

KING GEORGE'S LITTLE GUESTS.

LONDON, June 30—Festivities in connection with the coronation of King George, so far as the metropolitan is concerned, ended today with his majesty's treat at Crystal Palace to one hundred thousand of London's poorest children.

KINAROS 38,086

is undoubtedly the coming sire of P.E. is land. He will surely prove a Nutwood to our horsemen. Just to see his first crop of foals one must be convinced. They are all large, perfect in conformation, smooth bay or chestnut with white star, and hind ankles white, beautifully marked. His dam is Chestnut, one of the greatest producing mares on the Allen Stock Farm, her weanlings selling for \$500.00. All owners of his foals, who has a mare to breed, are breeding back to him again, and bringing a lot more with them. This is the highest mark of honor that could be paid him. If you are undecided where to breed your mare, go see one of his colts, and the question will be settled at once. He will be home until Tuesday morning July 4 when he will leave owners stables for John M. Nicholson's. Dunlop, noon and over night. Wednesday morning July 5, to Hughie McMillian's, Head St. Peter's Bay, noon. John Phelans, Morell over night, Thursday forenoon to James Mooney's, Peakes Station, remain until 10 o'clock. Home again that night.

Goldzilian
Pronounced by Judge Robertson of Ontario, last fall at the Summerside Exhibition as being the best colt he had seen in Canada. It is only a colt, and yet he is all horse every inch of him. Goldzilian is ready to trot any stud colt of his age, size, and gait on P. E. Island (Brazilian's excepted). Don't fail to see this colt at owner's stables, before breeding your mares if you want large class colts.

The King and Queen Mary personally attended the festival. Their majesties descended from their carriages and walked among the little guests, who, in batches of 25,000, were formed up in the open space of the Crystal Palace grounds. The whole entertainment was well organized and worked with Kitchener-like precision. The general public was excluded from the palace and all side-shows were thrown wide open to the youngsters, who had the time of their lives on the joy wheels, switch backs, water chutes and other excitements entirely novel to them.

GLLENDALE, Oregon, June 29—Apparently mistaking the first section of northbound passenger train No. 16 on the Southern Pacific railway, for the southbound train, said to be carrying a shipment of \$400,000 in gold dust, from Seattle to San Francisco, two robbers held up the northbound train last night, near West Fork, an isolated station in Cow Creek canyon. The robbers rifled the mail car, blowing up the safe, and made away with the registered mails. They tried to secure entrance to the express car, but were foiled by Messenger Robb, who refused to open the door, despite threats that they would use dynamite if he resisted. The robbers boarded the train while it was taking water, and later crawled over into the engine, forcing the driver to stop at revolver point.

STRIKERS HELD MASS MEETINGS YESTERDAY.

HULL, England, July 3—Mass meetings were held by the strikers on Sunday and a resolution was passed that if Dockers wages were increased, in addition to the increases offered seamen, and the employers agree to discuss their grievances they will return to work immediately. The railway employees have agreed to strike if called upon to handle goods land by non-union men. A four famine is threatened unless a settlement of the strike is soon effected. It is estimated that the grain in the Hull mills will be exhausted within two or three days.

"Black Prince" Hose are especially designed to withstand the hardest of wear.

Baker's Cocoa and Chocolate ARE THE STANDARDS OF THE WORLD! 53 Highest Awards in Europe and America. THE NEW MILL AT 1000 ALBERT STREET, MONTREAL. For over 131 years these well-known preparations have been made only at the company's mills (the largest in the world) at Dorchester, Mass., U. S. A. In order to keep pace with the rapidly increasing demand for its goods in the Dominion of Canada and the British Provinces, a large mill has been put in operation in Montreal. With the finest possible equipment of modern machinery, with the accumulated experience of more than a century and a quarter in the selection and blending of cocoa beans and by the employment of a perfect mechanical process of manufacture, consumers and dealers are assured that the uniformity of quality and delicacy of flavor which have made these goods the standards of the world will be maintained. To facilitate the distribution of goods, selling offices are located at Montreal, Winnipeg and Vancouver. We guarantee the absolute purity of these goods under the pure food laws of Canada.
