### PRIEST ASKS DAMAGES FOR PICTURE POSTCARD

Father Frank Amitrano, who has charge of an Italian Catholic church in East New York, asks \$10,000 damages from the United Merchants Press of Manhattan for sending out a picture postcard showing him seated at a writing table, having his eyes polished. With his attorneys he appeared before Justice Clark, in the Supreme Court, Queens county where the case was called for trial.

### THE CHALLENGE.

The youth of today, as in the days of knighthood, is often challenged to combat. The knights had honor, country, king and religion to protect against foes. The battle may be given in a different form now, but it is none the less a battle, and even more severe than formerly.

There is the challenge of selfishness. That means getting for ourselves without the thought of giving, a sharing with others. Such a policy is destructive of all society, and of life itself if followed out. Then we have to contend with sham as against substance, true, worth as against show, and sincerity as against hypocrisy.

### THE PASSING HOUR.

Pianos on the instalment principle was his line. You pay one-and-six a week and torture the neighbors. As he knocked gently at one door he suddenly remembered he had been here before and received a cure refusal. This time it was different.

### Schoolgirl's Exhausted Nerves

### DELICIOUS CHOCOLATE.

Grate or shave two squares of bitter chocolate, shown by the tiny dividing marks on the large cake, place same with four tablespoonfuls of sugar and four tablespoonfuls of hot water into the top of the double boiler, the lower part to contain boiling water. Cook until you have stirred the chocolate and sugar to a smooth paste; then add one cup of boiling water, stirring well, and three cups of hot milk.

### A LESSON TO LEARN.

While this morning sunrise is rosy with the memory of last night's sunlight; while moon looks longingly down the eastern sky that it has traversed, and the stars are the stars of which it hastens; while month links up with month, and season with season, and year joins hand with year in the long labor of the world's hard life, there is a lesson for us all to learn of the unity and harmony of our existence.

### The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect.

Mix two cups of granulated sugar with one cup of warm water and stir for two minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a 16-ounce bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best-known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gaulic acid and all the other natural healing elements.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

An hour later she came to his rescue. "Now" she said sweetly, "If you still think I need more music in this house I am ready to listen to you."

But he had gone before she had finished.—New York Mail.

Katharine is two and a half years old. Her father came home one afternoon, after working three days and three nights at high pressure, with almost no sleep. He lay down with a feeling that he did not want to wake up for a week.

The sleeper stirred, and turned his head on the pillow. "Father! father!" He stirred again, and moaned.

He struggled and resisted and floundered and finally raised his eyelids like a man lifting heavy weights. He saw Katharine smiling (lovely) beside his couch.

"What is it, daughter?" "Father, are you having a nice nap?"—Youth's Companion.

Have you ever observed that nearly all popular people—male and female—are stronger, mentally and physically? Have you ever wondered what is the chief element of success in life? Here it is—mental and bodily strength. Take the famous "Teddy" Roosevelt for instance. What has placed him in the limelight? Mainly his power of domination and personal magnetism.

Run down the list of your acquaintances, those who are enjoying success in life, those who are making a mark for themselves in the social and commercial world and you will find that every one is the possessor of a strong personality that is due largely to the possession of an active mind and a sturdy body.
