DOROTHY DIX SAYS. The only remedy is to try in some way to throw them together for a few weeks in such a manner that he would have a chance to get bored to death with her chatter and see how brainless and self-centered she is.

DEAR MISS DIX: Would you overlook the fault of conceit in a boy if you liked him? ANSWER: Surely. Provided, of course, that he was not so egotistical that he would demand a veto that a boy could possibly have would stave for the boredom of having to listen to him eternally.

ANTONIA. But a fair amount of self-conceit one can stand, provided it is offset by other good qualities. Indeed, conceit is sometimes a virtue, for we can only do what we think we can do and occasionally it is an incentive to a boy to live up to his own opinion of himself.
