

THE CHARLOTTETOWN GUARDIAN THURSDAY, OCTOBER 15, 1908.

THE UNDER CURRENT.

The New York Herald of recent date published a striking article on the Presidential election. The body of the article recited the many "surface indications" that Mr. Taft must win and Mr. Bryan be defeated in the contest now near at hand.

But The Herald finds a strong under current the force of which can hardly be determined which tends in the opposite direction. Some large manufacturers have reported an almost unanimous disposition among their employees to vote for Bryan.

"On form," says The Herald, "on general appearances, on the confidence of men willing to wager their money, Taft ought to win. Mr. Bryan's hope appears to be in catching the great, silent, deciding vote, which he expects to detach from the great mass that went rolling into the Roosevelt column four years ago."

The Royal Gazette contains the following announcement: "His Honor the Lieutenant-Governor-in-Council, has been pleased to make the following appointment, namely: "To be Attorney and Advocate General of this Province vice Herbert James Palmer, Esq., K. C., resigned. Honorable Francis Longworth Hazard, Esquire, K. C."

"Travelling from the Atlantic to the Pacific I have had an opportunity of trying various preparations for the hair but I must award the praise to Mac's Hair Food" as the best remedy for dandruff and itching scalp.

A feature of the religious movement of the times is the number of appeals from the pulpit denouncing corrupt practices in elections and calling for a pure ballot and higher standards in public life.

The Purity League of Westmorland, N. B., at a recent meeting adopted a resolution calling upon the Attorney General of that Province to issue a proclamation, calling attention to the penal clauses of the Dominion Elections Act and calling upon all magistrates and peace officers to see that these provisions are enforced.

Le Canada says: "It is not right to allow it to be said, either by our correspondent, or by our own journal that Mr. Foster had robbed the orphans and the widows, and that he has taken their daily bread from the children of the workers, because such a charge is without foundation."
