STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store.

Ah! how good it feels. Your nostrils are open, your head is clear, no more yawning, snuffling blowing; no more headache, dryness or struggling for breath.

Ask for Minard's and take no other.

DR. DE VAN'S FRENCH PILLS A Powerful Regulating Pill for Women. Sold at all Drug Stores, or mailed to any address on receipt of price.

PHOSPHONOL FOR MEN. Restores Vitality for Nerve and Brain; increases "grey matter" a tonic will build you up.

The Central Guardian

IT PAYS to buy in this Province.

Mr. Chandler had two sons at the front, one Samuel E. having made the supreme sacrifice on Nov. 3rd, 1917, in the battle of Passchendale. He was the first to volunteer from the Hazelbrook district. Sergt. Edmund Chandler is now in England recuperating from trench fever.

"from Contented Cows"

Fresh, rich Milk that "keeps" for Months

ORDINARY milk must often be wasted, because it is perishable.

You buy so much a day—a pint, a quart, three pints.

But some days you don't need it all—some of it is wasted, other days you need more than the regular supply.

Surely, you will be interested in milk you can keep on your pantry shelves, and use as you need it. A safe, rich milk that is always fresh, always pure—and always ready to use.

Carnation Milk comes to you in sealed air-tight cans, safe from contamination, sweet, fresh, pure.

It is milk, rich, "whole" milk—nothing more.

It may be used in every way that ordinary milk is used.

But it is richer than ordinary milk, for Carnation Milk is evaporated to the consistency of cream.

Its quality may be judged by the fact that it "whips" beautifully—(when thoroughly chilled of course).

In coffee, tea, cocoa, with cereals or fruit it is used undiluted—just as it comes from the can.

Add an equal quantity of pure water to Carnation Milk and it is a rich,

wholesome milk—pure and safe for children to drink.

Remember Carnation is not artificially sweetened.

It "keeps" perfectly, because it is sterilized. No sugar or preservatives are added. And nothing but water is taken away.

So when you add water to Carnation Milk, you "bring back" the original fresh milk. Used in preparing foods: cooking, creaming vegetables, soups, gravies; Carnation Milk imparts a creamy richness—without the need of adding butter.

Carnation Milk takes the place, in your home, of cream and milk. Saves the waste of those perishable foods. Improves every dish you prepare with milk. Enables you to have always at your command, a perfectly safe, rich milk, in just the quantity you may need.

Order From Your Grocer

Remember—Your grocer is the Carnation Milk man. Ask him to send you three or four cans (tall size). Try it and learn for yourself the many conveniences, and economies of using milk in a safe and absolutely pure form.

The Story of Carnation Milk

Have you read it? If you are particular about milk, you will be delighted with the methods we use to supply milk, that is safe, pure and uniformly rich. Let us send you "The Story of Carnation Milk" in booklet form. It not only tells how Carnation Milk is produced, but contains many a fine recipe to add to your collection. Write to-day for a free copy, but mention this paper—please.
