Ask for Minard's and take no other CARE OF IMMIGRANTS

KINGSTON Sept. 26.—Hon. Dr. Edwards, M. P. for Frontenac, who has been given the portfolio of health, immigration and colonization in the new Meighen Cabinet said in an interview today that much more could be done than was being done to look after the immigrants after they came here. He believed, he said, that the Government's whole duty was not done when the immigrants was landed here; he should be followed and provided for until he became a Canadian citizen in the truest sense of the word.

Little Sun-Maids, "the between-meal raisins," made from tender, luscious, juicy, seedless table grapes.

You need but a small bit of iron daily, yet that need is vital.

So get raisins now, and form the habit. Have these luscious little seedless raisins on your desk or table—within easy reach—all day to stave off hunger and fatigue.
