that a watch which does NOT RUN is better than a poor one which DOES RUN? A watch which does not run is right twice a day, while a cheap watch that runs is never right. If you want a watch that is always right buy A WELLNER.

John G. and Mrs. McLeod have left for their home in Wood Islands after spending a pleasant visit in Dundas with his nieces, nephew and friends.

Two items originating from New York, each respecting the high cost of living and identical with one another, appeared in 13th issue, one inadvertantly.

Stephen and Mrs Nellis and child, left yesterday morning for Regina after spending some time here. Mrs. Nellis was Miss Josephine Barrett of this city before her marriage.

Sir Louis and Lady Davies and the Misses Gertrude and Mary Davies, who have been spending the summer at their home in this city, expect to leave shortly on return to Ottawa.

Miss Cornelia Macdonald, Harmony, returned home last evening after visiting friends in Georgetown, Cardigan and Vernon River. Miss Macdonald has made many friends and will be greatly missed by all who had the pleasure of her acquaintance.

At the police court in this city yesterday two cases against William Power, charged with malicious destruction of property, was adjourned until this morning. Power is alleged to have broken a plate glass window in a building belonging to Mrs. Morgan on Queen St. This glass was valued at about $50 and there was no insurance on it.

The following forecast of the weather for the approaching winter will be of local interest:—Horace Johnson, Connecticut's aged weather forecaster, who achieved some prominence for foretelling the blizzard of 1888, promises a long and severe winter this year. He says:—"There will be a snowfall as early as Oct. 18 and ice will form on the streams by Nov. 12. Incidentally he also forecastes a drought for 1912.

Rev. W. M. Rochester, general secretary of the Lord's Day Alliance of Canada, has been in the city the last few days, investigating matters in this part of the province. He preached at Falmouth Street Church Sunday morning on Sunday observance, at 3 p. m. held a meeting in St. Andrew's for the children, and at 7 p. m. preached at Victoria Road Methodist Church.. With him are Rev. Hamilton Wigle, of Amherst and Rev. G. W. Nungie, secretary for Quebec and the Maritime Provinces. Mr. Rochester says that throughout Canada the work is most encouraging and that the great question of Sunday business is practically under control. He has just completed a tour of the western provinces and is very well satisfied with conditions there. Mr. Rochester says that he believes the Alliance has now placed Canada on a higher plane, in regard to Sunday business, than any other nation in the world.—Sydney Exc. (Rev. Mr. Rochester is well known here, especially in Lord's Day Alliance Work.)

George Ham, the general advertising agent for the C. P. R. has returned to Montreal from his trip over the western route, escorting the dozen English newspaper men who are out here at the invitation of the Canadian Government, collecting material for special articles on Canada. The newspaper men had a good time while guests of the C. P. R., and expressed themselves thoroughly satisfied with everything they had seen. The party sails from Montreal towards the end of the month for England.. Speaking at a dinner tendered them by the press of St. John, the British Journalists, who had just arrived from Charlottetown and Summerside, P. E. I., said they had been greatly impressed by the suitability of the Maritime Provinces to be made the home of British settlers of small capital, who would find the natural features very similar to those in the old country. Like all visitors from the old country they expressed surprise that so little is done to advertise on the other side the great advantges possessed by the Maritime Provinces, many of which are not shared by the much advertised western country.

Through inadvertence the introductory lines belonging to the Liberal Conservative news on page three in yesterday's issue appeared in the Queen's County local column on page five,

The September Canadian Courier contains splendid photographs of the Canadian artillery in England including the inspection of the Canadian Corps, in which the Prince Edward Island boys, were a part, being inspected by Lord Roberts.

The Canadian Courier for September reproduces a photo of the biggest fish ever caught by hook or line in Canada, weight five hundred pounds, length eight feet, It was caught by J. K. L. Ross of Montreal. This almost fabulous Tuna was caught in St. Ann's Bay, P. E. I., so the Courier says, from a row boat, but in the description it is learned that St. Ann's Bay is in Cape Breton so the Garden of the Gulf cannot claim this monster.

Mrs. J.A.S. Bayer and Master Theodore Bayer, City, have left on a visit to St. John where they are the guests of Richard and Mrs. Arscott.

Miss E. Alice Macmurray, City, secured five first prizes at the recent Halifax exhibition for fancy work. The work was:—One point lace handkerchief, point lace with machine made braids, honiton, duchesse, battenburg centre or tea cloth. Miss Macmurray is to be heartily congratulated on her well earned success. Her prize money amounted to $13 for which she received a check.

A Montreal exchange says:—"The Canadian Championships to be held on the M. A. A. A. grounds on Saturday are attracting some class entrants. Mel. Sheppard has arrived in Montreal, and is exceedingly anxious to lower the half mile record of 1.52 4-5 made by Emilio Lunghi. The Manitoba Association of the A. A. U. of C. sent four athletes. Sheppard brought word that the entry from New York would be exceptionally large, as there was the keenest interest in this year's Canadian meet. Boston entries will likely include—D. B. Young, intercollegiate quarter-mile champion of the U. S.; Joseph Malcolmson, winner of the U. S. championship in the 220 hurdles at Seattle last year; W. C. Prout, W. W. Coe, Fred Burns and H. A. Gidney, names all familar to followers of athletics on this continent. Against the United States cracks it looks as if Canada holds a stronger hand than for many years back. The Manitoba men are considered good for two championships. There is no doubt about the class of the Ontario team, which numbers thirteen men. Tait, Kerr, Bricker, Halbaus, Knox, Goulding and Cameron, Happenny, of Montreal, will have strong backing for the pole vault event, in which he has several times defeated the best in America in open competition. Then there is Lukeman, winner of the Canadian 220 yards last year; the Heberts, Coates and half a dozen other good men from this district, as well as a good entry from the Maritime Provinces. Michael Thomas and Parker Hooper of the Charlottetown Abegweits are entered in the three and quarter mile events respectively. Happenny, referred to above, belongs here and Lukeman is a quite favorite among sports in this city.
