BEAVER FLOUR Requires Less Shortening

And it makes lighter, flakier Pie Crusts, Tarts, Doughnuts and Cookies than you ever got with Western Spring Wheat Flours.

"Beaver" Flour is milled of blended wheat. It contains Ontario Fall Wheat (famous for pastry making) blended with Western Spring Wheat to add strength. You save shortening—and you get a flour that is always the same in quality and strength—when you use "Beaver" Flour, the only kind of flour that is equally good for Bread and Pastry.

medical attention waited on him. He held out bravely till the last in extreme pain, the right arm being completely wrenched from the body, but with other internal injuries and loss of blood he gradually sank and passed to the great beyond. This is a specially sad case as the deceased was the only support of a widowed mother. The remains were taken to the undertaking rooms of Mr. P. L. Bowness and from thence by train to his home. The Guardian extends sincere sympathy to the bereaved friends.—H.

—Mr. and Mrs. James Alyward, Tignish, Mr. and Mrs. Maurice Maynard, Port Hill, Mr. W. E. Noonan and Mrs. Thomas Noonan, Albany, Mr. and Mrs. John Wells, Elmsdale and Hon. John Richards, Bladeford, were among the visitors to Summerside on Saturday.—H.

—The many friends in Summerside of Dr. G. P. McDougall, St. Louis, were pleased to have the pleasure of his company on Saturday. The doctor is always a welcome visitor to the town.—H.
