NEW GLASGOW DEFEAT CRESCENTS.

NEW GLASGOW, N. S., Feb. 8.—The Cubs tonight again took the lead by defeating the Crescents, 3 to 0. The game was comparatively fast. The Cubs played real hockey, combination work being successfully carried out, although there were plenty of individual rushes. During the last period the Cubs left combination work entirely alone and played easy. In the first period Gregory and Cook each secured a goal while Murphy substituted for Cook while the latter was having his skate fixed. Dallaire and Wilkie collided ten minutes after the game started and Dallaire was carried off. Later he returned to the game. The Cubs added two more goals to their score in the second half. The third period was very much one sided; the players began to rough it and many heavy checks were handed out on both sides. Four more goals were secured, Gregory, Wilcox, Cook and Gregory scoring in the order mentioned.

STILL SOME BOLD HOLD-UP MEN IN NEW YORK.

NEW YORK, Feb. 9.—Four men drove up in a taxi late tonight to the store of the W. L. Douglas Shoe Company at Broadway and 14th street, a heavy and brightly lighted corner, and entered the store just as the four clerks were preparing to leave. With drawn revolvers the bandits ordered the employees to throw up their hands. While three of the four men emptied the cash register of its contents of between \$400 and \$600. The quartette then ran to the street, jumped in the taxi and drove north on Broadway. Hundreds of persons were passing the corner at the time. They were unable to find a man more than the poor description of the four men.

P. E. ISLANDER GAINS CONFIDENCE

(Continued from page one) ous centres of the world. When leaving for his tour, a few months ago, Father Roche said that he would visit kings and queens, palaces and hovels, missions of all denominations, and seats of war and centres of revolution, so his incognito visit to the king of Bulgaria was evidently a fulfilment of his promise.

Father Roche was born in Canada, educated at Prince Edward college, Canada, St. Mary's seminary, Baltimore, and ordained a priest in 1892. He received the degree of doctor of laws from Ottawa University, Canada, two years after his ordination. He is the author of several books on church topics.

Foreign cables state that Dr. Roche, "disguised as a priest," obtained an audience with King Ferdinand, at the palace in Sofia on Thursday, and obtained confidences that the king would give only to a priest. Dr. Roche was staying at the Bulgaria hotel, registered as a journalist, and had obtained a letter from Dr. Count of the American Methodist mission who thought Dr. Roche was a rich American philanthropist, to the queen of Bulgaria, who said mass that morning in the king's private chapel for Grand Duke Rainer. Inquiries made at the hotel started the investigation.

THIRTEEN COAL MINERS WERE KILLED

MANSFIELD, Eng., Feb. 8.—Thirteen pit sinkers were killed and a number of others injured today at the Bolsover colliery by the snapping of a chain to which was suspended a bucket containing 300 gallons of water. The bucket crashed down the shaft which was 500 feet deep, and at the bottom of which the men were working. The workers were crushed under an unrecognizable mass. Only a few who happened to be in the shelter holes at the side of the shaft escaped death. This city is the centre of a large coal mining district.

TO RAISE "MELON-CUTTING" ISSUE ON R. & O. INCREASE IN STOCK

OTTAWA, Feb. 11.—W. F. Maclean (S. York) has given notice that, upon the third reading of the bill now before the house, authorizing the Richelieu and Ontario Navigation Co. to increase its capitalization from 10 to 15 million dollars will offer an amendment providing that the stock so to be issued be offered for sale at public auction, and any stock remaining unsold must then be sold by the company at its market value. The proposed amendment is a far-reaching one and will test the sense of the house upon the issue of "melon-cutting" by corporations. The bill is now in committee and may not come up for third reading for some days.

Got Rid of Bronchitis

The worst feature of bronchitis is the tendency to return year after year until the system is worn out and gives way to consumption, or other ravaging disease. Dr. Chase's Syrup of Linseed and Turpentine owes much of its great popularity to the fact that it positively cures bronchitis, and this is about as severe a test as can be made of this kind. Mr. W. H. Walker, Calmar, Alta., writes: "I am pleased to say that Dr. Chase's Syrup of Linseed and Turpentine has done much good to myself, wife and children. My eldest child, 7 years, had bronchitis, and the doctor who attended her did not seem to do much good. We got Dr. Chase's Syrup of Linseed and Turpentine for her, and she soon got better. We always keep this medicine in the house now, ready for use, and find that it soon cures coughs and colds." In fighting diseases of the throat and lungs half the battle is in having Dr. Chase's Syrup of Linseed and Turpentine at hand to be used promptly. This is why many people prefer to buy the large family size bottle.

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province. POSSIBLY TRUE.—A Summerside exchange states that after an operation performed last Friday in the Prince County Hospital "four sizable pearls" were found in the appendix that had been removed. The story has a fishy flavor but in the rapid development that is taking place in the province at present nothing is impossible. It would, however, be like the irony of fate if the despaired appendix should develop into a dangerous rival to the new-born oyster business.

NEW CHURCH IS TO HAVE MOVIES AND ROOF GARDEN

ST. LOUIS, Mo., Feb. 10.—Rev. John J. Brandt, pastor of the First Christian church here, announced that his congregation soon will build a church with a roof garden in a fashionable west-end district of St. Louis.

The roof garden will be used for moving picture shows and for Sunday entertainments and possibly for Sunday evening services on summer nights. The church also will have free medical and dental clinics and a night school.

ROYAL LINERS TO BE RE-CAPTAINED.

MONTREAL, Feb. 11.—When the Royal liners start on their Montreal trip next Spring, they will be captained. Captain Roberts of the Royal Edward has been appointed Dock Superintendent at Avonmouth, while Captain Harrison of the Royal George, which in a few weeks has been suspended. The latter's position will likely be taken by Captain Theopoldson, who was dock superintendent here and who took the Royal George to Halifax after she was got off the Isle of Orleans rocks, where she stranded last November. The Royal Edward's captain has not yet, it is said, been selected.

COSTLY BULL-DOGS FOR NEW YORK.

NEW YORK, Feb. 11.—Arnold Lawson, son of Thomas W. Lawson of Boston and Dreamworld, Egypt, Mass., where the financier's kennels are situated, brought to this country recently and most costly pack of bulldogs ever imported into this country. In the collection are Champion Centaur, a lightweight, with a little white, but almost wholly a brindled, a Champion Beamish Blundstone, a heavyweight, of Irish boy, a red smut color; Juanita, Dora and Newington Supreme. A seventh purchase, Deodora Dina, died on January 10 in England. It is said the dogs cost \$37,500. "All the best dogs in England are now gone," said Mr. Lawson recently. "There is nothing left. They will probably holler when they hear this, but it is true." The dogs are to be shown at the Westminster kennel club shows in this city, February 19, and at the Boston dog show on February 25.

Her many friends will be pleased to learn that Mrs. J. S. Henderson, who has been seriously ill at the home of her aunt, Mrs. (Dr.) Beer, Weymouth St., Charlottetown, is steadily improving.

The many friends of J. Albert Glines, the popular commercial man, will be pleased to learn that he has recovered from his slight indisposition and was able to return to the mainland yesterday.

The many friends of Mrs. Scott Stewart, Charlottetown, will regret to learn that she is very ill in the P. I. Hospital. Her sister Miss Annie Gillis arrived in Charlottetown from Boston yesterday.

William Wyatt of St. John's, Nfld., is visiting his former home in Charlottetown. Mr. Wyatt has been a resident of Newfoundland for the past thirty-two years. He is here on his usual annual business trip and will extend his tour through Canada and some of the United States cities. He informs The Guardian that, in a commercial way, conditions are exceptionally good in Newfoundland this year but the exceedingly wet season militated very much against the harvest. Importation of food stuffs has, as a result, been in excess of that of former years.

TRAINS DELAYED BY SNOW STORM.

TRURO, Feb. 11.—A severe southeasterly gale, accompanied by dry snow is filling the roads with drift, and will likely cause delay to rail- and road traffic tomorrow, and softer weather is indicated by the rapidly shifting winds. The trains from the north are all late.

JUDGE TEETZEL'S CONDITION GRAVE.

TORONTO, Ont., Feb. 11.—The condition of Mr. Justice Teetzell is reported to be the cause of grave anxiety to his friends. It was thought that after his long rest following his operation in London last summer he might be able to take up his judicial duties in the New Year.

The gravest fears are entertained that he may not completely recover from the effects of his illness. Justice Teetzell is fifty-nine years of age. He was mayor of Hamilton from 1899 to 1901 and was appointed to the bench in 1903.

U. S. MAY INTERFERE

(Continued from page one) States border ready to cross if conditions warrant such a step. Six dreadnoughts from the Atlantic squadron of the United States fleet have been ordered to the Mexican coast ports and ships will also be sent to the Pacific.

President Taft will make a special message to Congress on the whole matter so as to place the responsibility of intervention on the nation at large.

During today's fighting in Mexico city another woman was killed and another had her legs shot off. This drew from the Mexican minister of war a protest to General Diaz to the effect that if the rebels did not confine the fire to some of the combatants there would be no disposition to treat the rebels as prisoners of war after the struggle was over.

GERMAN DISCOVERER OF TUBERCULOSIS CURE TO VISIT THE STATES

BERLIN, Feb. 11.—Dr. Friedrich F. Friedmann, who is said to have discovered a remedy for tuberculosis, has decided to sail for New York from Bremen on February 15. Doctor Friedmann declared today that he had been at Frankfurt-on-Main yesterday and had handed over his remedy for tuberculosis to Dr. Paul Ehrlich, who will make experiments with it at the government institute of experimental therapeutics.

FAMOUS BRITISH SOLDIER IS 75

LONDON, Feb. 8.—Field Marshal Sir Evelyn Wood, famous as one of the fighting machines of the British Empire, is receiving congratulations in anticipation of his seventy-fifth birthday anniversary to-morrow. Few statesmen with it at the government have had such a there.

Did You Ever Count Your Own Heart-Beat?

The heart "thumps" when you run hard. It "flutters" from excitement and emotion. Tea and Coffee-drinking makes it do both!

Many a person carries a fine watch and is mighty careful that no harm comes to his timepiece. It ticks 120 times each minute, and he winds it once a day.

His heart (wound up for a lifetime) beats about 72 times each minute, but he gives it little or no attention until Nature forces the fact home that it is working too fast or too slow.

If the watch ticked faster it would run down more quickly. How about the heart? Thousands "whip" their hearts into unnatural action by the use of tea and coffee.

A cup of tea or coffee contains from 1 to 3 grains of caffeine, a poisonous drug. Its effects are subtle, but sure. A pretty good way to find out whether tea and coffee are harming YOU is to

Count Your Own Heart-Beat

If you find an irregularity—faster or slower than about 72 beats per minute—and value your future health and comfort

Stop Tea and Coffee!

This can be done without any sense of loss by shifting to

POSTUM

The breakfast cup will be just as hot and satisfying and you will have set a rebel to work in place of a destroyer.

Postum is made by special process, from choice Northern Wheat and the juice of Southern Sugar-cane. It is absolutely free from caffeine or any other drug. It is really a food-drink, nourishing and invigorating.

Postum now comes in improved form called

Instant Postum

It is regular Postum percolated at the factory and reduced to a soluble powder. A level teaspoonful in a cup with hot water makes a delicious beverage instantly.

Postum has been a revelation of comfort to an amazingly large number of people in the last 17 years. If you are interested in having your due of health, try the change to Postum.
