The Market

(Canadian Press)
OTTAWA, Ont., Aug. 27—Egg markets are generally quiet and unchanged today.

TORONTO. This market shows very little change today. Sellers of graded eggs from Ontario points are finding difficulty in disposing of such lots at prices above extras 24 cents, firsts 22 cents, seconds 17 cents.

MONTREAL. Egg receipts here today were 2,022 cases as compared to 1,647 cases for the corresponding day last year. The market is dull with accumulation of stocks. Selling prices to wholesalers of graded eggs on spot are extras 27 cents, firsts 22 cents, seconds 18-19 cents. There is more interest showing in firsts at the present time.

CHICAGO. Spot 18. November refrigerators 21-14.

MONTREAL, Que., August 27—Butter prices were lower and cheese quotations were mainly unchanged, while egg and potato

BASEBALL

Promoted

On Aug. 22nd, a very friendly game of ball was played between the Dromore "Granites" and the Fort Augustus "Victors."

The Granites, having played several games with rural teams, and having been only defeated twice, thought that they were now in the best of condition to meet their old rivals, the Fort Augustus nine. The Victors, not having taken part in this kind of sport for a couple of seasons, were not in shape for a game, nevertheless, to show good sportsmanship on the date mentioned above a game was played on the Dromore diamond.

The Granites held the lead up till

prices were steady on the produce and dairy market here today. Eastern townships no. 1 pasteurized butter lost an eighth of a cent at 21-14 to 21-3/8 cents a pound. Receipts were 2,700 boxes. Quebec colored cheese declined an eighth of a cent at 12 cents, while Quebec white cheese was unchanged at 11-1/2 cents a pound. Ontario cheese held steady at 12 to 12-1/4 cents a pound. Receipts were 3,111 boxes. On the egg market extras in carlots were quoted at 28 to 29 cents, firsts at 22 to 23 cents and seconds at 20 cents a dozen. Receipts were 2,022 cases and quotations to retailers were unchanged.

ONTARIO'S CHIEF CORONER

Official confirmation has been received of the appointment of Dr. M. M. Crawford, chief coroner of York county to the office of chief coroner of Ontario.

New no. 1 Montreal potatoes were 35 to 40 cents per 80 pound bag, the seventh, innings, but the last two innings the Victors, by their heavy batting and snappy playing, scored four runs, this ending the game with score eleven to ten, in favor of the Victors.

Coach Dan Hughes worked hard to coach his team to victory, but they were unable to compete with the snappy playing of the Victors. The line-up follows:

Victors:—L. Dunn, Catcher; L. Duffy and J. Trainor, Pitchers; E. Callaghan, 1st base; J. McEachern, 2nd base; G. Laverty, 2nd base; J. Baird, Short stop; E. Duffy, right field; J. Trainor, centre field; J. Cumiskey, left field.

Granites:—T. O'Brien, catcher; J. Hughes and F. Hughes, pitchers; J. Callaghan, 1st base; R. Hughes, 2nd base; H. Hughes, 3rd base; J. Hughes, short stop; F. Hughes, right field; D. Hughes, centre field; J. Simpson, left field.

—INSPECTING OYSTER BEDS —Mr. W. A. Found, deputy Minister of Fisheries, was a guest at the Clifton Hotel, Summerside, when on his way to Ellerslie to the Research Station there in connection with the oyster culture. He was accompanied by Dr. Neidler, who has just returned from New York, where he attended the annual meeting of the Oyster Fisheries Association of North America. Mr. Shaw and Mr. Gallant, Inspector of Fisheries for the Island, and Mr. Squarebriggs of Summerside, were also in the party. They will discuss the improvement of the oyster beds. S.

—FISHERMEN NOT ABLE TO GO OUT—The lobster fishermen on the South Shore were not able to go out to their traps for three days at the early part of the week as the wind made it too rough for them to venture. On Thursday morning a few boats made a break and went out. Mr. Paturel says, in spite of the lull in fishing he has made three shipments of live lobsters and his factory has been going at top speed canning and packing the small lobsters. No shipment has been made as yet of canned lobsters. S.

—ELDERLY RESIDENT OF SUMMERSIDE PASSES —The death occurred early on Thursday morning of Mr. Patrick Watson, a highly respected citizen of Summerside, at the age of 72 years. Mr. Watson was taken suddenly ill last Friday with a paralytic stroke from which he never recovered. He had never fully recovered from the effects of an accident last winter when he was knocked down by a runaway horse. The deceased was born at Tignish, the son of the late Angus Watson. Early in life he removed to Alberton where he lived for many years and made a number of life long friends. In 1916 he came to Summerside and entered into the life of the community and soon made many friends. He was a staunch Catholic. His particular circle of friends will miss his cheery word and smile. He was very energetic and even after his accident would not give up his usual routine of life. There are left to mourn, his widow, formerly Margaret Coughlan of Alberton, five daughters, Mrs. John Hackness, Mrs. Earl Sudsbury, Mrs. Raymond Arsenault, all of Summerside; Miss Victoria of Worcester, Mass.; and Miss Bell at home; and two sons, John and James of

Mask invented by Dr. F. M. R. Bulmer, research specialist of the division of industrial hygiene of the Ontario provincial health department, for the purpose of protecting workmen against the dangers of breathing noxious substances such as stone dust and chemicals. Two workmen in a paint shop are dead due to it, it is reported, benzol poisoning contracted from the paint. The mask is attached to the low part of the face with a tube connection in front, which is attached to a compressed air line. The compressed air is pumped in at low pressure so as not to cause discomfort, but sufficient to keep out the vitiated air. The operator breathes the air pumped in from outside the room, the material of the mask being such that it can be expelled through the cloth.

"I got my money by sheer hard work."
"But I thought you inherited it."
"So I did. But the work I had to get it out of the lawyer's hands!"

Summerside; also three sisters and two brothers namely: Mrs. Thomas Graves of Worcester, Mass.; Mrs. John Graves of North Grafton, Mass.; Mrs. Christopher Campbell of Rochdale; Benjamin Watson and Richard Watson of Worcester, Mass.; to all of whom much sympathy is extended. S.

—ANNUAL MEETING.—The annual meeting of St. Thomas Aquinas Society was held in Mr. Adrian F. Arsenault's Office at Summerside, Wednesday afternoon with a large attendance. Rev. N. Poirier of St. Dunstan's University, President of the Society, presided. Among those present were Rt. Rev. Dr. Chaisson of Rustico, Mr. Justice Arsenault, Professor J. H. Blanchard of Prince of Wales College and members of the French Clergy. Professor Blanchard, secretary of the Association, read the minutes of the last annual meeting, which were approved. Reports were read showing that large sums of money had been expended on education and defraying expenses for tuition and board in St. Dunstan's University, Charlottetown and St. Joseph's University, St. Joseph, N. B. The president reported that all the students attending the Universities under the care of the Society were doing well and making satisfactory progress. It was agreed to send the same number of students next year. The following officers were elected for the ensuing year. President, Rev. N. Poirier, of St. Dunstan's University; Vice President, Mr. Mavin Gallant, Egmont Bay, inspector of French Schools; Sec. Treas. Prof. J. H. Blanchard of Prince of Wales College; Auditor, C. M. Arsenault of Abram's Village. Executive Committee, A. G. Poirier of Miscouche, Rev. T. Gaudet of Bloomfield and E. F. Gaudet of Wellington. Although this Society is only a few years old it has already educated several young French boys and promises to do a great deal more in the future. —S.

—Mrs. John Richie and little daughter, Miss Florence, who have been spending the last month in Summerside the guest of Capt. Pearl Richie, of the Salvation Army Staff, leave in the morning for their home in Dartmouth, N. S. Lieut. Barry who has been spending her vacation at her home in Sackville, returned last night to Summerside.—S.

CAT KNOWS ITS VEGETABLES

PORTLAND, Me., Aug. 27.—A vegetarian cat is owned by S. D. Crosby, of the Highlands, Knox County. The unusual pet lives almost exclusively on a raw vegetable and fruit diet.

GLASS EATER HAD INDIGESTION

PRATT, Kan., Aug. 27.—Jack Redcloud, whose diet consisted of snakes and glass while he was a "glass eater" with carnival, was released from a hospital here after

being treated for indigestion. He had complained of a "stomach ache."

"What are you crying for, my lad?"
"Father's a salesman for a new soap and every time a customer comes I get washed to show it off."

By George McManus
