, this matter remains entirely with the people themselves.

Roumania's Reply Is Not Satisfactory

(Special to The Guardian).

PARIS, Nov 13.—The reply of Roumania to the Allied note, recently presented, in which it was again demanded that Hungary be evacuated, is regarded in peace conference circles as wholly unsatisfactory. The note, which was taken up for consideration by the supreme council this morning was characterized as extremely evasive. The Roumanians indicate a willingness to retire to the River Theise, but they decline to respect the original armistice lines, and also decline to comply with the Allied request that they name a member of the inter-Allied commission to compile the value of the goods seized in Hungary by the Roumanians, so that this amount could be deducted from the total of the reparations due to Roumania.

While the Roumanian note is worded in terms of extreme politeness it is held to indicate continued defiance to the supreme council.

A DOCTOR IN A TIN BOX!

Sounds strange, does it not? Yet that is how Mr. J. Cartier says Zam-Buk is regarded by his family. Mr. Cartier, who is a member of the family of the late Sir George Cartier, is Justice of the Peace and Assistant Clerk of the Circuit Court, Montreal. He first discovered the wonderful power of Zam-Buk by using it for eczema, which it completely ended. Since then his family is never without it.

"Allow me to express my gratitude," he writes, "for the benefit I have derived from the use of Zam-Buk. I have proved that it is, without doubt, the finest remedy for eczema. Its general healing and curative powers are immense. We call it 'Our Family Doctor' and are never without it."

Mothers should see that Zam-Buk is always handy, for not only does it end pain, draw out inflammation and prevent blood-poisoning, but it heals skin diseases and injuries in the shortest time possible. All dealers, 50c. box.

Among the purchasers of Guernseys were Captain John L. Read of the carferry; J. T. McKay, Moncton, N. B; E. J. Smith, E. Wheatley and L. W. Roper Charlottetown. Big Crash in N. Y. Market

NEW YORK, November 11.—The lowering speculative structure in the stock market, reared by professional interests in the last month on a foundation of "easy money," toppled over today, when call loans rose to 25 per cent, the year's highest figure, and the maximum since December 27th, 1907.

Losses of five to almost forty points were sustained by many leaders in the recent rise, especially steels, equipments, motors and oils. Numerous other industrials which accompanied the October boom also crumbled in today's convulsive movement.

Almost the only stocks to escape the drastic liquidation were United States Steel, which lost only a fraction of a point, and the high grade railway shares, where reactions were equally nominal.

ACCIDENTALLY SHOT WITH HIS OWN GUN

AMHERST, Nov. 12.—A fatal shooting accident occurred on the local marshes yesterday when Cecil McKenzie, of Point du Bute, received a full charge of No. 1 shot in the heart and died almost instantly.

The young man who only recently returned from overseas saw a couple of ducks and started back to the wagon for his shotgun. He evidently pulled the muzzle towards him for his father heard the gun explode and then saw his son staggering in his direction. When he reached the boy's side he was unconscious.
