—A LOYAL LAD.—This according to the Agriculturist, is the story of the luck of a Prince County lad, which shows his determination to do his bit for his country, although he is not of military age: Pte. Louis Oevrbeck, of Tignish, was one of the number who enlisted in Charlottetown during the course of last week. Although he has not yet attained military age, Oevrbeck has been in khaki over a year, having enlisted in St. John, N. B., in the autumn of 1916. He went overseas in February, 1917. Pte. Oevrbeck was sent to France and while there he met with an accident that nearly cost him his life. He remained in a hospital for nearly two months. When able to travel he was given a discharge as being too young for military duty. He returned to Tignish in March 1918. This young man's grandfather, Charles Von Oevrbeck was a native of Belgium, so that some of Belgium's most noble blood runs through his veins, thus imbuing him with some of the spirit of his forefathers.

—WEDDING BELLS.—A very pretty marriage was solemnized at the Methodist Parsonage Bedeque, by the Rev. Mr. Ayers, on the 8th instant. The contracting parties being Mr. Brewer W. Johnson one of Bedeque's most popular young gentlemen, and Miss Ida Johnson one of O'Leary's esteemed young ladies. They were unattended and the ceremony was performed in the presence of the immediate relatives only, after which they repaired to the home of the groom where dainty supper awaited them. The following evening the happy young couple were entertained at the genial home of Mr. and Mrs. Elias Schurman, which had been beautifully decorated for the occasion. The event developed into the form of an immense "shower" by the friends who assembled in large numbers, bringing numerous and costly gifts, the most prominent of which was a beautiful chair presented by the members of the Bedeque L. O. L., all of which testified to the popularity of the young couple. The evening was delightfully spent in music, games and social conversation. The following morning Mr. and Mrs. Johnson left on a honeymoon trip to Sussex, Halifax and St. John.

FORTELLS THE DOOM OF GERMAN EMPIRE

TORONTO, June 15.—"I am more sure of the doom of Germany by the capture of Jerusalem than if Jerusalem were in the hands of Germany," declared Rev. A. E. Thompson, a missionary from Jerusalem, in a remarkable address at the summer convention of the Christian Missionary Alliance in the Toronto Bible College. Just how the capture of the Holy City is the beginning of the end of Germany has been described in the book of Ezekiel, thirty-fifth and thirty-ninth chapters, said the speaker. After this war is over, when Germany has control of Russia, she will plan another war in which she will be the brains, and Russia the muscle. She will swoop down upon Palestine, and God is going to jerk her down to her doom with hooks in her jaws and then God is going to jerk her down to her give back her gas and her electricity and all the rest.

When Germany attempts to tamper with the Jews then God will interfere on behalf of his chosen people. Mr. Thompson pointed out that he was basing all he said on a portion of God's word. The capture of Jerusalem was the beginning of the end of Germany. The driving of the Kaiser from the Holy City was the handwriting on the wall. The Jews would be told to go back to Jerusalem. Germany would sign a treaty, but would care as little for it as for the other scrap of paper. "God tells just what Germany is going to do," said the speaker. "Germany will be bankrupt and she will look down to the land of unwarlike villages. They think they are going

to have it easy. Peace will be guaranteed to Palestine. Then Ezekiel says evil devices will come into their hearts. They will say: Let us go into the land of the unwarlike villages. Germany is going to covet that land. She will say: 'We will make the Jews pay. But when any man or national touches the Jew, God is going to interfere. He will put hooks in Germany's jaws. He will hurry her up in her devilishness and will come down like a whirlwind on her army, chariots and horsemen and sweep down with such an army as the world has never seen.' That Germany has tried to minimize the significance of the capture of Jerusalem was pointed out.

Canadians In Fight

The crew of a seaplane, including Flying Officers Hodgson and P. J. Haul, of the Canadian Flying Corps, has arrived at Terschelling after descending on the sea owing to screw defects.

SEAPLANES BATTLE OFF DUTCH COAST

THE HAGUE, June 12.—Five British and seven German seaplanes of the largest type fought a battle Tuesday evening off the Dutch coast, according to a Terschelling despatch to the Handelsblad. One of the German machines was observed to fall in flames into the sea. One British machine was forced to descend, but landed safely. Another British machine which had descended to the surface of the sea for repairs, because of a defect in the propeller, two hours before the battle, was later set on fire by its five occupants all of whom made ashore and gave themselves up for
