On behalf of the salesmen, Mr. MacNaught asked the people to be ready for them and not ask them to call back. He pointed out that there are not enough fifty and one hundred dollar applications. He expects the double shift arrangement to continue all winter—S.

—PROPERTY DAMAGE —There was more damage to property in Summerside Hallowe'en night than was indicated by first reports. Apparently a gang of older boys took advantage of the occasion to carry out an evening of destruction. Hurling iron pellets through windows, tearing off conductor pipes and tearing down fences are some of the Hallowe'en tricks indulged in. At one house in the east end a large plate glass window in the living room and the outside window were broken by throwing an iron pellet. A woman sitting in the room at the time was nearly struck as this missile came hurtling through the two windows and into the room. The same thing occurred at another residence where two windows were broken. They seemed to pick the biggest panes they would find which would be the hardest to replace. About midnight three boys were systematically tearing down a fence when scared away by the owner. Other residents reported their water pipes torn off and one man had the bumper ripped off his car.—S.

Former Ch'town Man Has Been Awarded D. F. C.

WO. John E. (Jack) Farquharson, formerly of Charlottetown has been awarded the Distinguished Flying Cross, it was learned yesterday. His home now is at 117 Glengrove Avenue, Toronto.

A Toronto paper had the following to say in connection with the announcement of the award:

His left arm riddled with 51 flak wounds, his bomber severely wounded, and his aircraft damaged and operating on only two of its four engines, WO. John E. (Jack) Farquharson, 117 Glengrove Ave. W., still managed to navigate his Lancaster bomber back to base in England from his 31st raid over German territory. That was about two months ago. Last night his name appeared among those of Canadian fliers awarded the Distinguished Flying Cross.

WO. Farquharson, who operated a photographic studio in Barrie before he enlisted three years ago, is the son of Mrs. Rae L. Farquharson. Two brothers, Flt Lt. Robert and Sgt. William Farquharson, also are overseas with the RCAF, and another brother, LAC. Douglas Farquharson, served with the air force earlier in the war. His sister, Ida, is with the WRCNS, stationed aboard HMCS Stadacona at Halifax.

Flt. Lt. Robert Farquharson has just returned overseas from leave, after completing his operational tour of 30 raids as an observer on a Lancaster. It wasn't the first time that WO Jack Farquharson had proved his mettle as a navigator and brought his plane back after absorbing terrific damage. Three weeks before the raid which won him his decorations his plane limped back from a raid on Stuttgart and "just made it." He was flying over Denmark on his last operation into Germany when he was shot up by anti-aircraft fire, toward the end of August.

His father was the late P. A. Farquharson, manager of the Imperial Life Assurance Co. for Prince Edward Island where WO Farquharson was born. The family came to Toronto six years ago.

Island Fish Catch Down But Maritimes Up

The total quantity of fish landed in the Maritimes during September amounted to 52,693,500 pounds valued at $1,873,208., the eastern division of the Department of Fisheries announced yesterday, an increase of 8,224,200 pounds and $257,376 over September, 1943. Nova Scotia totals were 32,963,800 and $1,005,385 with an increase of 9,378,400 and $150,215. over September, 1943. New Brunswick's catch was 17,726,800 and $668,139., 491,300 and $110,107 over last year. Prince Edward Island's September catch amounted to 2,002,900 pounds worth $199,734., a decrease of 1,645,500 pounds and $2,946. over the 3,648,400 pounds and $202,680 of last year.

Scarcity of fish and unfavorable weather conditions account for the decrease.

Special Prizes To Victory Loan Salesmen

In order to stimulate sales, and as a means of rewarding outstanding performance on the part of salesmen, The National War Finance Committee have decided to offer three prizes open to competition to all salesmen engaged in the Victory Loan Campaign.

Points will be awarded as follows:—

35 points for the greatest percentage of new applications.

35 points greatest percentage of increased dollar sales over 6th Loan.

15 points for greatest number of applications.

15 points for greatest percentage of Monthly Savings and Deferred Payment Letters to total applications.

As the awards are worked out on a percentage basis, it is apparent that all salesmen have an equal chance to win one of these valuable prizes, and be listed as Prince Edward Island's banner salesman. From a tabulation of results to date Mr. Cedric Simpson of Cavendish is in first place, Mr. George W. Hogg, Summerside, second, and Mr. Arthur Sullivan of Montague, third.

The race has only just begun, positions change daily, let every district back their Victory Loan Salesman to the limit so that he may win the coveted distinction, a distinction which will be proudly shared by the district itself. The final result will be announced shortly after the conclusion of the Loan.

Speaks On Youth Commission Activities

REV. GEORGE TUTTLE

"For the first time there has been offered the youth of Canada, through the Canadian Youth Commission, an opportunity for them to express their needs and desires" the Rev. George Tuttle, associate director of the Commission, told an audience in the Prince of Wales College auditorium last night.

Mr. Tuttle was introduced by the Attorney - General, Mr. Frederic Large, who stated he was glad that public opinion, with respect to the needs of Canadian youth, had finally crystallized in the formation of such an organized body as the Canadian Youth Commission. There was no doubt the work of the Commission would encourage many of the boys overseas when they realized there were people in Canada deeply concerned over the problems of their spiritual and physical adjustments after the war.

The youth of Canada, Mr. Tuttle, said, were confronted by three main interests: money, sex, and the meaning and purpose of life. The word "money" was a cruder expression for "vocation" but by its use he meant that youth wanted jobs for which they were suited and equipped and from which they could derive a comfortable living. By "sex" he meant that relationship existing between men and women whose ultimate aim is marriage. As to the meaning and purpose of life, the speaker stated that Canadian youth was deeply interested in these questions and questionaires submitted to many young people had shown they were giving serious thought to many of the current problems.

While no organized groups had yet been formed in P.E. Island, Mr. Tuttle said he hoped there would be some organizing work done before the newly - formed youth groups here had an opportunity of passing their opinions upon them.

A hearty vote of thanks was tendered the speaker by the Attorney-General.

Commission Activities

In an interview yesterday Rev. Mr. Tuttle explained that the Canadian Youth Commission was formed about a year and a half ago in Ontario, for the purpose of studying all the problems of young people in Canada in order to make recommendations to public and private agencies, including federal and provincial administrations. It has, however, no direct connection with any government or party, its members being drawn from all sections of society, from church, industry, agriculture and the schools, forming an independent, autonomous and nonsectarian body.

The life of the Commission is for two years, at the end of which time its studies and recommendations will be completed.

Provincial committees have been organized throughout the Dominion, Mr. Tuttle's present visit to the Maritimes being to complete organization work here.

Chairman of the Commission is Dr. Sidney E. Smith, of Manitoba. Committees have been set up to deal with the following subjects, in an endeavor to understand and interpret faithfully the point of view of young people themselves:

Employment: joint chairmen Messrs. Frank Patten, Ottawa School Board, and L.J. Trottier, Unemployment Insurance Commission.

Physical and mental health: chairman, Maj. - General G.B. Chisholm, Canadian Army Medical Services.

Education: chairman Dr. G F. McNally, Deputy Minister of Education, Alberta.

Recreation: chairman Mr. M.G. Ross, National Council, Y M C.A.

Family living; chairman Mrs. Kaspar Fraser, Toronto.

Citizenship: chairman SL. Gregory Vlastos, Wartime Information Board.

Religion and life philosophy: chairman R.C. Wallace, Principal, Queens University.

In Memoriam

MRS. JOHN Y. PHILLIPS

Friends and neighbours were shocked on the morning of October 6th to learn that Mrs. John Y. Philips had passed away.

She had entered the Prince County Hospital about two months ago and after three weeks was able to return home.

The late Mrs. Philips was the daughter of the late Mr. and Mrs. Colcolm Kelly and was a woman of sterling qualities beloved by all who knew her and will be sadly missed in the home and by her many friends who deeply regret her passing. She leaves to mourn a grief stricken husband and sister Clara, Mrs. Harry Schurman, New Annan and two brothers Willis in Michigan; Harry in Ohio, to whom deepest sympathy is extended.

Her funeral service took place from her late home Sunday and was largely attended, funeral service being conducted by Rev. Charles Carnegy of the Summerside Presbyterian Church. The hymns sung were Unto the Hills Around do I Lift my Longing Eyes and Abide With Me. The floral tributes were beautiful, silent testimony of the esteem in which the departed was held. The pall bearers were Messrs. Keith Cameron, Leigh Stewart, Don Baker, Gordon Toombs, Lloyd Gorrel and Archie Sharp.
