## Milburn's Heart and Nerve Pills CURED.

Read what Miss L. L. Hanson, Waterside, N.B., says: "I feel it my duty to express the benefit I have received from Milburn's Heart and Nerve Pills. A year ago last spring I began to have heart failure. At first I would have to stop working and lie down for a while. Then I got so bad I had to give up altogether and go to bed. I had several doctors attend me but they did me no good. I could get no relief until urged by a friend to try Milburn's Heart and Nerve Pills. Before I had used three quarters of a box I began to feel the benefit and by the time I had taken three boxes I was completely cured."

Milburn's Heart and Nerve Pills cure nervousness, sleeplessness, palpitation of the heart, skip beats, and all troubles arising from the heart or nerves.

### CONSUMPTION AND FORESTRY.

SIR,- I had the pleasure of hearing Rev. Dr. Burke at Rustico a few weeks ago discoursing on horticulture. There was food for thought in all the Rev. gentleman said but one statement of his struck me with particular force at the time, and has caused me serious reflection ever since. If it can be substantiated the anxious look Dr. Burke bore as he made it finds a ready explanation, and the sooner we are all affected by the same anxiety the better.

After declaring (and he has the opportunity of knowing,) that fully seventy-five per cent of the deaths in Lots 1, 2, 3 and 4, were from consumption, that the disease was prevalent all over the Island but alarmingly so in these Lots, the Rev. gentleman gave this startling explanation of said fact, as nearly as I can recollect his words: "It seems impossible to explain this greater mortality from consumption here than elsewhere on any other ground than that of the utter absence of forest growth in these localities. Tignish is absolutely bare of trees and swept by the chilling winds of fall, winter and spring. There are no trees to protect from these unwholesome gales—none to absorb the poisonous elements of the air— none to give off their ever soothing odor.

........Plant trees my friends—for your health's sake for the sake of the health to your people."

These last words fell like a command coming as they did from a gentleman whose enthusiasm and knowledge in these matters is as undoubted as his ardent public spirit in all affairs of the country is commendable. But what of the statement itself at which the audience was so amazed? What do our doctors think of it, is there anything in it? It seems reasonable indeed to the layman and Dr. Burke was deeply in earnest. Are forests a check to the spread of consumption? If so in Heaven's name let this doctrine be shouted from the house tops. Let us set about the reafforesting of our Island at once. Let the Government move in the matter, and our people bestir themselves. If we can furnish the land with a weapon to stay the havoc of the great white plague, why not do so?

I trust this matter will receive the serious attention it deserves.

## Bright's Diseae of the Kidneys.

Symptoms that Warn you of the Approach of this Malady So Dreadfully Painful and Fatal in its Results.

## DR. CHASE'S KIDNEY-LIVER Pills.

Bright's disease is in reality a chronic inflammation of the kidneys, and it is the natural consequence of neglecting ordinary kidney derangements.

At first you may notice a slight swelling of the feet after the day's work is over, slow but unmistakeble failure of health, pallor of fact and loss of flesh, shortness of breath when going up stairs rapidly, and dimness of sight.

Soon the digestive system becomes deranged, the appetite impaired, and in many there is a tendency to diarrhoea and formation of gas in the intestines. There are frequently recurring headaches attacks of dizziness, and severe pains in the back and limbs.

The accumulation of watery fluid—dropsy—continues in the cavity of the chest, and may at any time cause de th from heart failure or dropsy of the lungs. Sometimes uraemia, stupor, convulsions aud death occur suddenly before the other symptoms have become prominent, and while the dropsy is still slight in quantity.

As Bright's disease causes a wasting away of the cells and tissues of the kidneys themselves, as well as the whole body, it can only be perfectly cured if treatment is begun in its early stages, when the first systoms become noticeable. Because of their remarkabley, prompt action on the kidneys. Dr. Chases Kid ney Liver Pills have time and again proven their superiority as a preventive and cure for Bright's disease.

While toning and invigorating the kidneys and making them active in removing uric acid from the blood, Dr. Chases Kidney Liver Pills also regulate the action of the liver and bowels, and encourage the digestive organs to properly perform their duties. Their use will quickly stop the dreadful wasting process, which accompanies Bright's disease, and restore the deranged organs to health and activity. One pill a dose, 25c a box, at all dealers, or Edmanson, Bates & Co. Toronto.

### ERIE R R ENGINEERS LIKELY TO WIN.

NEW YORK, March 23—It was stated on authority today, says the Evening Post that the demands of the Erie road engineers for increased pay, which have been under consideration by Vice-President Williard, will not be allowed to cause a strike.

### AN OBSTINATE CASE OF ECZEMA

Mr. W. D. Johnson, Tilsonburg, Ont. writes that his father was entirely cured of a long standing and obstinate case of Eczema by the use of Dr. Chase's Ointment. His leg and foot were a mass of sores that refused to heal and he suffered terribly from the itching and stinging. Though he used a great many remedies and was treated by first-class doctors no permanent relief was obtained until he used Dr. Chase s Ointment.
