

TIMELY NOTES ON TOPICS CONNECTED WITH Silver Fox Farming

Interview With Dr. T. Chadcock of Fromm Laboratories... This is one of the worst outbreaks of distemper I have ever seen...

Distemper involves but three families of the animal kingdom... These are the dog, weasel and raccoon families...

"Fox distemper," I understand said Dr. Chadcock, originated here from a dog which was brought down from Montreal suffering from distemper...

Fortunately for the silver fox and mink industries, through years of research by Dr. R. G. Green...

"This trouble in Prince Edward Island," said Dr. Chadcock, "has been going on for almost 10 years..."

Parasites Lower Vitality of Foxes

(Experimental Farm News) Recent examination of foxes in some Canadian fox ranches shows there is great need for fox ranchers to check their foxes carefully for parasites...

It has been found that pneumonia and only moderately virulent pathogens of the food poisoning group of bacteria can kill foxes, especially old foxes...

Secondly: Examine the fur at the top of the head and back of the neck for fleas and ticks...

Fourthly: If none of the above factors are in evidence in the case of each ingredient of the feed, then be particularly careful to examine for mould, which is frequently present where the cereal is stored in a damp place...

Dr. Chadcock left on Thursday on return to his duties in Fromm Laboratories. He said that Prince Edward Island was one of the most serious cases of fox distemper...

NEWSY NOTES

(Experimental Farm News) The el-grass recovering? El-grass is a flowering plant that grows in shallow soil and brackish water...

The Purple Finch This is one of our finest songbirds, though I think it is not as plentiful as the robin in spring...

Purple Finch, A.O.U. 517. Summer Resident. Male: the prevailing color is a bright roared, particularly on the throat...

Weather Lore for June "The leafy month of June" as Coleridge aptly calls it is the pleasantest of the year...

Another curious old rhyme states "When the sand dunes see the clay, they will be a well-a-day!"

Amelanchiers for Naming A friend brought in some branches of a shrub which he called 'Indian Pear'...

Winter Wheat

(Experimental Farm News) A number of years ago a limited amount of winter wheat was grown in the Maritime Provinces...

Seeding can be on early harvested hood crop land, hay land ploughed or on summer fallow...

Several promising varieties of winter wheat are being grown in the Maritimes...

With proper selection of land, planting dates and varieties, winter wheat can hold a prominent position in the future agricultural program of the Maritime Provinces.

Concrete and cement art not synonymous—concrete is just one of the ingredients of concrete
