OUR STYLISH

New Spring Coats

Are being very much admired. The ladies declare they are irresistible. They are made of a combination of splendid cloth, latest cuts and an indefinable something, which immediately characterizes them as being "correct style." Added to this they are priced moderately as is our usual policy.

They cover a wide range both in styles and price—in fact, there is in the collection something suited to every age, figure and purse. We shall be happy to show them. Come in and make your selections early.

Fit-Reform

OME, men, and see the advance guard of Spring fashions. Spring Suits—Spring Top Coats—Spring Rain Coats—are here in endless variety.

Fit-Reform not only shows the correct models—but every line of every garment is absolutely faultless to the smallest detail.

Just name the style you most prefer, and we will show you everything that Fashion sanctions—in patterns exclusively Fit-Reform.

THE STORY IS MISLEADING and FALSE

Some manufacturers of weak and almost worthless package dyes, now advertising their common products, and advising the ladies to use them, make the false and misleading claim that their crude dyes will color all kinds of materials—wool, silk, cotton and mixed goods—equally well. This false claim has deceived many women in Canada, and today, disappointed women and girls deplore the loss of good garments and materials as well as hard-earned money.

MORAL:—Carefully avoid all adulterated, weak and common package dyes that may be offered to you by dealers looking for large profits and caring little for the comfort and welfare of our thrifty and economical women.

DIAMOND DYES, the world's favorites for successful home coloring, have scientifically prepared dyes for wool and silk, and for cotton and mixed goods, giving the best and most profitable results—bright, full and everlasting colors that never fade in sun or washing. Each color of the **DIAMOND DYES** sells for 10 cents per package, same price that is demanded for the imitation and worthless dyes which destroy your goods and ruin your hands. Ask for the **DIAMOND DYES** and refuse all others. Send your name and address to Wells & Richardson Co., Limited, Montreal, P. Q., and you will receive free of cost new The Book, Card of Dyed Cloth Samples and Booklet. In verse, entitled "The Longjohns' Trip to the Klondike."

ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupied space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be adjudged extravagance.—American Medical Journal
