The tide will be high today at 12:30 and tomorrow morning at 1:17.

Rev. G. F. Dawson preached most acceptably at Union Sunday afternoon to a large and appreciative audience. His text being 1 Cor. 9:24. He showed that people should aim to be the very best kind of Christians. As the ancient Greeks excelled in physical and mental development so the Christian should not only cultivate these qualities but should also excel in the moral and spiritual as well.

Among those leaving the city yesterday were Mrs. Bayfield, Miss Bayfield, Miss Kitty Peters to visit relatives in Georgetown, N. B., L. H. and Mrs. Cumming, Westville, N. S. on return to their home; Rev. W. W. Lodge for Grand Falls, N. B. where he will join a party of friends in a three weeks hunting trip; L. S. Selar of the Northwest Mount. Police for Hudson Bay where he will remain for three years; James Cameron who has been visiting his sister Mrs. W. A. Winfield on return to Stellarton, N. S.

The remains of the late Mrs. James E. McLeod, Murray River who died in the P. E. I. Hospital were taken to Georgetown yesterday afternoon en route to her home. The deceased was taken to the Hospital Thursday to undergo an operation which at first was thought would be successful. Her heart grew weak however and Sunday morning she passed away. Her husband who had brought her to a several days before was telephoned for but failed to reach the city in time to see her alive. Deceased was 41 years of age leaves to mourn, her husband and nine children.

The Charlottetown Golf players who visited St. John last week made a remarkably good showing, say experts in the game, considering the handicaps with which they were confronted. The St. John golf grounds are vastly superior to the grounds here. There the play is up and down a steep incline with rocks and artificial creeks, all of which go to make it all links. The victory of W. K. Rogers over Mr. St. John was especially gratifying to our players as the St. John man was last year's champion. A number of the other St. John players were among the best in the province, and considering this with the fact that our team for the first time was playing away from home, their record was an excellent one.

HUMAN BODY HAS ITS EQUINOXIAL STORMS

In its March from the Cradle to the Grave the Body Has its Periods of Change Which are Associated With Alarming Disturbances.

There are two great periods in men's lives. About forty-five every man realizes that some new condition has arisen, and if this time is happily passed, about sixty the health barometer takes another dip and storms of great import cloud the horizon of life. These storms must be met, and wise people will fortify the resisting power of the body by Ferrozone, which builds up bodily strength, renews the blood, strengthens the heart and vital organs. New tissues are formed by Ferrozone, which makes the body more elastic and prevents the organic changes likely to supervene at this critical time. No matter what the age or sex of the individual, as a nerve builder, a brain strengthener and general body invigorator, Ferrozone is the best medicine. It pushes back the feeling and appearance of old age and puts the elasticity and vim of youth into systems that ordinary remedies fail to rebuild. This is not mere theory, but a claim that is reinforced by overwhelming evidence of the honest merit of Ferrozone.

Unlike oily emulsions, and a colonic bitters which are no longer prescribed by intelligent physicians, Ferrozone contains the latest and best strength elements in tablet form. Its quality therefore is uniform, its dose is small, just one tablet at all times. You can't fail to be greatly benefited by Ferrozone, which is sold at drug-gists, price 50c per box or six boxes for \$2.50. Insist on having only Ferrozone. Refuse all substitutes. By mail from M. C. Poisson, Kingston, Ont., and Hartford, Conn., U. S. A.

If you want a lamp for—just a lamp, W. P. Doull has them cheaper than the cheapest in the town; and if you want a lamp that is better than the best in Town he has them too, at bigger prices.—13d. 11
