A BEAR VISITS WHIM RD. CROSS

Whim Road Cross has a live bear which has paid a number of visits among the neighbors. Two weeks ago he visited the home of Archibald McDonald and tore his collar hatch to pieces, pulling off the silks which were fastened with six inch spikes. Then he went to the cellar, upset a barrel of beef carrying away some of its contents. He also opened a firkin of butter and helped himself to this delicacy. Mrs. McDonald, awakened by the racket, looked out of the window and saw his bearship disappearing in the darkness. Shortly afterwards he visited Roderick Fraser's, tore on his granary door and carried off a quantity of beef and other eatables. A week after this he entered the cellars and granaries of Archibald Nicholson and Murdoch N. Nicholson where also he ripped things up and succeeded in securing some booty. As a result of these visitations the people are in terror and the women and children give the roads a wide berth especially after dark. No steps have yet been taken to run the bear to earth, but plans are in process with a view to giving him a chase. No bears have been seen in the neighborhood in many years and it is supposed this fellow has come from a distance. There is ample opportunity for him to escape detection for some time as there are hundreds of acres of forest, much of it thick underbrush. It is hoped that the efforts now in contemplation will be successful in ridding the community of this dangerous and unwelcome visitor.

THE CORSIGIAN IS INJURED

(Canadian Press.) MONTREAL, Aug. 14—It is believed that while the injured Allan Corsican is in no danger her injuries are more serious than was at first supposed.

A report five and a half hours later showed that she had made fifty miles. Young Child So Severely Scalded by Hot Liquid That Death Results.

(From Yesterday's Evening Guardian) A particularly distressing fatality occurred Sunday afternoon, at the home of Mr. McKay, milkman, St. Peter's Road, when a little child, the only daughter of Thomas and Mrs. Graham, Murray Harbor North, was so severely scalded that death resulted.

The little one, who was only eleven months old, pulled a cup of hot liquid off the table the contents falling on her head.

A doctor was immediately summoned and everything possible was done for the little one but the nervous shock, as well as the injury, could not be overcome and the child passed away at one o'clock yesterday. The father of the deceased has been in the employ of Mr. McKay for some time. His wife who had been visiting at Murray Harbor North had returned with her child only the day before.

In their great bereavement they have the deepest sympathy of all in which the Guardian joins.

The body of the child will leave Charlottetown by the 3.20 p. m. train for Murray Harbor for interment.

FEAR GAMBLING CHARGES.

MONTREAL, August 13—Fashionable summer residents at Valois are on tenterhooks today fearing a summons to court on a charge of gambling, following the seizure yesterday of three slot machines, two of which were in operation in a rail made on the Chateau St. Louis. The raid was made on complaint of John H. Roberts, secretary of the Dominion Alliance, who, accompanied by two of his men and Deputy High Constable Cyr, made a hurried visit to the fashionable summer resort.

The raiders were armed with a warrant for the arrest of Ferdinand Tremblay, proprietor of the Chateau St. Louis, charging him with being the leader of a common gambling house. Today the police declared many summer residents might be summoned to give evidence.

KATZER'S SISTER ROBBED.

The police endeavored to keep the theft secret, but it became known only today when descriptions of the property, which is priceless, were given out by Scotland Yard.

ROYAL BANK KNIGHTS.

TORONTO, August 13—This demonstration is a hearter, quoth the genial Canon William Walsh, of Brampton, who was surrounded by a coterie of enthusiastic Royal Black Knights of Ireland at their celebration at the Island yesterday. It will do much to inspire those who participate with the spirit of strong, militant and effective service in the cause of Protestantism.

The Black Knights of Ireland is the senior division of the Orange order. The organization was undertaken to agitate the importance of emphasizing the siege of Derry and has selected for special commemoration not the shutting of gates, but the relief of the glorious twelfth of the Royal Black Knights is, accordingly, the twelfth of August. Yesterday witnessed the initial effort to give this date commemorative importance by making it the occasion of a provincial celebration. The exception is on the part of prominent members that every year numbers will participate in its doings.

While the Black in Ontario have taken the initiatory step, it is anticipated that all the other provinces will follow suit, and while the demonstration was solely of a social character on the present occasion, it is expected that gatherings in the future will be carried out in much the same way as those of the Orange order on

JOHN, Aug. 13—John Quin of Prince Edward Island, who started West on the Harvesters Excursion, narrowly escaped death when he fell from a train early this morning, a short distance above Welsford Station.
