### Western Personals.

—Dr. Cecil Green, Montague, is visiting his old home in Summerside.

—Mr. J. P. Gaudet, Richmond was in Summerside Wednesday where he was storm stayed, he proceeded home on the afternoon train Thursday.

—Dr. John T. Cosgrove, of Wellington was in Summerside during the big snow storm of Wednesday. Dr. intended to proceed to meeting at the eastern section of the Island but owing to the heavy storm and bad roads, he left for home on the afternoon train.

### NO FRUIT WITHOUT BEES.

If there were no bees, fruit trees and other plants could not produce any fruit. Apples, plums, cucumbers, clover, alfalfa are fertilized by bees. Honey is the bait with which the bee is induced to perform this task. The colored, fragrant petals of the blossom are the advertising signboard telling the bee where the honey may be found. If the blossom is set free the bee with its fuzzy body, must brush some of the yellow dust called pollen from the male organs or anthers at the bottom of the blossom, deposit this pollen on the female organ called the stigma. The blossoms are so arranged that to get at the honey the bee must first brush, with its pollen covered body against the stigma, thus completing the pollination. As soon as it has performed this duty it may draw a check for the work in the form of the blossom. While drawing this pay the bee is involuntarily covered with pollen again, and made ready to proceed to the next blossom and repeat the process.—Francis Jaeger.

### CUT AND RUN.

"Cut and run" originated in a peculiar custom of the Egyptian embalmers. A low caste was employed to make the first incision in the corpse, a process viewed with much dislike by the people, who held him accursed who should mutilate the dead. As soon as the fellow made his "cut" he had to run through a storm of curses, stones and sticks. He "cut" for a living and had to "run" for his life.

—SHOP from Bolman's Catalog.

—DANCING—Mr George Chilton teacher of dancing will be at The Olympic Pastours, Summerside Tuesday afternoon and evening, Jan. 16th to give instructions in the above art. 12-21

—DANCES STARTED—The regular winter dances at the Knights of Columbus home started Thursday night last, when there was a large crowd present all enjoying themselves.

—ROUSING TEMPERANCE RALLIES—The Bedouge District was deeply stirred and the people aroused to the great importance of the necessity of polling a large vote in the referendum. Rev. H. A. Goodwin the Field Secretary of Evangelism and Social Service of the Methodist Church in Canada, delivered inspiring, logical and forceful addresses that thrilled and inspired large audiences at North Bedouge, Lower Bedouge and Centerville on Sunday, Jan. 7. The services of this distinguished orator have been given by the church, in fact volunteered, to assist in this campaign to stop the importation of liquor.

—CAPE TRAVERSE SCENE ON MONDAY NIGHT—That enthusiasm is being kindled and interest aroused is evidenced by the fact that people drove several miles over bad roads to Cape Traverse Hall on Monday night to hear the liquor question dealt with. In an address of one hour and a half, Rev. H. A. Goodwin held the audience with his masterly array of facts that he was urged by calls "Go on." His argument was unanswerable. To every fair-minded voter, his logical, eloquent and powerful appeal showed that the liquor traffic was the deadly enemy of civilization and antagonistic to the best interests of humanity. With the skill of an attorney he met the arguments of the opponents of prohibition, and showed conclusively that prohibition was a success, and ably demonstrated with irrefutable facts that the march was upward toward complete banishment and urged the voters not to rest content with what they had but to vote against the importation by marking "X" opposite "Yes" and make P. E. I. Bone Dry. His speech was one of the most eloquent, logical and powerful addresses ever delivered in Cape Traverse. Mr. John Inman was the efficient chairman. Splendid attention was given to the address throughout. Insistent calls were made for Rev. P. A. Fitzpatrick of Bedouge who was in the audience who responded in a short address owing to the lateness of the hour. Every voter where Rev. Mr. Goodwin speaks, would like to hear him, there would be no question how they would vote.

—WELL KNOWN RESIDENT DEAD—Mrs. Archibald C. McPhee, St. Margaret's, (nee Maggie McDonald.) Clear Springs, was buried in the parish churchyard, St. Margaret's, on Monday last. Her death on the 6th inst, was not unexpected as she has been sick in bed for the past three or four months. Mrs. McPhee was highly respected.

—BURGLARS BUSY—Late Saturday night last some daring nocturnal thief smashed the glass in the door of Sterns Bros., Souris, thus enabling himself to release lock spring and enter the store. Sterns Bros. carry a full merchandise line, and it is difficult to say how much goods was taken, but as far as we can learn at least seventy or eighty dollars' worth had disappeared. It is to be hoped that the law will strongly co-operate with Messrs. Sterns and bring the thief to justice.

—AUSTRALIA'S ROLLING STONES—The "rolling stones" of Australia placed on a fairly smooth surface will soon roll together in a group. They contain a magnetic ore.

No. 102  
**Quart Of Water A Day Helps Kidneys**

When Back Hurts or Bladder Bothers, Also Take a Little Salts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

### BRINGING UP FATHER—

### Eastern Guardian

—ELMIRA BRANCH.—Owing to the recent storms the Elmira railway line is temporarily out of commission, the mails being carried through from Souris by team.

—C. G. S. STANLEY—The C. G. S. Stanley is expected in Souris port daily, to load for the Magdalen Islands

—THE OLDEST WOMAN probably in King's County, Mrs. John McPhee, Big Pond, several years now beyond the century mark, is very sick and her early demise is not unexpected.

—THE CITY OF THE SNOWS.—Souris, one of the finest summer resorts in Canada, lies today almost under a mantle of snow, occasioned by recent storms; however, business goes on just the same, and winter sports shout with delight as they wade through the mountainous banks of crystal flakes.

—ENJOYABLE WHIST.—The Ladies' League, Souris, held a whist and dance in the U. J. S. Hall last Wednesday evening, which proved to be a very enjoyable time. The prizes were awarded to ladies—for the highest aggregation of points, Mrs. Geo. Pierce; gents—Mr. Geo. McDonald; and the booby prize was won by Mr. Peter McPhee.

—ELECTRIC LIGHTS.—The new electric lights installed in Souris are proving a burning success. It is regretted, though, that owing to poor transportation facilities the transformer which will control the street lights has not yet arrived, and citizens must as yet watch their step at night.

—WELL KNOWN RESIDENT DEAD—Mrs. Archibald C. McPhee, St. Margaret's, (nee Maggie McDonald.) Clear Springs, was buried in the parish churchyard, St. Margaret's, on Monday last. Her death on the 6th inst, was not unexpected as she has been sick in bed for the past three or four months. Mrs. McPhee was highly respected.

—BURGLARS BUSY—Late Saturday night last some daring nocturnal thief smashed the glass in the door of Sterns Bros., Souris, thus enabling himself to release lock spring and enter the store. ### PERSONALS

—Mrs. Neil McPhee, Big Pond an aged lady, is very ill.

—Mr. Jas. A. E. McDonald, of Little Pond, was a recent visitor to Souris.

—Mr. Tyler Parkman was registered amongst the locals in Souris last week.

—Mr. L. J. McMillan, of the Souris Drug Co., has returned from a visit to Charlottetown.

—Mr. Ralph Dingwell, of De Blois Bros., was in Souris last week.

—Mr. Dickeson, of Carvel Bros., paid Souris a business call recently.

—Mr. Leonard McIsaac, of McIsaac & Sons, Charlottetown, spent New Year's in Souris.

—Mr. J. J. Noonan, of the J. J. Hughes firm, Souris, spent New Year's at his home in Bedouge.

—Miss Summers, of St. Peter's Bay, passed through Souris on her way to resume duties as teacher at Red Point, after an enjoyable holiday.

—Mr. John Ready, of Charlottetown, spent a well-earned rest in Souris last week, after a nineteen-mile trip from East Point.

—Messrs. Wm. Brennan, H. Fisher, C. McCarthy, John Mullally and P. McDonald, of Souris, left for St. Dunstan's after a pleasant vacation with their respective parents.

—Mr. John McEachern—Dingwell, Douglas Station is a very busy one. Though the sole proprietor of a large land property at Douglas Station, he prefers working for the neighboring farmers, who fully appreciate his services.

—Mrs. Jos. McPhee and little son of Glencorrodac, paid a prolonged visit to her mother, Mrs. Joseph Parsons, Hermanville the week of the New Year.

—Mr. John Autfrey of Hermanville was a New Year's visitor to his sister, Mrs. Charles Campbell Priest Pond.

—Captain J. N. McEachern, of the Soldiers' Settlement Board, returned to his home in Souris after an interesting tour of the New England States. He reports having seen many Islanders and was tendered a royal welcome in the form of a banquet. He also states that conditions there are fairly normal, and the Islanders are doing well.

—Among the visitors to Montague at present is Miss Veda Lamont, the guest of Mr. and Mrs. John T. Mellich, Miss Lamont formerly lived here but left when only a mere child, too young to notice the extent to which the Town has grown. She leaves on return to Winnipeg in a few days which is now her home, and where she holds a good position.

### Sentenced to Hang 2 Weeks' Reprieve

TORONTO Jan 12—Frank Bianchi, sentenced to hang in the county of Essex for murder, has been granted a reprieve of two weeks by Mr. Justice Lennox in an order made at Osgoode Hall today. Bianchi was to have been hanged on January 25, but execution is postponed till February 8. The sheriff found certain obstacles in the way of carrying out the sentence at the earlier date. Executive clemency has been asked for as the prisoner though convicted, was recommended for mercy.

Bianchi was found guilty by a jury of having murdered William Frazer at Windsor on October 1 last. He was sentenced by Mr. Justice Lennox on November 10 to be hanged at Sandwich jail on January 25.

While awaiting sentence he made an attempt upon his life, and was weak from the effects of the wound he inflicted when he appeared before Justice Lennox for sentence.

### Two Men Lost Lives Spruce Falls Fire

KAPUSKASING, Ont., Jan 12—Two men lost their lives and one narrowly escaped asphyxiation Saturday night while fighting a fire at the Spruce Falls Paper Mills. The fire, which it is believed was caused by spontaneous combustion, was confined to the chip bins which are located about 150 feet from the ground.

The conflagration occurred with the temperature at 46 degrees below zero. The two dead men are R. E. Doherty, Ashland, Wis., superintendent of power for the Spruce Falls Paper Mills and William Shingo, Oshkosh, Wis., employed by the same company as an expert acid maker. They were fighting the blaze inside the chip bin rooms and were asphyxiated. J. Stevens of Kapuskasing, who was nearly suffocated and suffered severely from burns is expected to recover.

Mr. Stevens owes his life to the heroic work of Ernest Joanisse, who risked his own life by walking amid smoke and gas to get him out. The fire was confined to the chip bins up to 3 o'clock Sunday afternoon, when it broke through the roof, and then the situation was considered serious. It is only through the efficiency of the water-work system that the adjacent buildings were saved. The bodies of the two victims will be shipped to the Wisconsin towns for burial.

### More Than Grand

First Financier—They tell me Highflyer's wrecking of that bank was grand larceny.  
Second Financier—Grand? Ah, it was magnificent!—Town Topics.

### Says Red Pepper Heat Stops Pain In Few Minutes

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.  
Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little as any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

### CAN SWING PICK LIKE HE USED TO

Miner Thanks Tanlac For Putting Him Back On Job After Illness Forced Him To Quit

"When Tanlac helped my little grand-daughter so wonderfully I thought maybe the medicine would help me too, and since I've taken it I am feeling so fine I can hardly find words to tell how glad I am." This grateful statement was made recently by John Jones, 19 Sterling St., London, Ontario.  
"I came here a year or so ago from Calgary where I was a miner but had to quit on account of asthma," he continued. "I was badly run down and then I got a touch of pneumonia that knocked me out completely. I couldn't get my strength back, had no appetite, was unable to work and didn't know what it was to get a good night's sleep."  
"By the time I took three bottles of Tanlac I was eating just anything, sleeping like a log and I have been on the job ever since. My asthma doesn't bother me so much now, and it's a race between me and my little grand-daughter at meal time, for we both have splendid appetites."  
Tanlac is for sale by all good druggists.  
Over 35 million bottles sold.

### Arrest U. S. Senator Dynamiting Charge

BUFFALO, N. Y., Jan. 13—State Senator Robert C. Lacey was arrested this afternoon for alleged complicity in the dynamiting and derailing of two International Railway Company's high speed trolley cars last August.

Lacey and nine others, striking employees of the International were indicted by a federal grand jury, which for several weeks has been investigating the wreck of the high speed cars which resulted in the injury of more than a score of Philadelphia excursionists, on their way from Buffalo to Niagara Falls.

Lacey was released under \$5,000 bond, "I am innocent and welcome this opportunity to clear myself of these charges," Senator Lacey said.

Among others arrested under the federal indictment is John C. Hurley, an organizer of the striking carmen's union. Another union official will be arrested today, federal officials said.

The others arrested are: Walter E. Cramer, A. P. Jackson, Harry Breeze, Bertram Wilson and Frank McCurthud.  
Senator Lacey was prominent as a labor leader and one of the champions of the men throughout their strike against the International Railway. Last fall he was nominated to run against Senator Wm. E. Martin. He carried the district against Martin by a good margin.

### THE BUSY MAN

If you want to get a favor done By some obliging friend, And want a promise, safe and sure On which you may depend, Don't go to him who always has Much leisure time to plan, But if you want your favor done, Just ask the busy man.

The man with leisure never has A moment he can spare; He's always "putting off" until His friends are in despair. But he whose every waking hour Is crowded full of work Forgets the art of wasting time— He cannot stop to shirk.

So, when you want a favor done, And want it right away, Go to the man who constantly Works sixteen hours a day; He'll find a moment sure, somewhere, That has no other use, And help you while the idle man Is framing an excuse.

### LEGEND OF THE PEACOCK'S FEATHERS

The ill fortune said to fall upon the owners of peacocks and the wearers of peacock feathers is accounted for by an oriental legend.  
The story runs after this fashion: When God created the peacock the seven deadly sins were stirred with bitter jealousy and complained loudly that the bird should be more beautiful than they.  
"You are quite right," the Creator answered. "I have been unjust for I have already given you too much. You should be as black as the night that conceals you." Whereupon he plucked out the green eyes of jealousy, the yellow eye of envy and the red eye of murder and added them to the bird's feathers. So the blind sins are ever pursuing the bird to regain their eyes, and that is the reason that when men or women adorn themselves with the feathers of a peacock they are sure to have their feet stepped on.

## The Men's Store MOORE & McLEOD LTD

**EYEGLASS LENSES.**  
All lenses used in making eye-glasses by manufacturers in this country are formed from imported glass, which is secured principally from Germany. This glass is of texture and transparency so far above the products of American glass plants that the optical companies use it exclusively for their high grade work. Each blank is about two inches square and nearly one-eighth inch in thickness. In appearance it is not unlike an ordinary piece of plate glass—the edges are rough from the molds, and it has no magnifying properties. This is the work of the optical manufacturer, and it is for him to grind the glass and form it until it magnifies or refracts the object before it.—Columbus Dispatch.

WASHINGTON ANNOUNCES \$300,000,000 NOTE ISSUE  
WASHINGTON, Jan 11—Treasury to-night announced a offering of 4 3/4 per cent treasury notes, dated January 15 and maturing December 15, 1927. The issue for about \$300,000,000 with right reserved by the treasury allot additional, is intended to explain, to provide funds for the victory notes called for redemption.

OLD OPEN WORK CLOCK  
A peculiar clock of the Charles II. was the lantern of cage style, which hung from walls high up with its works poised.

—BY GEORGE McMAHON
