

# WILLIE'S BREADMAKING MACHINE CAUSES A GENERAL MIX-UP IN THE KITCHEN

Dear Tommy: We all like homemade bread, but the kneading is such hard work that all of our cooks protest.

So I built a machine like this to mix it automatically.

It looked like a good thing—

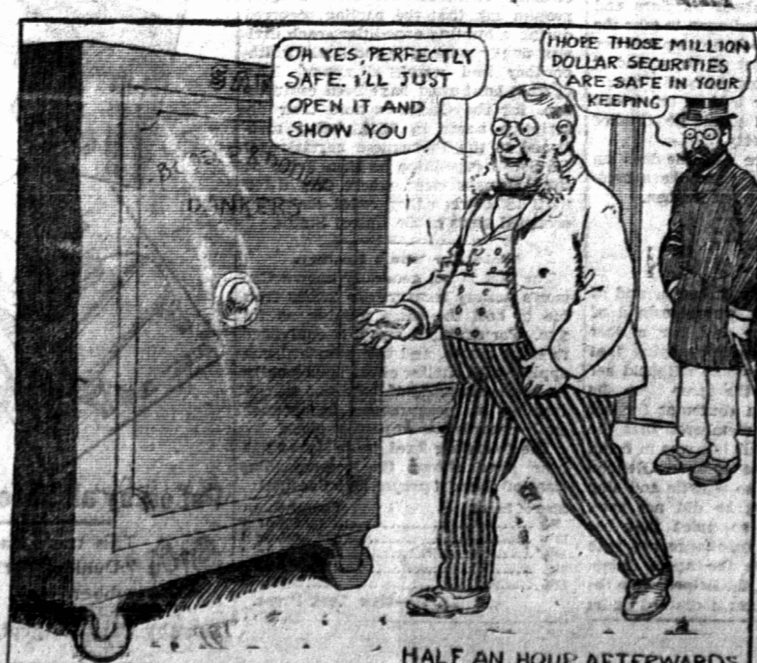

But I saw it was not going to work when it first started.

Sure enough, it slung the dough all over everybody.

And Mamma got awful mad about it. Yours, Willie.
