SPLENDID RACING. AT MOOSEPATH.

(Special to The Guardian.)

ST. JOHN, July 10—Horse-lovers and others who went to Moosepath today were well rewarded for the races were clean, interesting and well contested.

The track was a trifle heavy but despite this the time made was fast and starter Frank Power of Halifax is the authority for the statement that the races were as good as he had seen for a long time.

Today's card had two races on it, the 2.27 trot and 2.30 pace and the 2.12 trot and 2.15 pace. Both were won in straight heats, the honors in the 2.27 trot and 2.30 pace going to P. Boutilier of Halifax with his fast bay mare Minnie, and the second money to another Halifax horse, Lady Halifax, owned by the Halifax Stables.

American horses present got in the money in this race with Thomas S., a black gelding owned by M. R. Stewart of Fort Fairfield, who landed third place.

The following is the summary:—

2.27 TROT AND 2.30 PACE.

Purse $300. Best three heats in five.

Minnie bm, by Brazilian, F. Boutilier, Halifax 1 1 1

Miss Winifred, bm, by Bingen, D, D, Warman, Providence, R. I. 6 5 6

Chehalis Jr., bl. g., by Chehalis, P. A. Belliveau, Moncton, dis

Thomas S., bl g, by Viceroy, M. R. Stewart, Fort Fairfield, Me., 3 6 2

Buster Brown, b h, by Mars, W. W. Boyer, Fort Fairfield, Me., 5 3 4

Lady Halifax, bl m, by Traffic Agent, The Halifax Stables, Halifax, 4 2 3

Miss Lightfoot, mb, by Senator Patchen, J. B. Mercer, Princeton, Me., 2 4 5

Time—2.21½; 2.21½; 2.23.

2.12 TROT AND 2.15 PACE. PURSE $300.

Strathleen Burns, bm, by Bobbie Burns, J. H. Reid, Fort Fairfield, 3 3 2

Bingeias, b h, by Bingen, D. H. Warman, Providence R. I. 1 1 1

Mary Cromwell, bm, by Gambetta Wilkes, F. Boutilier, Halifax, 2 2 3

Oswego Boy, bg, Antee Wilkes, W. V. Douse, Attleboro, Mass., distanced.

Time—2.18½; 2.19; 2.21.

Just before the start of the third heat Bingieas broke her hobble and the start was delayed until another was adjusted.

The races were well handled by the veteran Frank Power as starter, Dr. D. H. McAllister of Sussex, and Dr. Gough of Halifax as judges and W. S. Jewitt, W. B. Campbell and D. C. Clinch as timers.

CONTRACT BINDING.

(Canadian Press.)

LONDON, July 11—The Privy Council of the House of Lords decided today that the important contract between the Commercial Cable Co., and the Government of Nfld, of Feby 1909 is valid and binding on the Nfld Government.

It was the contract entered into by the Administration of Bond before the Government was turned out and that of Sir. Edward Morris installed. Under the contract the commercial Cable Co., laid two cables to Nfld, and broke up the cable monopoly that had existed in that place. The Administration coming into power repudiated the contract.

LIGHTNING STRIKES SUMMERSIDE HOME—TWO LADIES INJURED AT LONG RIVER.

(Special by Phone.)

SUMMERSIDE, July 11—The residence of Mrs. Samuel Grady, Summerside, was very badly damaged during the electrical storm which occurred this morning.

The lightning struck the chimney and literally tore up the floor and survases in the hall and sitting room.

Fire broke out among the rafters in the attic, but was extinguished by the firemen who responded promptly to the alarm which was rung out about one o'clock.

The owner's loss was partly covered by a small insurance.

Mr. and Mrs. Grady and family happily escaped unhurt.—J.

The Thunder storm of Wednesday evening was particularly violent in Long River and vicinity.

The residence of Jasper Bell of Long River was struck by lightning and damaged to quite an extent.

Mrs. Bell, who was passing through the sitting room was thrown down and sustained severe injuries.

Dr. Jardine of Kensington was immediately called and at latest accounts Mrs. Bell was improving.

The residence of J.A. Millman, further up the road, was also considerably wrecked and Miss Millman somewhat burned.

Altogether the squall of Wednesday evening was the worst experienced in Long River for years.

CANADA'S POLICY IN THE NAVY.

(Canadian Press.)

LONDON, July 11—The Canadian Premier Rt Hon Robert Laird Borden was the guest of honor at a banquet given by the Colonial Institute here tonight and was accorded a great reception. Other guests included Lord Strathcona, High Commissioner for Canada, Earl of Selbourne and four of Mr. Borden's Cabinet colleagues, Messrs Doherty, Hazen, Foster and Pelletier.

In a spirited speech the Premier declared that Canada did not propose to be a mere adjunct even of the British Empire.

He agreed that the defence of the Empire could best be secured by one navy but contended that while Canada would not shrink responsibility in that respect, she must have a voice in the policy of shaping that defence.

H. R. H. DISPUTES SON'S ENGAGEMENT.

(Canadian Press.)

WINNIPEG, July 10—His Royal Highness this morning authorized the statement that he knew nothing of the report emanating from the Echo de Paris to the effect that Prince Arthur of Connaught was engaged to Princess Irene Alexandrovna, daughter of the Grand Duke Alexander Michaelovitch, cousin of the Czar.

TRAMP'S DEAD BODY IS FOUND.

(Special to The Guardian).

HALIFAX, July 10—The body of a tramp lies pinned beneath the fore tracks of the mail car in the Grand Lake wreck.

From his appearance he was a soldier.

LINKLETTER HOME STRUCK BY LIGHTNING.

(Special by Phone.)

SUMMERSIDE, July 11—The dwelling house of A. McLure, Linkletter, was struck during the electrical storm which passed over Prince County Tuesday.

The lightning ball entered the flue at the top and passing down blew out the safe.

Entering the dining room it there seems to have divided, part of the ball going north burning a large hole in the window screen. It also punched a large hole in two milk cans standing outside the door, while the other bolt went south passing out thro the pantry window and burning another large whole in another wire screen and starting a fire which fortunately was quickly extinguished.J.

FURNISHINGS FOR HOT DAYS

Fortunately for those who spend most of the summer in the city there are many ways of enjoying rest and quiet. Can you imagine anything better than a big easy, willow chair on a verandah, secluded by its vines and flower boxes? There will be a table with its plant and books where lemonade and iced tea will be served. With cool linen cushions, a hammock, and a palm-leaf fan one can smile at the uphill climb of the mercury thread.

Or perhaps it is a little vine-clad arbor in the backyard, with its rustic seat and table, a steamer chair, and hooks for a hammock. Or again it may be an airy little apartment where the upholstered furniture is dressed in grey and old blue linen covers; the floor cool with white bath rugs, bordered with old-fashioned posies. These rugs laundry beautifully after the manner of their cousin, the Turkish towel, and keep their shape very well if slightly starched.

The use of cooling colors—greys, blue, greens, and lavenders — and keeping the rooms well aired and shaded from the direct rays of the sun is more than half the battle against the heat.

"For that feeling of lassitude try Mac's Blood fFood, the premier blood and nerve tonic. The Two Macs. 7—10M3i

THE ELECTION CAMPAIGN NEAR ITS CLOSING.

(Canadian Press.)

REGINA, July 11—Tomorrow will see the close of Saskatchewan's exciting election campaign. Nearly all the ridings will vote tomorrow, two at Athabasca and Cumberland being deferred.

In forty seven constituencies there are straight party fights with no third candidates to complicate matters.

FARMER'S INSTITUTE MEETING.

A meeting of Lots. 27-28 Institutes was held on July 2nd, 1912, at Augustine Cove. The meeting opened with President Cameron in the chair who introduced Harvey Mitchell of the Dairy Division, Ottawa.

He began by speaking of the importance of Dairying in the Dominion of Canada. He also spoke of the Dairying industry of Denmark and showed what could be done by co-operation. They raised the average production per cow from 4000 lbs to 9000 lbs of milk per year.

He then showed a chart on the manurial value of fodders and showed what we were taking out of our farms when we sold all we grew. This chart was very interesting as evidenced by the number of questions asked by the farmers present. Mr. Mitchell claimed that if one third of the diary cows on P. E. I. were disposed of and the feed given to the remaining two thirds there would be more profit for our farmers.

The next chart was a comparison of returns from 12 herds at Kensington factory from June 1st to October 31st, 1911, showing the differ- weeding out poor cows.

The next was a comparison of two herds and the difference in the re-results which was large because one herd was cared for and the other was not.

The next was a comparison of two herds and the difference between two methods of feeding and caring for the cows.

The next was on the advantage of Ueeding out poor cows,

The last chart was on the difference in the production of 6 herds; the larger returns obtained by keeping records and using pure bred sires. He then made a strong plea for the better feeding of the cows. Also that all should test their cows and weed out the poor ones.

A discussion on testing of cows took place in which many valuable points were brought out.

A vote of thanks was tendered Mr. Mitchell for his very instructive lecture and suitably acknowledged.

An informal discussion followed during which several expressed their appreication of Mr. Mitchell's lecture.

The matter of our Institute Picnic was then taken up and it was decided that we hold it on the Experimental Farm at Charlottetown.

Arrangements have since been made and we intend to have the picnic on July 13th.

A special train will leave Cape Traverse at 9 a.m., returning in the evening. J. E. Howatt, Sec.

WEDDING BELLS.

St. Joachim's Church, Vernon River, was the scene of a very pretty wedding on the morning of June the 25th when Miss Laura Praught, the daughter of Joseph Praught of Pownal, was united in marriage to Joseph A. Sullivan. The marriage ceremony was performed by the parish priest, Rev. Jas, Morrison. The bride was very becomingly dressed in white silk trimmed with silk insertion and wore a large white hat to match, she was attended by her sister Emma who was handsomely dressed in silk mull and white hat trimmed with tulle bows. The groom was supported by his brother Ambrose. After the ceremony the bridal party went for a drive and returned to the home of the bride's parents, where at one o'clock p.m. dinner was served up to a large number of the friends and relatives of both bride and groom. The remainder of the day was passed in singing and dancing in the shade of the old apple trees. Shortly after tea they repaired to their future home where they entertained a large party of their more youthful and jovial friends, and a very enjoyable night was spent in dancing which was prolonged into the wee sma' hours. The esteem in which the young couple is held was amply revealed by the large number of wedding presents showered upon them, many of them from friends and relatives and all of them valuable, dainty and useful. The groom's present was a magnificent gold watch and chain to the bride and a gold bracelet to the bridesmaid. Of the other presents which are far too numerous to give in detail it is sufficient to say they all testified to the high esteem in which the young couple is held. but special mention should be made of the Parlor Suite presented with best wishes from a Club of Friends. Their future home will be in Cherry Valley and in their journey through life they have the best wishes of their large circle of friends for continued happiness and prosperity.

"We are showing a splendid line of preparations for relieving you from the attacks of the common house fly. The line includes Spiralette and the Wonder Fly Killer, two new preparations, Flistickon, Wilson's Fly Pads, Tanglefoot and many other preparations that will prove themselves of splendid merit in keeping the home free from ravaging attacks of these filthy pests. MEDICAL MEETING

(From Yesterday's Evening Guardian)

The annual meeting of the P. E. I. Medical Association took place in the Board of Trade Rooms, Charlottetown, yesterday and was in all respects a most successful one.

The following members attended:—Drs. Ross, McEwen, A. McNeill, A.A. McLellan, J. C. Ballum, J. A. McPhee, J. C. Macdonald, Conroy. Warburton, Jenkins, Carruthers, Dorsey, MacMillan, Yeo, H. D. Johnson, Dewar and A. A. Macdonald.

Papers and case reports were submitted as follows:—

Notes on General Practice, Dr. Alex MacNeill.

Drowning—Results of Experiments with dogs, Dr. Ross,

Case Reports were read by Drs. Carruthers, Dr. Dewar, Dr. Yeo, Dr. A. A. Macdonald, Dr. Conroy.

Then followed a discussion on the Good of the Association.

Several resolutions were passed especially one asking the Government to move in the matter of Meat Inspection.

The President's Address was a most valuable and practical effort.

The officers elected for the ensuing year are:—

President, Dr. A. A. MacDonald;

Vice-President—Prince Co., Dr. J. F. McNeill;

Vice-Pres.—Queens, Dr. Dewar;

Vice-Pres.—Kings, Dr. McIntyre;

Secretary—Dr. W. J. McMillan, (re-elected.)

Treasurer—Dr. Conroy, (re-elected.)

Executive Com.—Drs. Murphy, Murchison and Stewart.

Auditing Com.—Dr. Dewar, Dr. H. D. Johnson,

The members of the medical Council elected yesterday are:—Drs. Warburton, Carruthers, Conroy, Jenkins, H. D. Johnson, A. McNeill, McEwen.

HEAT CAUSES MANY DEATHS.

(Canadian Press.)

MONTREAL, July 11—The heat wave continued unabated today and four more deaths occurred in the city besides six serious cases of prostration and numerous minor ones. For the fifth consecutive day the mercury rose above the 90 mark constituting a new record for this City.

"There Is No Market For Those Securities"

Poor consolation to an investor who in good faith has bought them with surplus earnings, and with the idea that if he required the money at any time he could realize upon them. Thus it is well in selecting securities for investment to purchase those for which there is a ready market. Now it is nearly as difficult for the inexperienced investor to correctly decide such a matter as it is for the layman to argue his own case or to successfully carry through some engineering undertaking. He will attempt neither. He will engage a lawyer or an engineer to attend to such matters for him. Investing money successfully is a business in itself. Consult an investment house when you have funds available for this purpose.

Don't hesitate to talk over your investment with us, you will place yourself under no obligation in doing so.
