## NEW PROGRAM AT UNIQUE TONIGHT

A splendid pictorial offering is what the program will be tonight. In addition to the pictures the management are offering for this week a brand new ten dollar gold piece to the person holding the lucky ticket. Everyone buying a ticket this week has a chance to win the ten. Drawing will take place on Saturday night. The first picture is a descriptive film entitled "The Results of Eating Horseflesh," followed by the strongest dramatic picture yet presented entitled "The Heart of a Gypsy Maid." His First Frock Coat and Caught With the Goods are the remaining pictures and both screaming comedies. The beautiful illustrated song, "My Little Toy Soldier," went big last night.

### THE LIGHTHOUSE.

The lighthouse stands on yonder wave washed rocks,  
A living thing, with eye that scans the sea:  
Cold is the wind and full of misery  
Which at its side tempestuously knocks,  
The ocean's thunder and the sky's black pall  
Thrill with dismay, and angry, eager doom;  
Shrieking of woe the sea fed torrents fall  
While east and west are swallowed in the gloom.  
Along the trackless waste giant shadows spread  
And created seethings struggle in despair.  
That dim effulgence on the water shed  
Seems but a phantom of the troubled air,  
Yet still the keen eyed lantern, paling in its flight,  
Throws human safety far upon the night.

## Here's An Attractive Public Utility

### The Porto Rico Railways Company

Issued Nov. 1, 1908. Due Nov. 1, 1909.  
Interest payable May 1 and Nov 1.  
Bonds with stock Bonds or Bonds alone.  
Price on Application

The Island of Porto Rico is very progressive. Much development has taken place, and the exports and imports more than tripled since the American occupation.  
The population has increased from 902,215 in 1900 to 1,235,000 estimated at present time.  
The entire Electric Tramway system serving these municipalities, including the Capital city, San Juan, and lighted streets for five cities and towns, are now being operated by water-power from the new Camero Plant.  
This has greatly reduced operating expense, and is resulting in large increases in net receipts.  
We consider these Bonds possess an unusual degree of safety, elements of a safe and conservative investment, and offer a profitable purchase at present prices.
