"Keeping Up With the Jones"

Quick to realize what a great boost it would be for hockey hereabouts in having the world's fastest puck chasers perform in this city, the Forum management, when made aware of the fact, soon got busy, and only yesterday were in communication with those in charge of the Canadian-Maroon Maritimes tour, and if the writer interprets correctly, these teams will surely appear here, if at all possible. The proposed tour is not definitely settled, but if the Upper Canadian professionals make the trip, Charlottetown will not be found wanting among the other Maritime cities.

New Abegweit Coach

It is understood from reliable authority, that a new coach will be guiding destinies against Crystals here tomorrow night in the opening game of the second section of the Island Hockey League. This change is rather sudden, as it was understood that Roy Prowse, present coach was to carry on for the winter. If the above is correct, we wish the new leader all the luck in the world, and every success. He has a hard row to hoe and much criticism to bear with. A coach's job is not the sweetest in the world, especially if his team is behind. No matter what happens the leader comes in for all the ridicule. If the lineup has an off night, the Coach is also supposed to be off—and there it is. Prowse has been up against a tough proposition this winter—tougher than most people think, and if the above rumor is correct, the fans can only say he did his best with the material he had and gave his all in the interest of the game in this city.

Friday's Set-to

Fandom is on its hind legs these days over the coming Abegweit-Crystal second section opener at the Forum Friday night. The locals are gathering their forces and much preparation is in evidence for the reception of the fast skating and cagey Western sextet. Judging by the interest manifested, both here and in Summerside, it looks as if the Forum will be taxed to accommodate the record breaking attendance expected.

Williams Back in Game

The return of "Chick" Williams to his position on the Abegweit defence will be heralded with much joy by fans and fanettes alike. Williams, it is understood will appear in the lineup here against Crystals Friday night. "Chick" made a great impression on the local defence in the opening games; in fact his hockey stood out more prominently than any player on the team. He will be eagerly watched on Friday night.

Art Dalton Leads Scorers

Art Dalton's many friends in this city will be glad to learn that he is at present leading the Nova Scotia Central League in total goals scored. Dalton is playing right wing for the Amherst Ramblers and is also directing the plays. Amherst is leading their League with eleven wins and no defeats. It may also be mentioned that this young hockeyist was leading goal-getter in Nova Scotia last year. Both he and Cormier tried out with the Abegweits here, but, according to some, made little impression.

Callant, Great Hockeyist

Callant, speedy right wing, who made Crystals a not infrequent plaudits of western fans' followers, but Charlotte-town as well. "Chick" is not only fast with plenty of ability, but also the clearest hockeyist in the game. He is a credit to the Forum.

It to the great national game in this Province and an invaluable asset to the Crystal lineup.

The N. H. L. Race

Leafs and Maroons are closing in on Canadiens and both are locked together in second place at present. Canucks now find their lead whittled down to a bare two points and they face three opponents this week. Toronto fans went wild with delight when fans trounced them handily before the greatest hockey crowd in the history of the Queen City. Thousands had to be turned away and Conny Smythe must have wrung his hands in despair as he saw all the golden dollars pass up, and likely there and then made a vow that Leafs would be housed in a larger rink next year, where they would be able to take care of all who care to pay. The Canadian section race is as tight as it can be, and the American is now somewhat of a puzzle. Boston Bruins find Chicago treading on their heels and their lead is in danger. Hawks are knocking on the door with a loud and insistent bang and refuse to be stopped. Not for many years has the N. H. L. witnessed such a fine race for major honors in both groups, and it is still a long way from playoff time.

Limit to Everything

Ottawa, apparently, can't quite supply hockey players for a whole continent and keep a championship team for herself. There's a limit to everything.

Something to Shoot At

Thirty games is a large number for two teams to engage in over a period of seven seasons and only have them decided by a single goal, but that is exactly what Ottawas and Maroons have been doing. A number of other contests have been settled by larger margins, but on the whole these teams have invariably battled to a one-goal decision, and according to statisticians who know their figures, they hold all records for close scoring. There was a game on Saturday night typical of the two teams. Maroons failed to shine with their usual lustre while Ottawas suffered considerably through lack of man power and that they were able to hold their old antagonists so closely was quite a feat in Montreal and regarded by the critics there as considerable of an achievement. Ottawas leave for Boston today, where they meet Bruins in a very important game, as Boston are now only two points ahead of Chicago and will pay Ottawas more than usual attention. This is a spot where Ottawas can regain a lot of prestige and victory down there would be a big thing for them. They come back for a game here with Canadiens on Thursday, tonight, and then set out for Toronto over the week end. These games are fraught with great import for them and all three this week are, of course with the toughest teams in the league.

"Bunnie" Campbell's Shakeo Drinkers hearty challenge Ed. Acorns "Pie Eaters" to a friendly game of hockey at the Forum. Acceptance to be made through these columns. Chester Reid, Manager.

THE JUNIOR HOCKEY LEAGUE

It is gratifying indeed to the great number of our citizens who follow with interest the fortunes of the Abegweits to learn of the formation of a Junior Hockey League in Charlottetown, following the ideas of the Ontario Junior Hockey Association. At the present time, when half of the really good hockey players in the Maritimes are "imports" from Ontario it is particularly pleasing to see Charlottetown take the initiative of introducing into the Maritime Provinces the system which has succeeded in filling the upper provinces so full of hockey stars as to enable it to supply seventy five percent of the N. H. L. teams, some of the best amateur teams in the Dominion, and still have enough left to supply the needs of these Provinces by the sea. Should the introduction of Junior Hockey in Charlottetown produce results anywhere near this, it will be a fortunate venture on the part of the sportsmen responsible.

For the present season the league will consist of three teams, all players under twenty years of age on September 1st, 1930. The teams are: The Silver Foxes coached by Fred Moore, and "Sugar" Gordon, managed by Charlie Stewart and being supported financially by the Levin Fur Company of Toronto, through their popular local representative, Mr. B. Roy Holman.

The Queen Hotel, managed and coached by Charlie Thompson and Jimmie Leightizer, and receiving their financial backing from Mr. H. C. Brown, the genial manager of the Queen.

The third team is the Gyroscopes, coached by Tom Rogers, George Buntain and Earl Prowse, and managed by Frank Fraser. This team is being sponsored by the Charlottetown Gyro Club, and is named in their honor. A regularly constituted League has been formed with the following officers:

President—J. P. Simmonds
Vice President, B. R. Holman, H. C. Brown, C. M. Williams
Secretary, J. B. Murley
Executive, G. W. Dewar, J. J. Leightizer, R. C. Chandler

A double schedule of games will be played for the Junior Championship of Charlottetown, and with the efficient coaches allotted to each team it is a near certainty that an abundance of hockey material will be developed in the course of a year or two, which will assure us a place in the sun in Maritime Hockey and allow us to climb there with "home grown" talent.

Citizens are invited to turn out and see the boys perform once. If they don't like it, well, don't come again, but do come once, you'll get a big value for your money.

RIFLE SHOOTING

The Monday evening shoot at the Armouries A. V. Spillet and W. Dennis tied for first place in the Class A spoon shoot. The scores were low owing to a heavy mirage. B Class spoon was won by K. Burhoe and C Class by Jack MacDonald.

On Wednesday night Jack Stewart cleaned up in Class A with a 92, winning the spoon. B Class was won by Don Eall and C Class won by E. Carmody. The scores for Wednesday night were as follows:

Table with 2 columns: Name and Score. CLASS A: J. C. Stewart (92), W. Phillips (91), J. S. Moore (91), W. Dennis (90), F. B. Conrad (82), K. Burhoe (80), S. Jones (83). CLASS B: D. Bell (84), A. O. New Annex To Labour Union Hall Opened Last Night

The last laurel of success to an energetic executive desirous of widening the scope of the social activities of the Laborers Protective Union was realized last evening in the opening of the magnificent new annex to the Union Hall on Water Street. A largely attended dance marked the opening of the spacious new room in which henceforth all the Union social activities will be held. The vice-president, Mr. James Welsh, a charter member, conducted the ceremonies and in his speech remarked on the situation which made a new hall necessary, the fact that the old accommodations were not sufficiently commodious for the large crowds which came to the social.

Almost four hundred attended the dance in the beautifully decorated new annex, the floor of which afforded a most excellent dancing space. Mr. Alf McKearney's orchestra was in attendance. Refreshments were served at twelve o'clock.

The annex, the erection of which cost about \$1350, is 42 feet long and 22 feet wide, and twenty feet high. The exterior is of spruce surfaced with tar paper and shingled, while the interior is finished in Douglas fir. The work was done by Union labor under Mr. John Power who had the contract for erecting the annex.

The thanks of the Union goes to Mr. Ed. Acorn for his contribution of a box of chocolates for a door prize.

The usual election of officers for the carrying on of the church work followed. A programme of constructive work for the coming year principally on the line of Christian education and spread of the gospel was outlined by the pastor.

It was the decision of the meeting that the congregation enlist in the Pension Plan of the Churches of Christ.

TRURO, Jan. 21.—New Glasgow Tigers went into the lead in the eastern Hockey League here tonight by defeating the Truro Bearcats 4 to 2. There was no doubt of the visitors' superiority, the score at the end of the second period being four to nothing. Red Cooke, forward for the tigers, getting two and Malcolm Jackson, one each. In the last period, Lennan and Jemmet scored for Truro. Considering the wet condition of the ice, the game was very fast.

KENTVILLE, N. S., Jan. 21.—Sackville defeated the Springhill Miners here tonight 1-0 in a Central N. S. League contest. Wheaton scored the winner early in the first period.

MONCTON, N. B., Jan. 21.—Amherst Ramblers turned in their eleventh straight victory in the Central League season by defeating the second place Moncton Athletics here tonight by the score of six to one.

TURNIPS AND POTATOES—The market for table stock, mountains, continues strong and loading is brisk all along the railway line. The price for table stock, mountains, is holding its own. Just at present the turnip market is exceptionally active and the price has advanced five cents a bushel since Monday. Thirty cents (30c.) a bushel is the price now paid by dealers. The railway yard and loading warehouses throughout the Province and in Charlottetown, are busy places this week. The roads and river ice are in good condition for hauling and the weather is most favorable for handling perishable products. The principal market at present for potatoes and turnips is New York via steamers from Halifax.

Y. BASKETBALL

After tralling the Amazons for 33 minutes of whirlwind covorting the fighting basketekers who sport the "Red and Blue", staged a sensational rally to nose out their opponents by the narrow margin of 1 basket. Using their height to good effect the losers showed some "cagey" ball tossing, keeping their rivals well within bounds for the great margin of the game, but in the end were forced to bow to their more experienced opponents. Both teams put up a good brand of basketball; the play being fast and clean, and of a type which merits more support from the lovers of clean sport in our city.

Continuing their winning streak the Y "Army met their traditional rivals, the "Navy" in a battle of strategy, speed and brawn; when the smoke of battle had lifted from the Navy decks, the Y flag was again run to the masthead. The Navy team was handicapped by the absence of several regulars, which resulted in a curtailment of their customary flashy offense. In contrast to this the Y team were at full strength their five regulars playing the entire game. The defence pair G. Toombs and A. Matheson, threw up a barrier which withstood the hardest attacks of the Sailors, either smothering their shots or forcing them to shoot from almost impossible angles. This win places the Y in first position having won 2 and lost none.

Y. M. C. A. NAVY: J. Connolly, C. Coyle, A. McEachern, B. Dolron, L. Connolly, J. Forsythe, G. McMahon.

Y. M. C. A. AMAZONS: E. Rattenbury 10, M. Fraser 2, H. McKee 6, D. Prowse, E. Bourke, L. Miller 2, I. Patterson, M. Shaw, W. McKie.

THREE GAMES AT THE FORUM LAST EVENING

Over five hundred fans attended the triple bill at the Forum last night, and enjoyed fast and exciting hockey in every fixture. Last night's games were the openers of the Junior and Industrial Leagues.

The first set-to between Gyros and Queen Hotel Juniors, ended in a win for the former by a score of 4 to 1. The Queen boys opened the scoring of the night when Keith Acorn scored their first and only goal on a pass from Goss. Five minutes later Gyros evaded the count, when Borden Cox scored the twine on a pass from Bennett. Six minutes later the Gyro sextet went into the lead, when Cox gathered in Bennett's rebound to beat Reid. There was no further scoring in this session.

On the opening of the second period Queen Hotel made a desperate effort to even the score, when their entire front line broke clear to race in on top of O'Neill, but the sturdy young goalie was equal and turned back the threat. There was no registering in this period, although both net-minders experienced many tight squeaks. Gyros added two more goals in the final frame, Kennedy getting the first in four and a half minutes on a lone canto, in what was thought to be the nicest play of the game. Only one minute from Kennedy's tally, Currie sagged the netting on a pass from Cox.

Table with 2 columns: Name and Score. Class B Trot: Johnny Walker (1 1 1), Mack Todd (2 3 2), Ruth S. (3 2 3). Class C Trot: Anna Azoff (1 1 1), La Rico (2 4 2), Haste (3 2 3), Longset (4 3 Dr). AGED RESIDENT BURNED TO DEATH

Fire which broke out on Friday morning about five o'clock and completely destroyed his dwelling house took the life of Mr. George Warren, of Fortune Cove, Prince County. It is not known just what caused the blaze, but by the time help arrived the house was a mass of flames and nothing could be done to rescue the unfortunate man.

Mr. Warren, who was an uncle of George D. Warren, of Fortune Cove, lived in a small house on the latter's farm. It is believed that he arose early to start the fires and returned to bed or else when lighting a lamp lit the bed clothes. He was a bachelor and was over 90 years of age.

Mr. George D. Warren was away from home at the time and the fire had considerable headway before neighbors arrived. It was intensely cold that morning, and very little could be done. The house and contents were entirely destroyed.

The evening previous to the fatality, Mrs. Warren had attended to his needs in the usual manner and left him the night before with everything tidy and cared for. A wakened by her child, who was taken ill in the morning, Mrs. Warren saw the building in flames and so far as the fire progressed that it was utterly out of the question to do anything towards saving the inmate of the building. Neighbors assembled to give whatever assistance was possible but could do nothing but stand by and see the fire complete its work.

When they arrived the building was practically destroyed and it was but a question of quelling the remnants of the fire in an endeavor to rescue whatever might remain of the buried body. Portions of the shoulder and of the thigh bone were recovered.

No inquest has been held, so far as authorities here are aware, such procedure evidently being considered unnecessary.

Blanchard lw Referee—Ivan Nicholson (Hickey).

WING SHOTS 4; SMOKE EATERS 0. Wing Shots beat Davies and Frasers Smoke Eaters 4 to nil in the first game of the Industrial League. The Unionites are a well balanced, strong and heady aggregation. Lund and Joe McDonald were the scorers, each getting two goals in as many periods.

Chick Williams refereed. It may be mentioned that the trophy being played for in this league was presented by Tip Top Tailors of which D. A. Bruce is the local representative.

The hotelmen unleashed good hockey last night to come home in front of the Recreation Club for a shut-out. Their scores were negotiated in the first and second periods, Dillon getting number one on a pass from McMahon, and Ryan, number two on an assist by Howat. A feature of this game was the spectacular goal minding of Mills of the Recreation Club, who turned aside 37 shots over the route.

Canada's Trade

OTTAWA, Ont., Jan. 21.—Canada had an unfavorable balance of trade of \$103,109,128 for the twelve months ending December 31, 1933, according to figures compiled by the Dominion Bureau of Statistics. Imports during the year totalled \$1,708,479,477. Exports of Canadian goods amounted to \$885,976,366 and exports of foreign goods to \$19,463,987. The excess of imports over exports in the last calendar year was greater than in 1930 when the unfavorable balance of trade was \$90,654,262. The year just ended was the second successive year in which Canada imported more than she exported. In both 1932 and 1928 the favorable balance of trade was approximately \$150,000,000.
