A GOOD-BYE FOR OUR BOYS

Ly J. M. Harper

Au revoir, God be with you, brave Sons of the Empire!
Afar o'er the ocean 'tis yours there to find
The reward that is due to the soldier heroic—
The prize-gift to duty by courage assigned!
Stalwart to stalwart, good-bye one and all—
Our own, giving heed to the motherland's call—
Our own, steeled to face whate'er may befall.

To save what is theirs the nations are marshalled;
To save what is theirs the nations them join;
Forward, lads, forward, nor mind you our longing
To have you still near us—our own kith and kin;
Stalwart to stalwart, firm-willed to subdue,
There is faith in your care of the Red-White-and-Blue,
Tgough a tear wets our smile as we bid you adieu.

With hopes intertwined 'tis the banner for freedom
That is yours on your march to fight for erelong;
When the tyrant lies bruised in the moil of disaster,
The triumph of days your deeds will prolong;
Stalwart to stalwart, the brave by the brave,
March on unto victory or e'en to the grave,
Securing a place on the world's architrave!

Full armed for the fray, from battle to battle,
'Tis the patriot's war-cry of hope that is yours—
Prepared for the worst, mankind to ennoble,
When again the good-will of the nations matures;
Stalwart to stalwart, good-bye one and all!
God bless you for heeding the motherland's call!
God ever be with you, whate'er may befall!

Fur Producers Limited Offers Good Earning Possibilities on a Pelt as well as a Breeding Basis

WANTED
"Class A" Foxes

We are in a position to place a number of pairs of highest quality "Class A" Foxes. Any parties having such stock to dispose of should write the Fur Farmers' Bureau stating particular strains, number of pairs for sale, and the price asked. We handle only "Class A" Foxes and only Foxes qualified to register in the highest classification in the Fox Breeders' Association will be considered.

FUR PRODUCERS LIMITED has more foxes in its ranch than any Company in existence---the foxes are of the highest type pedigreed Prince Edward Island Strains---this means first that the cost for keep should be the LOWEST OF THE LOW, and secondly that even for pelt value they will command the highest market prices. These are facts worth considering---these facts are the dividing point between a good investment and a poor speculation.

Experts will have charge of the ranch and the foxes so that success is assured. The ranch is BUILT in every sense of the word. It is built after plans approved by men who have made a professional study of breeding animals in captivity.

It has a five foot "health space" between each pen, approved sanitary fox dens that can be cleaned and washed out quickly; double entrance system in dens, safety passages between pens, and the pens are constructed of sound cedar posts, double galvanized wire sunk to hard pan with carpet bottom edge and shelf edge top. It is in every way built to stay built, not for two or ten years but for twenty years or more.

FUR PRODUCERS LIMITED has every feature known for the safety and health of foxes and this is one of the greatest factors in favor of any proposition.

Anyone wishing to invest some money to the best possible advantage should consider FUR PRODUCERS LIMITED carefully, visit the ranch and see for himself how well—how carefully every detail has been planned and carried out. You will be interested—you will be surprised, and you will appreciate how well the interests of the investor have been safeguarded in this ranch.

Call at the office and we will arrange to take you out to the ranch if you are interested. You will not hesitate in placing your money in FUR PRODUCERS LIMITED when you see for yourself and thoroughly understand how really exceptional this offer is.
