COMPANY FOREMAN HELD RESPONSIBLE.

MONTREAL, July 3.—At the inquest held this morning into the death of Romeo Charles Bois, the 12-year-old boy who was killed in an elevator at the premises of the Grimma Manufacturing Co., Limited, Ernest Rhoume, foreman, was held as being criminally responsible for the death of the child, having engaged the boy contrary to the Industrial Establishment and Public Buildings Act of the Province of Quebec, which reads that no child under 14 years of age shall be permitted to work in any factory.

Alphonse Glendenning, 14 years of age, a fellow-worker, who thought Charlobois on the stairs, called to him, and it is thought that the victim leaped over the side of the hoist to snapper and was caught as the elevator was reaching the third floor. His spinal column was broken and his throat severed. Glendenning also stated that there was no guard on the elevator at the time of the accident.

Rev. C.R. Freeman, pastor of the Baptist Church is on his vacation and is attending the National Baptist Convention at Buffalo, and the International B.Y.P.U. at Toronto.

FOX AND FUR NOTES

Foxmen: The Silver Fox Fur Selling Association of Prince Edward Island is being organized for the following objects and purposes:

- (a). To establish warehouses, vaults, cold storage for the purpose of gathering furs, especially the Silver Fox Fur, storing, grading, pricing and selling the same. (b). Advertising the Silver Fox Fur and creating a greater demand and market for the said furs. (c). Placing Silver Fox and other furs for sale through Fur Auction Sales, and otherwise disposing of the same to the best advantage of the shareholders. (d). Paying proceeds of such furs to owners of such furs. (e). Educating the world among foxmen through the interchange of ideas respecting the best methods of feeding and ranching foxes, and encouraging ranchers to breed and feed for superior quality of furs and by comparison of their furs with furs of other ranches. (f). Stamping fur with a trade mark, indicative of the place of origin with a view by the production of a superior article, of creating a demand for the Prince Edward Island Fox fur. (g). Advancing money on furs placed with the holding company for sale. (h). Encouraging the breeding of superior Silver foxes by holding annual exhibition of Silver Foxes. (i). The purchase at wholesale of meats, fish, cereals and other food stuffs and the sale of same to shareholders of the company. Do you approve? If so, be prepared to do your share. One hundred per cent cooperation will mean one chance for each success. Do you hear opportunely knocking? Are you going to answer the call or will you let it pass by your door?

FOXMEN: What do you know about the Silver Fox Fur Selling Association? Have you taken the trouble to inform yourself? Do you know that it has been enthusiastically endorsed by over fifty of the leading breeders in this Province? If you are not fully informed, if there are any difficulties you want to have explained, if you have any questions to ask, then attend the meeting to be held at the meetings advertised. This is a company to be financed by foxmen, for the foxmen, and for the general benefit of the foxmen.

Co-operation is the key note; co-operation has spelled success for other similar organizations. Co-operation means continued prosperity to the fox industry. Put your shoulder to the wheel; United we stand, divided we fall.

IMPORTANT TO FOX COMPANIES.

What are you doing to ward off the wolf? Remember again the Silver Fox Fur Selling Association? Have you yet realized what it means to you? It means success, on the one hand, it spells failure to the future on the other hand.

You are drifting with the tide, you will awake some day and see the whirlpool ahead when it is too late to avert the disaster. You can steer the fox industry to a safe harbour if you now unite and pull together. We are trying to make you see this, we are endeavouring to unite you, we are asking you to unite you. Will you do it? The first step is to meet your directors and talk the matter over. If you are informed and are well advised you will fall into line. Then be up and be doing, no one can help you if you do not help yourself.

Remember again that one hundred per cent co-operation means one hundred success.

The series of meetings advertised in connection with The Silver Fox Fur Selling Association will probably be held at other centres such as Tignish, Montague and Craupud.

The meetings held so far have been most satisfactory and with-out exception adopted by an unanimous standing vote resolution endorsing the project and pledging support. There is most satisfactory, but the most important part is the capital stock. The acid test of the whole matter is for the ranchers to show their faith in the industry by subscribing their money to help accomplishing the objects in view. Without this necessary capital, the Association will have its hands tied. The slivers of war are absolutely necessary and the assurances to the present are most encouraging.

Steps should be immediately taken to call the directors of different companies together for the purpose to discuss the matter and authorize subscriptions.

There is no time to lose for if the Association is to operate this plan the organization must be completed at an early date. Fox Companies, be up and doing; do not delay, you should not require urging. This is in your own interest. It is for the protection of an industry in which your money is invested. If you wish to safeguard the industry, to make it a paying one, then take action. Meet your directors, subscribe substantially with the assurance that the money so invested will repay you one hundred fold.

HOME ON VISIT.—Rev. Parnas MacLeod, formerly of Tilbury, Ontario, accompanied by his four children, were passengers yesterday afternoon's train on a visit to Mr. MacLeod's old home in Georgetown. Mr. MacLeod has been pastor of the Tilbury Presbyterian Church for nearly four years. He resigned about the first of June, although strongly urged to remain with the congregation. Before leaving, Mr. MacLeod was presented with an address and a well-filled purse. Mr. MacLeod suffered a great bereavement last winter and in the death of his wife, leaving four young children to mourn the loss of a devoted mother.

RESPECT THE FLAG.—If the flag flying over the Marine building were a relic of the war its presence in that building would fill the bill admirably but as it has never been in war it is a disgrace, what there is of it, which is considerably less than half. The attention of the Inspector is respectfully directed to this matter and it is hoped that the authorities, through British respect for the Empire's emblem demands better than this on its principal public buildings.

NATIONAL DIVISION.—The National Division, Sons of The North American will meet in annual session at Moncton, N.B., commencing Wednesday, July 14th. It is expected that some distinguished members will be present, including Premier E.C. Drury of Ontario, a representative of the National Division of Great Britain and Ireland, and possibly one from the National Division of Australia. The program will extend to about four or five days. There will be several delegates from this island in attendance.

Belgian Protestant Orphan Fund. In May 1915 a little group of Montrealers, dreading that the terrible war conditions in Belgium would bring want, cold and starvation to the Belgian Protestant Orphanage at Brussels, decided to organize a campaign to interest the young people of the Presbyterian Sunday Schools of Canada in the relief of those children.

Permission was given by the Presbyterian Church authorities, provided the subscriptions should be closed one year after the signing of the peace. This anniversary coming to pass on the 27th of June, the committee announce the closing of the "Belgian Protestant Orphan Fund" and beg that the Sunday Schools which have not as yet sent in their last subscriptions, or those who would like to offer a parting goodbye gift, should address them without delay to our Treasurer, Mr. J.H. Cayford, 60 Victoria Square, Montreal. He would like, if he visit the Orphanage with him, to meet the heavy expenses of repairs and refitting left over since the war.

The President of the Orphanage Committee Rev. Kennedy Angus, D.D., has written these words in the Belgian Protestant Orphanage, "The invasion of our country, the horrors committed by the German soldiers, during those early months of the war were crushing blows, and for our families, came a terrible sense of responsibility towards the orphans. With no patrons left, no orphans, no provisions, how were the dear children to be provided for? Suddenly a sum of one hundred dollars mysteriously appeared from an Amsterdam Banker, and since then, month by month, the heavenly manna never failed us, although no clue as to the origin of the miracle was revealed. At last, through Switzerland, we heard of the Canadian Sunday School Fund which, through Madam J. J. T. Bos, a dear friend, had been the intermediary between the happy children of Canada and our war-stricken little ones, bringing the bounty from overseas to meet the need of our Orphanage.

Although our fifty orphaned families had during the fifty-one months of war-time been obliged to submit to countless restriction and privations it has never lacked its daily bread, nor any other necessities of life, thanks to the heavenly Father's providence. We feel deeply grateful both to the In-spirer and the workers of this wonderful intervention, and hope that every organizer and giver of the fund will hear of this most cordial and personal assurance of our heartfelt Protestant Orphan Fund of the Presbyterian Sunday School of Canada has collected during five years the sum of \$9,122.63. Subscriptions came from every

Abbievs. Vets Victory for Former

Abegweits and Vets met in baseball array last evening at the Abegweits grounds. There was a very good turn out of the faithful who used their voices lustily to cheer their favorites to victory.

The game resulted in a win for the Abbievs by the score of 6 to 4. It was a very exciting game to the seventh inning, when Kinsman fanned McEachern, the catcher dropping the ball on the third strike. On the throw to the first baseman McEachern was struck by the ball while en route to the initial sack. The scores were: Abbievs, 6; Vets, 4.

"Kit" Howatt, starred for the Vets, and Lou Campbell for the Abbievs.

Island Boxers

The following letter has been received regarding Island boxers in the United States, and will be of interest to followers of the many art in this province:—

To the Editor of the C'town Guardian.—

Sir.—Getting the issue of your paper of 29th Tremont St. today, I was indeed pleased to note among other interesting items, a life sketch of my native home boxers, (P. 15. I.)

The one, of particular interest mentioned was Bill MacKinnon. As a native son of the Gulf of St. Lawrence, he was a star boxing feature of our social evening in our local hall, June 29. It may be of interest to know that his opponent that evening was none other than Fred Bradley, another native son of the Gulf of St. Lawrence, a boxer of no mean reputation, as he scored a high in many hard bouts throughout New England and the Middle West.

We were also favored with a star exhibition, by Fred Powers and Fred Bradley Jr., also of P. E. I. The six three round bouts staged for the evening were whirlwind exhibitions of semi-pro, and professional, and I feel you would be proud of our native boys in their account of themselves, which they gave that evening.

Allow me to congratulate you on your mastery and timely editing. They are truly interesting and instructive and no week escapes my getting the old family paper—Guardian.

Yours very truly, P. J. KELLY

THE LATE MR. WM. CHAMPION

The extremely sudden death of William Champion on Sunday afternoon, June 27th, shocked the community. The deceased was in his 71st year, a native of Alberton, and had spent his life here. His early years were spent in the fish business, catching, curing and shipping, and he was an expert in every branch of the industry. In conjunction with the fishery business he established a cannery here and from the beginning the standard of
