ONE-PASSENGER TAXIS

PARIS, Aug. 15.—The Paris Municipal Council has authorized cycle-car taxicabs, designed to carry one passenger, to ply for hire, and it is expected that the first of the new vehicles will be on the streets at the end of this week.

Not only will the new taxicab be cheaper, but it is hoped that the consequent competition will bring down the present rate of fares generally. It is held that the chances of success are better than in the case of the taxi side-cars tried not long ago, which failed to bring in a sufficient return, and which were also less comfortable for the passenger.

The horse is a noble animal—except when you back him to win and he falls to show in front.

FOR NEW STYLES AND PRETTY ARMS

(Beauty Notes) Women are fast learning the value of the use of delatone for removing hair or fuz from face, neck or arms.

Women are fast learning the value of the use of delatone for removing hair or fuz from face, neck or arms. A paste is made with some powdered gelatine and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone and mix fresh as wanted.

FREE—10 Much Finer Shaves! Cleaner Shaves—Quicker with no skin irritation! If you were paid for putting into words the perfect shave, you would probably define it as... "the cleanest, quickest, easiest on skin." Because that's what 1000 men told us a really good shave should be. Now we ask you to judge how well we've put those three requisites into a shaving cream. At our expense. We've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap. There are 5 distinct superiorities, shaving advantages, in Palmolive Shaving Cream. It cost us 18 months' work, 150 laboratory experiments, to perfect them. Now judge our work. You'll find cream multiplying itself 250 times in luxurious lather. You'll find that lather softens the most unruly beard in one minute—without any irritating "rubbing in." You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary. You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, soothed "after feel"—a result of the carefully blended palm and olive oils. We ask your judgment on these points as a favor. Failing, the loss would be all ours. Send along the coupon for your ten free shaves.
