Eat Celery For Health

It is doubtful if any one of the common vegetables can compare with celery as an aid to general health. Most physicians agree that as a blood purifier and for ridding the body of toxic substances, this vegetable is in a class by itself.

Our celery has all the vitamins and medical properties mentioned above, and for the small sum of \$2.00 we will send by express or freight to any booking station a case (half barrel size) with roots on for keeping. If your station is not a pay station the express or freight charges must be included in our remittance. Washed celery for present use per case \$2.50.

ST. MARTIN'S DAY

The commemoration of the Soldier Saint who became Bishop of Tours is also the day when we remember the signing of the Peace after the Great War. It is most fitting that the present generation to whom the war is now just another dry fact of history should be made to see that it means a great deal to them and to the children who will come after them.

Remembrance of the signing of the peace is only half our duty. For that we should thank God; but the duty of remembering those who made the sacrifice is just as important and for them we must pray that God would accept their sacrifice and cleanse their souls.

Pray for my soul. More thanks are wrought by prayer Than th' world's dreams of Wherefore let thy voice Rise like a fountain for me night and day. (St. Peter's Cathedral Magazine)

Game Plentiful In The Maritimes

(Special to The Guardian) MONCTON, N. B., Nov. 5.—Moose and deer continue to be the centre of the sportsmen's interest in the Maritime Provinces. Deer particularly are reported numerous in Nova Scotia, according to the Fish and Game Department of the Canadian National Railways. One visited Liverpool, located along the South Shore district of the Province, and after getting tied up in a wire fence surrounding a garden, got clear, swam across a river and when it reached the opposite shore was brought down by a hunter.

It evidently knew it was perfectly safe for it is illegal to shoot game on Sunday in Nova Scotia and it was taking no chances on some ardent hunter taking a pot shot under cover of darkness.

Motorists driving their cars took another look at the calendar to make sure they had made no mistake in the date as they figured that Santa Claus' arrival is over a month away.

The deer paid no attention to stop signs and traffic directions and no little worry was caused motorists as the animal stepped in front of the headlights of the car as they had no desire to raise a new point of law as to whether hitting a deer with an automobile is hunting particularly as it was Sunday.

Two moose hunters at Port Hawkesbury, N. S., J. A. Martell and R. J. McDougall, brought down a large moose on James River mountain while Everett Roode is also reported as bringing down a fine moose in the vicinity of Windsor, N. S. He also secured a deer.

Dr. C. H. Craig, Dentist sportsman of Amherst, N. S., brought down a large moose in the vicinity of Wentworth Valley, one of the scenic spots in the Maritimes, the Canadian National Railways line running along the top of the ridge with the valley some hundreds of feet below. He also got a sizeable buck deer.

Reports come from Harbor Au Bouche of a moose being brought down by William H. Bowman, a local hunter with an antler spread of fifty-four inches and weighing eight hundred pounds.

Just to show it can be done, Mrs. Geo. Wood of Nine Mile River in the vicinity of Truro, N. S., brought down a fine bull moose at the beginning of the week, being in the woods less than two hours and all alone at that.

Sixteen year old disciple of Nimrod Eddie Harvey, of Brookfield, N. S., brought down a fine buck deer with a 22 rifle at a distance of between 75 and 100 yards. The shot hit the animal in the head and penetrated the brain, bringing the deer down instantly.

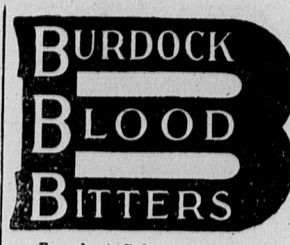

Districts in New Brunswick saw the first snow flakes of the season over the weekend and incoming hunters report big game plentiful particularly in Albert County.

At Baribog, J. F. R. MacMichael, a local hunter brought down a fine specimen of deer. Several hunters from New York are after big game in the Miramichi district. R. W. Stowell, a pharmacist of Aiden, New York, reports encountering 240 moose in the course of three hunting trips to the New Brunswick woods. Mr. Stowell along with his wife and two friends, outfitted at Dixon's Camps, at Alma, N. B., and one of the party secured a three hundred pound black bear on his first day in the woods and saw 35 moose. Mr. Stowell brought down a bull moose and in addition secured some excellent motion pictures of big game in their native haunts.

A duck was picked up at Covehead, on Prince Edward Island, during a recent heavy wind storm utterly exhausted which had on one of its legs an aluminum band with the following inscription "notify Dews Island, Currie, Tuck County, N. C., 1932." The party finding the bird has written to the address given, informing of the finding of the duck.

Meeting opened by singing the Institute Ode and repeating the Creed in unison. Roll call was answered by riddles. Minutes of last meeting were read and adopted. The buying committee reported having purchased an oil-stove. Arrangements were made for a concert and box social to be held early in November. The secretary reported no correspondence of any importance during the month. A dainty lunch was served by the hostess assisted by the luncheon committee. Next meeting to be held in the school-house. Roll call answered by paying annual dues. Meeting closed by singing God Save the King.

RELIGIOUS SERVICES

THE BAPTIST CHURCH

At the morning service the Rev. A. C. Vincent preached the fifth of an interesting series of sermons on "The Fruits of the abiding life." Briefly reviewing the earlier sermons of the series, attention was called to some of the fruits of a life abiding in Christ. Holiness of life, The Life of prayer, the assurance of discipleship, the fruit of joy are some portion of the gracious harvest from a life so abiding.

The sermon of the day dwelt upon the fruit of love, the epistle of the morning being 1 Cor., 13, and the text John 15, 10, "If ye keep my commandments ye shall abide in my love even as I have kept my Father's commandments and abide in His love." Love is the supreme motive, the final dynamic of all service. Christ asks service based on love. Love expresses itself in loyalty and obedience, love prepares men for service, love issues in courage and unselfishness.

A large congregation at the evening service heard an impressive sermon on "The message of the whirlwind—the whirlwind tells of the harvest." The music of the day included Brackett's "We would see Jesus," Gounod's "The Sands of time are sinking," Roberts' "Peace I leave with you," Shelley's "Savior again."

NEW DOMINION INSTITUTE Eight members and several visitors met for the regular monthly meeting of this Institute at the home of Mrs. Hector Currie on October 8th. The singing of The Maple Leaf Forever opened the meeting. Hallowe'en Jokes were the answers for roll call. Minutes of previous meetings were read and adopted. It was decided to make a bread and materials for making same were given to the members. Two bills were presented. A "fish contest" put on by the secretary was won by Mrs. William Taylor and Mrs. Hector MacLean. A delicious lunch was served by the hostess and a pleasant social evening enjoyed. Mrs. William Taylor will entertain the members for their regular monthly meeting in November. Roll call to be answered by a verse suitable for Remembrance Day.

The September meeting of the New Dominion Women's Institute met at the home of Mrs. Hector MacLean and was attended by ten members and six visitors. The president occupied the chair. Meeting opened by members repeating "Creed" in unison followed by roll call which was answered by "Uses for Apples." Minutes of August meeting were read and adopted. A note of appreciation from Mrs. MacEwen and family was read. A bill was reported paid. Car contests put on by the president and Miss Helen Doull were amusing as well as instructive. Prizes being won by Mrs. Hector Currie and Misses Margaret Taylor and Elizabeth MacEwen. Dainty refreshments were served by the hostess. Mrs. Hector Currie kindly invited the members to her home for the next meeting. Roll call to be answered by Hallowe'en Jokes. The meeting adjourned by singing the Institute Ode.

Eczema On Hands For Five Years

Mrs. Andrew Volk, Barlette, Alta., writes:—I was very much bothered, for five years, with eczema on my hands and wrists. I tried all kinds of ointments and salves, but they did not help me. A friend told me about Burdock Blood Bitters, and after I had taken two bottles I found I had received complete relief from my trouble.

RELIGIOUS SERVICES

ST. PETERS CATHEDRAL

There was a large congregation present in St. Peter's Cathedral for the 11 o'clock choral celebration of the Holy Eucharist. It being within the Octave of the Feast of All Saints, the service was opened with a procession about the church in honour of the Festival. The Rev. Canon Malone preached a splendid sermon from the text "Faith without works is dead."

At Evensong, Canon Malone preached a splendid and instructive sermon from the words, "The souls of the righteous are in the hands of God, and there shall no torment touch them as they are in peace." At the close of the service, the beautiful hymn No. 218 for All Saints Day was sung in procession.

Friday next is the commemoration of Saint Martin, Bishop of Tours in 397, the soldier saint. Friday is also Remembrance Day and the usual celebration of the Holy Eucharist for those who fell in the Great War will be sung in the Cathedral at 8.30 a. m. All are invited.
