## LONDON LETTER

THE OFFICE OF THE HIGH COMMISSIONER FOR CANADA IN LONDON WEEK BY WEEK 22ND JULY, 1926.

Last Monday a reception was given at the High Commissioner's Office to meet the New Brunswick High School Teachers now touring in this country.

Lord Eustace Percy, Minister of Education, Her Grace the Duchess of Atholl, Parliamentary Secretary to the Board of Education, and about forty other guests were present to meet the visitors.

Next Monday the High Commissioner and Mrs. Larkin will entertain at the Canadian Government Offices, a party of 270 Canadian Students who are arriving this week in England.

Lord and Lady Salisbury and Mr. Lumley, M. P. are sailing on Saturday on the "Empress of France" for Australia, to attend the Imperial Parliamentary Conference. They will travel through Canada and the Canadian High Commissioner's Office has made arrangements so that every facility will be extended to them for their journey while there.

Major General Garnet Hughes, C. B., M. G., son of the late Sir Sam. Hughes, will represent the High Commissioner for Canada at the Unveiling of the Canadian Memorial Window at the Highlanders' Memorial Free Church, Glasgow.

The date of the Unveiling of this Memorial Window, which is in honour of those who lost their lives in the War, and is under the patronage of Earl Haig and many other prominent people, has not yet been fixed. The Church was purchased by public subscription and presented to the Highlanders of Glasgow as a Memorial of the War. A handsome Canadian window, subscribed for by various individuals and societies mainly connected with Canada, is the one that will be unveiled.

Dr. W. A. Riddell and Mr. Lucien Paquet, who were the Government delegates at the 8th Session of the International Labour Conference, which was held in Geneva, from the 26th May to the 5th June last, have recently forwarded their report to Ottawa.

The main items of the Agenda were the simplification of the inspection of immigrants on board ship, the double discussion procedure, and the setting up of a Committee to deal with the annual reports of Governments under Article 498. Canada was given a place on the Selection Committee and on the Committee on the Simplification of the Inspection of Immigrants on board ship.

The Conference adopted a draft convention concerning the simplification of the inspection of immigrants on board ship and a recommendation concerning the protection of immigrant women and girls on board ship, and also adopted

Wyatt, K. C. Mr. A. C. Saunders and Hon. A. F. Arsenault. The best of order prevailed and all the speakers were given a good hearing. The meeting was held at Palmer Road and addressed by the same speakers.

TOURIST CARS — If one happens along the highways at or near Bordabouquet the time the automobiles start from the Car Ferry the large number of local and tourist cars conveying passengers is almost amazing. The Car Ferry takes only 24 cars in one trip but on a trip to take the cars across in July 633 cars were transported to the Island and up to Tuesday night over 1225 cars were taken across. When the great passenger lists of the Railway Trains is taken into consideration it can easily be seen that the Tourist Traffic is rapidly increasing.

PERSONALS

—Mrs. Rose McKenna, Newton, left Tuesday morning to visit her daughters in Detroit, Mich.

—Mr. Richard Westwood, of Holman's Shoe Department, has returned to work after spending his holidays visiting relatives and friends in Sturgeon and Montague.

Needling Elucidation

Demanding a number of apologies from Premier Meighen to various quarters on account of what he said about the good ship Margaret, the Ottawa Citizen puts the latter's case this way:

"Mr. Doucet, former Conservative member, broadcast to Canada and to the world the alleged story of an earnest ship Margaret with the Hon. Ernest Lapointe on board."

"The details of the story are given on the impression that the former Minister of Justice participated in an orgy of wine, women and song of the vilest character. It was even represented that he was present on the ship there was a supposed famous establishment in Montreal. Nothing more damaging if true, or more damnable if untrue, was ever circulated concerning a public man or concerned any man."

"This damnable story was told on Mr. Meighen's platform and in his presence, not once, but on several occasions."

On the same day in which the above editorial shriek (and much more of the same) appears in the Citizen, the following appears in the

TEA PARTY — Rev. Father McPherson, P. P. St. Margaret's, announced from the pulpit Sunday that the church committee decided upon holding a tea party on or about the end of the month, on a suitable field near the church.

HIDDEN TREASURE — Three men, names unknown, but said to be local, are going about digging for hidden treasure. They work at night. A number of evidences in the ground is the only evidence of success thus far. There is said to be a lot of French money buried along the shores and capes.

OLD VERSUS NEW METHODS — The old method of plowing in the potatoes and planting in the second or third furrow is being generally discarded for the marking out (hill culture). That this new method is not being proven by the remarkable success of Mr. Donald McInnis, Souris Line Road, in his present crop of Mountain potatoes (flat culture) but well fertilized.
