RED WINGS AND AMERKS IN TORRID GAME

Johnny Sorrell Knocked Out By Crashing Against Boards After Scoring Third Goal.

DETROIT, Nov. 16.—Detroit's Red Wings and the New York Americans played a National Hockey League game here tonight in rough and tumble fashion and the Red Wings outskating the New York squad to win a bruising battling 6-2 victory, their second on home ice.

Johnny Sheppard drew a minor penalty as well as 10 minutes' banishment when he charged Walter Buswell, wings defenceman, into the boards. Larry Aurie, diminutive wing forward, and Keating, American wingman of about Aurie's size, teamed in a free hitting flistic match.

Johnny Sorrell scored three of the wing goals, crashing into the backboards for a temporary knock-out in the final effort. Emms, Goldsworthy and Carson scored the remaining three, while Sheppard and McVeigh tallied for New York.

Halifax Youth Awarded Damages

HALIFAX, N. S., Nov. 16.—Joseph M. Wilson, Halifax youth who on May 2 was injured by a bullet fired from a revolver in the hands of Constable William Mainland of the Royal Canadian Mounted Police, early today was awarded damages to the extent of \$12,645.25 by a jury that deliberated nearly four hours.

Wilson had claimed damages of \$20,635.25, covering hospital and doctors' bills and permanent disability. He was struck by a shot on May 2, on the Preston Road, when driving in an automobile with Warren Lawlor, of Dartmouth.

Mainland, who was one of a police patrol watching for liquor runners, fired three times when the car failed to stop in response to a signal from another officer. Lawlor drove into town to take Wilson to a doctor. The youth had been shot in the skull. They had no liquor in the car.

8th Victim Of Shooting Season

BASS RIVER, N. S., Nov. 16.—Henry Fulton, 38, died at his home tonight of an accidental bullet wound, a few hours before the big game hunting season closed. He was the eighth hunter to meet death in Nova Scotia by drowning or shooting since the season opened.

Fulton left home with his brother this afternoon. They agreed to separate and return home at five o'clock. When Henry did not turn up searching parties were organized. They found him lying where he had fallen when his rifle was discharged as he stumbled over a root. He died a few hours later.

RAW SUGAR IN GREAT BRITAIN

The United Kingdom's imports of raw sugar in the nine months ending September totalled 33,868 cwt. of which 25,893,885 cwt. arrived from foreign countries and 7,975,089 from British countries.

The chief supplying country was Cuba with 12,627,899 cwt. and then San Domingo with 4,576,638, Java 3,343,351, Peru 2,324,962, Poland 1,460,689.

The chief British source of supply was the West Indies, including British Guiana and Honduras with 2,994,642 cwt. Then came Australia with 2,383,012 and Mauritius with 2,065,117.

A great change is coming over this trade. During September the British imports from Empire countries amounted to 491,401 cwt. compared with 628,463 cwt. in September, 1931, but last year Australia and South Africa were sending large quantities of raw sugar to the United Kingdom. The September, 1932, quantities compared with September 1931 are: from South Africa 4 cwt. compared with 359,754; from Australia 49,120 compared with 281,221; from Mauritius 11,908 compared with 2,235; from British West Indies 273,249 compared with 5,253; from other British countries 157,120 compared with nil.

Ottawa Rideaus Lose To Abbies 2-1

Large Attendance Witness Opening Game of Local Hockey Season

When Ottawa Rideaus take their departure from Charlottetown this morning for Moncton, where they hook up with Hawks tonight, they will no doubt carry away with them a lasting impression of the hockey teams in these provinces by the sea—that is so far as they've gone. They were beaten at Halifax, suffered another defeat at the hands of Abbies last night and are undoubtedly due for their final Maritime trouncing at the hands of Percy Nicklin's crew at the Hub.

The Abbie 1932-33 edition decked out in their new and attractive uniforms, made a decided hit with upwards of 2,000 fans last night, as they at times skated the Ottawa team into the ice. The visitors, however, turned in excellent hockey, but as above mentioned could not cope with the local speed.

The Abbies, nevertheless, need more polish and finishing off in the new game and when this is complete, look out for squalls. The sniping, too, on the front line was away off color, so much so that several sure goals were thrown to the winds, said snipers missing the net by feet. All in all the fans were pleased with the opening game, which was void of any dull moments from start to finish.

Coach Gardner, with fourteen men to handle, worked his front lines rather stiff, but at the same time, gave each and every alternate a spell on the ice.

THE SUMMARY

First Period
Quinn—Ottawa—10 min.
Jemmett, Schwab—Abbies—2 min.
Penalties—Oliver, Kane, Gross, 2 minutes; Gross, 2 minutes; Quinn, Morrison, Quinn, 2 minutes.

Second Period
No score.
Penalties—Mulligan, Murphy, Ottawa, 2 minutes.

Third Period
Beaton, Hudson—Abbies, 11 min.
Penalties—Oliver, Kane, Gross, Abbies, 2 minutes; Peterkin, Morrison, Ottawa, 2 minutes.

THE SCORES

Numerous penalties were handed out during the game and feeling ran high during every period. However, Referees Lowther and Prowse kept things well in check throughout.

Rideaus opened the scoring after ten minutes of play. Quinn, sturdy right winger taking Morrison's pass inside the Abbie blue line, skated in fast to beat Bubar from close in.

The opening one goal lead was short-lived. Jemmett, fast Abbie centre, tied the score in two minutes when he scooped up Schwab's loose puck inside the Ottawa blue line to rush in on top of Johnson, who never had a chance.

The centre frame was scoreless but fast. Both goalies were called upon to make a number of dandy saves as the pace quickened shortly before the bell.

The third and deciding goal was scored after eleven minutes of play

THE LINEUPS

Rideaus—Goal, Johnson; Defence, Peterkin, Mulligan; Centre, Morrison; left wing, Sheppard; right wing, Quinn. Subs, Hulquist, Jansen, Howe, Rheunne.

Abbies—Goal, Bubar; Defence, Gross, Oliver, Ferguson; Left wing, McArthur, Schwab; Centres, Jemmett, Beaton; Right wing, Kane, Hudson. Alternates, Estabrooks, Squarebriggs, Lawlor, Saunders.

Referees—E. Prowse and Les Lowther.

Western Shippers Favor Use Of Canadian Ports For Shipping Wheat Overseas

WINNIPEG, Nov. 16.—All things being equal western exporters of grain will continue to use Canadian Atlantic and Pacific ports for the movement of wheat to the United Kingdom.

Leasing grain shippers interviewed by the Canadian Press tonight stated that wherever possible Canadian ports were given the preference in handling Canadian grain for shipment overseas.

"Use of Canadian facilities and Canadian ports for the shipment of Canadian wheat to the United Kingdom was favoured by western shippers," according to S. T. Smith, president of the Reliance Grain Company.

The grain export trade was a highly competitive business, Mr. Smith pointed out. The exporters make it a practice to keep grain in position at all shipping terminals.

Ocean freight rates play a large part in the transportation of grain, Mr. Smith said. All things being equal, however, he did not see why Halifax and Saint John should not receive a large share in handling Canadian grain.

Other grain shippers interviewed were heartily in accord with the statement made by J. A. Richardson, prominent Winnipeg grain man, at Ottawa. They agreed it was the only common-sense viewpoint that Canadian facilities be used.

The Use of Water In Crops

One of the most interesting studies about nature is the part water plays in the development of plant life, practically all plant life being the result of the "transpiration" of water drawn up by molecular action, induced by the sun in plant cell structure, from the ground, carrying in solution the nutrients which are transposed by chemical action in contact with air and its elements into the various forms of plant structure.

Studies carried out at the Dominion Experimental Station at Swift Current, Sask., since 1922 show that it takes from 869 pounds to 1351 pounds of water to produce one pound of Marquis wheat; 753 pounds of water is utilized in the production of one pound of oats, while it takes 810 pounds of water to produce one pound of barley; and 1328 pounds in the production of one pound of spring rye.

In connection with the production of other crops it was found that it required the transpiration of as much as 1593 pounds of water to produce a pound of alfalfa; 1108 pounds of water to produce a pound

THAT'S GOOD TOBACCO HIRAM—WHAT KIND IS IT?

MY FAVORITE! ROSEBUD

"NO ARGUING IT'S THE BEST"

The good news is spreading—there's a more fragrant, mellower smoke for Maritime pipe smokers. It's Rosebud—blended to the exacting Maritime taste.

DEFENSIVE HOCKEY UNDER THE HAMMER

President Of The N. H. L. Would Boycott This Style Of Play In Majors.

BOSTON, Nov. 16.—Charles F. Adams, President of the Boston Bruins, tonight said his club would be the first to outlaw the brand of defensive hockey objected to by Manager Leo Dandurand of Montreal Canadiens, if the rest of the National Hockey League would join the move.

The members were pleased to have with them Mr. Hooper Horne who took a keen interest in the club, also Mr. Percy Hooper who goes to Bixley next year, and Mr. E. G. Love who is past eighty years of age and is still a good sport.

The Club wish to thank those who donated prizes namely Mr. E. G. Love, Mr. G. M. Moore, Mr. Hooper Horne, Mr. David Bethune, Mr. J. K. Stanley, Mr. Percy Hooper and Mr. Hilbert Frizzell.

They also thank Capt. and Mrs. John MacMillan who opened their home and entertained the members and their friends, and also the Guardian and Patriot which so kindly published the results of the various shoots throughout the season, and anyone who helped to make the day a success.

The club is always pleased to welcome new members and hope to have all the old ones with them next year.

The score for the shoot is as follows:

Lloyd Bell	92
Louis Maye	91
Percy Hooper	89
Joe Maye	89
H. P. Cudmore	89
James Allan	86
Cecil Maye	85
Edgar Marshall	85
F. B. Auld, Jr.	85
Vernon Proude	82
Bernard Maye	82
H. H. Home	82
Ira D. Carr	82
Barney McCabe	79
Geo. Shaw	79
Harry McLeod	79
Leith McKinnon	78
Horace Marshall	77
Capt. J. MacMillan	76
Chesley Hughes	76
D. M. Bearsto	75
Willard McCallum	75
Dawson Hughes	71
E. G. Love	68
Joe Berrigan	67
Jas. Cudmore	67
Frank Hughes	64
Peter McKenna	63
Lorne MacMillan	63
Orr McCann	63
Gregor McCallum	62
Roy Bell	56
Water Auld	48
Claude Craswell	44

There were also seven Ladies' Prizes which were shot for and won by the following:

Mrs. Malcolm McLeod.
Mrs. Vernon Proude.
Miss Frankie Auld.
Miss Helen Clarke.
Mrs. Preston Rodd.
Mrs. Ramsay Auld.
Mrs. Leith McKinnon.
D. M. Bearsto, Sec'y. C.H.R.C.

The conductor and a brakeman on a Montana railroad differ as to the proper pronunciation of the name "Eurelia." Passengers are often startled upon arrival at this station to hear the conductor yell, "You're a liar! You're a liar!" Then from the brakeman at the other end comes the cry, "You really are! You really are!"

Aging Rapidly

A post office assistant, who had completed some knitting and a long conversation with a colleague, turned at last to a patient customer.

"What do you want?" she asked.

"Well," sighed the man, "I came originally for a two cent stamp, but I think I'd better have an old age pension application form as well."

Where's all that work Satan is supposed to find for idle hands to do?

Reduced Entry Fees For World's Grain Exhibition

Those planning to enter grain or vegetable seeds in the World's Grain Exhibition and Conference to be held at Regina, July 24 to August 5, 1933, writes Dr. J. A. Clark, Superintendent of the Experimental Station, will be glad to know that the executive have reduced the entry fees for the exhibition as follows:

The entry fee in classes 1 to 12 and for 15, 17, 18, and for the special class for hard red spring wheat will be \$3.00. The entry fee in classes 13, 14, 16 and from 19 to 54 inclusive will be \$1.50 for each entry.

Anyone planning to enter either grain or seeds at Regina should write to Mr. B. F. Tinney, Assistant-Superintendent, Experimental Station, Charlottetown, or Mr. Wilfred Boulter, Deputy Minister, Dept. of Agriculture, Charlottetown, P. E. I., for further information re the assembling and shipping of the exhibits.

The Provincial Department of Agriculture will pay the cost of transportation on all approved exhibits from this province which must reach Regina not later than March 1, 1933.

The quantity of seed for entry in wheat is 50 pounds, for barley and buckwheat 40 pounds, for oats, field beans, soy beans, field peas and flax 30 pounds, for clover grasses and field root seeds 20 pounds; For vegetable seeds 5 pounds of each variety.

There is one special class for Hard Red Spring Wheat which requires a 10 bushel exhibit.

Knitting Recalls Era of "Netting"

PARIS, Nov. 16.—This being a knitting era, as far as necessities and luxuries are concerned, it reminds one of an earlier day when the craze was netting. The shuttle, or netting-needle, was very expensive in the 18th century, and the pastime an amusing one. Women used this dainty tool in making a kind of narrow lace known as netting. Today we would call it footling.

This gave fashionable women an excellent opportunity to display dainty and bejeweled hands. Enamored netting-needles cost as much as \$40 in some cases. The Marquise de Pompadour had a pair that cost \$27.00, and the Comtesse de Provence gave Mme. de Beaumont a gold netting-needle decorated with miniature paintings worth a fabulous sum. The estate of the Duke of Lorraine was found to contain, on his death in 1781, 17 netting-needles in amber, rock-crystal, gold, mother-of-pearl, agate, petrified wood—all set in gold.

A well-known county court judge in England once rebuked a man in court for endeavoring to confirm an absurd story told by his wife.

"You really should be more careful," the judge said. "I tell you candidly, I don't believe a word of your wife's story!"

"That's all very well! You may do as you like," answered the man in a mournful tone, "but I've got to!"

"Now that I'm going to settle down and marry Jenny," said the sailor, home from the sea, "there's one thing I'd like to get off my chest."

"A tattooed heart with 'Mary' on it."

Competition Rules

The following rules have been drawn up for the guidance of competitors for possession of the Kensington Rink Interscholastic Hockey Trophy.

All applications for entry into the competition must be received by Norman Macdonald, Kensington, or before December 15th, and all inquiries should be mailed to the same address.

2.—To be eligible to play, boys must be enrolled in any Grade up to, and including Grade X, in any school in Prince Edward Island, and must attend at least 60 per cent. of the number of school days from Nov. 1st to the date of the League opening; or to continue to be eligible, must attend at least two days in every week while their team remains in the competition.

3.—Any boy over school age, who has been out of school for one year previous to Nov. 1st preceding a League opening, will not be eligible to play, even if the requirement stipulated in the above rules are met.

4.—Principals of competing schools may suspend any player for neglect of studies, notice of such suspension to be given to the referee in charge before the game.

5.—Protests will be dealt with by a representative committee, consisting of one member for each of 4 teams concerned, and a neutral member, the aforesaid committee to be appointed by the Board of Control for the League.

6.—At least one final game must be played in Kensington Rink. (The rule means that, if the Kensington School Team is in the final, home and home games will be played; two outside teams qualify, one sudden death game will be played in Kensington.)

By Order, BOARD OF CONTROL

BASKETBALL AT HOLY NAME CLUB

Tuesday night in a regular league game of the girls' basketball league the Stars defeated the Maple Leafs by a score of 28 to 20 in a closely contested tilt.

The Stars by their win annexed their second straight win in the league but were hard pressed by the Leafs who showed unexpected strength from their previous encounter and with a little more practice will give any team in the league a real bid for victory.

The line-ups:

Maple Leafs	Guards	Stars
McMillan	Connors	
Costello	Corbett	
McNeil	Centre	McDonald
Campbell	Forwards	Harrington
Walsh		McGuigan
Lawlor		
Peters		

NAVY 51-ROBINS 26

Wednesday night in the men's league the R. C. N. V. R.'s continued their string of victories by taking a fast game from the Robins, the combination of the Navy Boys being too much for the "birds."

The line-ups:

Navy	Guards	Robins
McIsaac		Gaudet
J. Connolly	Centre	McDonald
Ayres	Forwards	Robin
L. Connolly		Mullins
Ryan		Partridge
Goss		Callaghan

Amy Crosses The Sahara

DAKAR, Senegal French West Africa, Nov. 16.—Amy Johnson, Britain's daring woman flier, who is trying to beat her husband's record from London to Cape Town has successfully crossed the great Sahara Desert.

She landed at Gao, on the Upper Niger, yesterday, and took off for Douala on the Gulf of Guinea.

Island Club Third

TORONTO, Nov. 16.—Three of six championships, were awarded Ontario teams, following a day of judging dairy and beef cattle, swine, poultry, grain and potatoes in the national judging contests for boys and girls farm club teams at the Royal Winter Fair here yesterday.

Quebec, British Columbia and Saskatchewan won the other three awards.

In dairy cattle judging, Maritime Provinces entries were prominent. Paradise Calf Club, Nova Scotia, was second, Kingston, Hampshire Holstein Club of Prince Edward Island was third and Norton Calf Club, New Brunswick was fourth.

In swine judging Chipman Swine Club, New Brunswick, was in fifth position, Salt Springs Poultry Club, Nova Scotia, was third, in the poultry judging.
