Government Institutions Endorse Japanese Catarrh Cure as the Only Permanent Cure for Catarrh.

CURED EVERY CASE WHERE THE REMEDY WAS TRIED.

Catarrh is one of the diseases which should not be experimented with, every day's neglect allows it to spread deeper and deeper until loss of taste, smell and hearing are the inevitable result.

Mr. A. E. Wilson, Principal, Government Indian Home, Ekhnora, Manitoba, writes: "Some time ago we purchased three boxes of Japanese Catarrh Cure, and must say it gave wonderful results in every case tried."

Japanese Catarrh Cure is not a powder, it is a pleasant, healing, penetrating, volatile pomade, it is easy to use, requires no instrument of any kind, it reaches every catarrhal diseased portion of the mucous membrane, and permanently cures catarrh, wherever located.

SUNDAY SCHOOL LESSON.

DECEMBER 23. CHRISTMAS LESSON.

Matt. 2. 1-11. Memory verses. 4-6. GOLDEN TEXT.

Thanks be unto God for his unspeakable gift.—2 Cor. 9. 15.

OUTLINE.

1. The Light of the Star, v. 1, 2. The Light of the Star, v. 3-6. 3. The Light of the World, v. 7-11. Time.—The very end of B. C. 5, or early in B. C. 4.

LESSON HELPS.

1. "When Jesus—was born Not on the precise day or week or month, but in general association with Hebrew, but the star may have appeared before his birth, and the wise men may have months on their journey."

2. "Where is he?"—Pagan historians tell us the whole world of antiquity had for many years been looking for a Saviour, who was expected to come as King of the Jews.

3. "He was troubled" Fearing a revolt against his rule, Herod, king of that day would fear a rule of justice more than all the cruelties of Herod. Strange that, while the Messiah was born not six miles off, Jerusalem gets her first news from strangers coming from perhaps a thousand miles distant.

4. "Chief priests"—The high priests and heads of the priestly order, "Scribes"—Students and interpreters of the law. Taken together in this way, the Sanhedrin is probably referred to.

5. "Written by the prophet"—Written by Micah centuries before, and well understood by all students of the Scripture in that day.

6. "Among the princes"—The word in our Old Testament version is "thousands," which were smaller divisions of tribes, and each of which had its own ruler or prince.

7. "Privily" Secretly, so that it might not be known. "Diligently"—Here meaning precisely, exactly. "What time"—So that he might know the age of the child. "So long as any one lived who was born in Bethlehem between the earliest appearance of the star and the time of the arrival of the Magi he was not safe."

8. "Worship"—While saying "Worship" he was meaning to slay. "The star"—Which had disappeared for a time. "They rejoiced"—How different the feeling of these Gentile seekers from that of the Jews of Jerusalem!

9. "When they were come"—From Luke 2. 30. It has been inferred that soon after the birth of Jesus the holy family returned to Nazareth. If such was the case, they must have come back to Bethlehem once more. "Treasures"—"Chests or bales in which the gifts had been carried during their journey."

10. "They rejoiced"—The orientals always bring gifts when they visit kings or great personages. "Frankincense and myrrh"—Fragrant and costly gums, obtained from trees and used in sacrifice.

THE PEOPLE'S KNITTING SYNDICATE LIMITED.

Incorporated by Provincial Charter under the Ontario Companies Act. Authorized Capital Stock, \$180,000. HEAD OFFICE, - TORONTO, CANADA

The Syndicate is offering a limited amount of Stock at \$1.00 per share in lots of twenty shares. (Each subscriber of the twenty shares to be furnished a twenty-dollar knitting machine free to work for the Syndicate and to share in the net profits of all goods made.)

The Syndicate has been formed for the purpose of manufacturing knitted goods cheaper than any existing company, to keep down prices, and to oppose the large knitting Companies and Companies which have joined hands to raise prices. To do this successfully it is necessary to get yarn at first cost and to manufacture goods with the least possible expense. Therefore:

- 1. The Syndicate supplies its own yarn and machines. 2. The Syndicate has all goods made by shareholders knitting at their own homes. 3. The Syndicate pays for all properly made goods at once upon receipt of same, and besides paying for the work when sent in will semi-annually divide with its working shareholders the net profits from the sale of all goods made by its shareholders. 4. The Syndicate sells all goods made by its working shareholders. 5. To each subscriber of twenty \$1.00 shares the Syndicate gives free a twenty dollar Knitting Machine to keep, and also supplies each working shareholder, free of charge, full directions, samples and yarn to make the goods.

THE METHOD OF THE SYNDICATE is to supply its own yarns and knitting machines to its shareholders, FREE. By this plan it can readily be seen that the Syndicate not only benefits its shareholders by way of dividends, but the source of a regular employment and income at their homes. The Syndicate is fully prepared to keep its shareholders supplied with yarn for doing the various kinds of work required, and it is also in a position to dispose of all goods knitted from these yarns through large jobbers and to the general trade as fast as it can be sent in by its shareholders.

It will be seen that to manufacture goods on so large a scale it would be necessary to have a number of knitting factories, which would mean the investment of thousands of dollars, besides taxes, insurance and interest on same. We can, therefore, not only manufacture goods cheaper and in larger quantities, but pay our shareholders dividends semi-annually.

THE MACHINE The Syndicate furnishes a high speed family seamless knitting machine, and will last a lifetime with ordinary usage. In fact the Syndicate will guarantee the machine for twenty years. I will knit from the finest of imported yarns to the coarsest of Canadian wool yarn the same as hand work, but eighty times faster. In fact a pair of socks or bicycle hose in twenty minutes. With each machine a full outfit is sent together with a supply of yarn to commence at once. The guide accompanying the machine is so plain and operation so simple that anyone of ordinary intelligence can make any of the knitted goods required by the Syndicate, such as Gents' Socks, Ladies' Stockings, Golf and Bicycle Hose, Knickers, Leggings, and Toggles for Children.

THE PRICES The Syndicate pays for knitting these goods are:—Socks, \$5.00 per 100 pairs; Ladies' Stockings, \$10.00 per 100 pairs; Gents' Socks, \$5.00 per 100. All these goods are quickly made on the machine and at these prices any person willing to work can make good pay, much more than clerking in store, working in shop or laboring on farm. Shareholders can devote all or part of their time knitting, but at all times they are expected to work for the interests of the Syndicate.

WHO CAN JOIN. All persons willing to accept and honestly knit the yarn entrusted to them, and to return made goods promptly to the Syndicate. WHAT YOU MUST DO TO JOIN. Each person desiring to become a shareholder of stock, participating in the semi-annual dividends, and to do work for the Syndicate, receiving pay as fast as the work is sent in, must cut out the following APPLICATION FORM, sign their name to it, fill in address and reference, and enclose it with Express or Post Office Money Order to the Syndicate.
