FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

OVERSEAS CANDY.

As Christmas times begins to draw near we are all interested in candies which can be sent to our men overseas. The following are all simple and will travel well if carefully packed.

Brown Sugar Candy

Take three cups of light brown sugar and one cup of cream. Boil until nearly done and drop in a lump of butter the size of a walnut. Try in cold water and when it rolls in a soft ball between finger and thumb remove from the fire. Add broken

nuts and beat until nearly cold. Pour in buttered tins and cut in squares.

Penecho

3 cups of light brown sugar.
1 cup of granulated brown sugar.
1 cup of chopped nuts.
1 cup of milk.
2 tablespoons of butter.
1 teaspoon of vanilla.

Put sugar and milk over a slow heat and do not stir until it begins to boil. Cook until a trial piece is easily formed into a ball in the fingers when cooled in water.

Remove from fire and add the butter, letting it melt on top. When the outside of the saucepan feels cool, begin to beat the mixture, adding the flavoring and the nuts. Beat nuts creamy and pour into a buttered pan, having been careful not to beat until too

hard to put into the pan. When cool, cut in squares.

Old Fashioned Taffy

2 cups of brown sugar.
2 cups of corn syrup.
1 tablespoon of vinegar.

Cook until it strings, cool, pull until light, cut in short pieces, and wrap in oiled paper.

Candy Pudding

2 1/2 cups of granulated sugar.
1/2 pint of water.
2 tablespoons of vinegar.
1 tiny pinch of soda.

Mix all together and heat very slowly until all is thoroughly blended and the sugar dissolved. Then cook quickly until brittle when drop in cold water. Pour on greased marble and, when a little cool, pull

like taffy until light. Then work into this one cup of grated coconut, one cup of seeded and chopped raisins, one cup of almond and one cup of pecans cut in pieces. Make into balls and wrap in bits of oiled paper.

Caramels

2 1/2 cups of sugar.
1 cupful of cream.
3 teaspoons of butter.
1 teaspoon of vanilla.

Caramel 1/2 cup of sugar and add to the rest of the sugar, the cream, and the butter after these have been put together and have come to a boil. Cook until thick, or until it dries on a saucer. Beat until creamy, add nuts if desired, and pour into greased pan. Cut in squares just before it hardens. Wrap in oil paper for shipping.

Candied Dates

Two cups of granulated sugar; 1/2 cupful cold water, pinch cream tartar; boil together until a little dropped into cold water becomes hard; drop dates into mixture about 1/2 dozen at a time. When they are well covered with sugar place on buttered plates to dry. Nuts and figs may be candied the same way.
