GERMANY WILL UPHOLD DAWES PROJECT

Will Follow Experts' Terms if Evacuation of Ruhr is Arranged.

STICK TO PROMISE

Marx, In Reichstag, Says Government Attitude Has Not Altered

(Canadian Press)

BERLIN, July 28. —Despite the sabotage efforts of the Nationalists the German Government will stand by the Dawes plan and try to fulfill its provisions for a reparations solution, Chancellor Marx revealed this information at an address before the Reichstag Friday.

"The Government attitude has not altered since the statement I made upon assuming office," Marx declared.

When he first took office the Chancellor promised that Germany would abide by the terms of the experts' report, provided arrangement was made for the French evacuation of the Ruhr.

Promise Confirmed

In confirming that promise before the Reichstag after recent threats by the Nationalists to wreck application of the Dawes report, Marx cautiously added that he did not consider it advisable to elaborate on his views. The time is not opportune to enter a long discussion of the German position, he pointed out.

Marx said the original Government statement still covered the situation. In his first announce-

MAY ACT FOR CANADA AT WASHINGTON

Appointment Will Possibly be Made This Fall

(Canadian Press)

MONTREAL, July 28. —An Ottawa despatch to the Star says that an appointment to the position of Canadian minister to Washington, which has been talked of for the last four or five years, may be made this fall.

Gossip in political circles here mentioned Hon. Senator Belcourt in connection with the post. It is said that the function he is now performing is designed as a preliminary to his going to Washington and very possibly retaining his senatorship. It is thought possible that, if Senator Belcourt should go to Washington he might be taken into the Cabinet without portfolio and thus go as full fledged minister.

MENTAL STATUS OF CHICAGO MURDERERS

Had Idea to Become Criminal When 11 Say Alienists

LEOB PLANNED THE CRIME

Had considered Leob's Brother and Father Possible Victims.

(Canadian Press)

CHICAGO, July 28.—The Chicago Harold and Examiner tonight prints the report of two of the alienists engaged by the families of Richard Leob and Nathan Leopold, Jr., to determine the mental status of the two boys who kidnapped and killed their schoolboy neighbor, Robert Franks.

The report, prepared bq Dr. Carl M. Bowman, of Boston, and Dr. H. S. Hulbert, Chicago, says that Loeb planned the crime in its most intimate details and that Leopold acted the part of a willing slave in carrying out the orders of his companion. Both youths are fundamentally sane, the report sets forth.

At the age of eleven, the psychiatrists have determined Loeb first conceived the idea of becoming a criminal. He would lie abed dreaming of being attacked and so became imbued with a feeling of self pity. From then on he stole and lied, the alienists asserted.

At the age of 15, however, he stole automobiles for excitement with the assistance of Leopold.

A story of a criminal who kidnapped a little boy, held him in a padded room of the attic of the boy's home, the alienists report, set the germ of Franks' murder in Loeb's mind.

CHINA SUSPICIOUS OF KATO GOVERNMENT

(United Press)

OSAKA, Japan, July 28.— When the new cabinet was formed by Viscount Kato a good deal of misgiving was raised in some quarters in China. This is not unnatural when it is remembered that Viscount Kato is the author of the Twenty-one Demands, the mere mention of which is enough to cause considerable perturbation of mind among Chinese people generally. But such excitement is not adequate. Public opinion in Japan regarding China has undergone so complete a change since the days of the presentation of the Twenty-one Demands that there is not the slightest possibility of the China policy of the Okuma cabinet being repeated by any future cabinet. It is therefore to be hoped that any Chinese apprehensions and misgivings entertained now will not long survive the creation of the cabinet. Many papers believe that Kato cabinet is most fitted to dispose of the Twenty-one Demands question satisfactorily, and it is hoped that it wil lmake earnest endeavor in the direction suggested.

STRANGE STORY FROM VANCOUVER ISLAND

Trappers Report Discovery of Band of Ape-like Giants

FROM SEVEN TO EIGHT FEET TALL

Expedition Sent Out To Verify the Story

(Canadian Press)

KELSO, Wash., July 28.—While awaiting reports from parties who have gone to the vicinity of Spirit Lake, on Mount St. Helen's, in quest of verification of a story told by trappers that they encountered a band of ape-men there last week, residents are interested in statements attributed to George Totagi, of the Clallam Indian tribe, that the apemen are members of a tribe of Indians known as the Seeahtik tribe.

The trappers reported their cabin was bombarded by the ape-men during the night. Totagi was quoted as saying that members of the Seeahtik tribe are huge in stature and hairy, like beasts. Those Indians, he said, talk the Clallam language, and are adept in imitating the sounds of birds.

"The Seeahtiks were last heard of by the Clallam Indians about 15 years ago and it was believed by the present Indians that they had become extinct," said Totagi.

"The Seeahtiks made their home in the heart of the wilderness on Vancouver Island and on the Olympic range.

"The Seeatiks are seven to eight feet tall, with hairy bodies like beasts. They are great hypnotists, and also have a gift of ventriloquism, throwing their voices great distances," he stated.

Although no reports have been received from several parties who left here to search for the Indians Monday, individuals who have returned from trips to the cabin of the five prospectors confirmed parts of the story.
