GOVERNMENT AND I.C.R. DISPUTE

(Special to The Guardian.) MONCTON, July 31.—A largely attended meeting of the Canadian Brotherhood of Railway Employees regarding the dispute was held this evening. W. D. McPherson, Grand Organizer of the C. B. of R. E.; President A. R. Mosher, Grand President, spoke. No definite action was taken.

(Canadian Press.) OTTAWA, July 31.—The application of the Intercolonial Brotherhood for a Board of Arbitration will, it is stated, be refused by the Minister of Railways. The situation is that the management met the men at all points on wages and hours but insists that certain confidential clerks of the system withdraw from the brotherhood as is the custom of other Canadian railways. The department does not expect insistence on this point will result in a strike.

GENEROUS GIFT TO P.E.I. P.R.A.

Lieut. Col. Brown, Ottawa, has generously donated a return ticket for the Ottawa meet to the winner of the Tyro Aggregate in the Provincial Rifle Association. In reply to Major Bartlett, who inquired how the prize should be disposed of in the event of the winner of the aggregate being unable to proceed to Ottawa, Col. Brown writes: "You will please me very much if you will give it as you suggest, then, to the highest Tyro, if possible, then, if he is unable to come, the next highest, and so on. If such a thing should happen that no Tyro can attend to D. G. B. A. meeting here, then, you may divide the amount between those who can. This letter is not to interfere with any sum your association already grants, but is to be in addition to it."

The Colonel enclosed \$21.25, the price of the ticket, wished the association every success, and regretted he would be unable personally to attend the meeting as he originally intended to do.

P.E.I. VETERAN AT SUMMER SCHOOL

Commenting on the closing of the Summer School of Science at Halifax, the Chronicle remarks: "Probably the most marked applause was accorded to Mr. James Larkin, of Alberton, P. E. I. Mr. Larkin was the 'eldest boy' of the school and his grey hairs denote a man beyond the Oiler limit of usefulness, but his sprightliness is of the spirit of youth. After forty years of teaching, a whole lifetime of usefulness, but he is still in harness and as he left the hall last evening all hoped he would attend many more of the Summer Schools before he ceased from active service. Hon. Senator John Yeo's scholarship prize of \$20 went to Mr. Larkin, this being the second time in succession he has won it. He also won the \$15 scholarship from the Strathcona Fund for Physical Training. This veteran of the Island schools is no slacker of work, he having attended six classes during the term, one of them being the physical training course, and he never missed a class in any branch. When he rose to answer to the call of his name, round after round of applause greeted the white-haired veteran."

Mr. Larkin, above referred to, although "white-haired" is still one of Prince Edward Island's youngest and most successful teachers, because he positively refuses to grow old. During the past two years he has taught the Alberton South School most satisfactorily, resigning at the close of the year but will probably resume the profession after the holidays.

PROPOSE TO HONOR HON. MR. PELLETIER

OTTAWA, July 30.—Hon. L. E. Pelletier, who is sometimes depicted as the "Fighting Postmaster" and generally conceded the progressive one in the Borden administration, is, it is understood, shortly to be made the recipient of a notable demonstration of affection from the thousand or more employees of the post office department.

It will take the form of a presentation of silver, and coming from the employees of a Government Department who up till a year ago registered more complaints and displayed more symptoms of dissatisfaction by the general conditions under which they were forced to labor, than any other single branch of the Civil Service, the testimonial must be regarded as out of the ordinary, and unique in the administration of a cabinet minister.

To those who are at all familiar with the new atmosphere breathed in the internal office and employees, the tribute to Mr. Pelletier will not occasion so much surprise. The sweeping reforms, which in less than

CONTRACT AWARDED FOR CARLETON POINT PIER

(Special to The Guardian.) OTTAWA, July 31.—Roger Miller company, of Toronto, was awarded to-day, the contract for the Prince Edward Island terminal at Carleton Point for the Intercolonial Car Ferry. The figure is \$950,000. This is the third time the contract was awarded to the Halifax Dredging Co., which failed to sign up owing to disagreement. Their deposit check of \$15,000 was forfeited. New tenders were then invited and only one was received which was too high. The third call resulted as above. The Car Ferry is now being built in the old country.

OTTAWA, July 31.—Have closed with Miller for Carleton Point work. (Signed) F. Cochrane. NOTE.—The above telegram was received last night by Mr. A. A. McLean, M. P. Mr. Miller referred to is Roger Miller and Sons, Toronto, one of the largest contracting firms in Canada, thoroughly equipped with such appliances as are needed, in such an undertaking as that at Carleton Point, and are in a position to begin work at once. Messrs. McLean and Nicholson, the energetic representatives of Queens, met Mr. Miller by appointment, last Saturday, at the Capes when the

whole situation was thoroughly discussed and when Mr. Miller made a study of the conditions to be met with in the construction of the pier. As a result of the interview and investigation he, on return to Ottawa, tendered for the work and his tender was accepted. The closing of the contract with a firm capable of carrying the work to a satisfactory conclusion will be gratifying news to the whole province and it may now be confidently expected that the whole car ferry proposition will very shortly assume a sufficiently tangible form to silence the few who still profess to be doubtful.

CHINESE REBELS DRIVEN BACK

(Canadian Press.) PEKING, July 31.—The revolutionary forces in the south are being steadily subdued. The northern troops are supporting the government under the provisional president, Yuan Shi Kai. The rebel leaders disappear whenever revolutionary centers are menaced by government troops.

Yuan Shi Kai's adherents express elation over the victories. They advocate the introduction of a dictatorial form of government and hope for the ultimate establishment of a new Yuan dynasty under which they would share the spoils of office. They contend that a compromise at the present time would place China and the Chinese in a condition of revolution, which would be dangerous owing to the territorial aspirations of Russia and Japan.

APPOINTMENTS TO TEE HAGUE

(Canadian Press.) OTTAWA, July 31.—H. B. Ames, Senator Dandurand will, this September, represent the Canadian group of the Inter Parliamentary Union at a meeting of the body at The Hague. The Union is in no sense a political organization, members of all shades of politics having supported it.

The original delegates were G. H. Perley and Senator Dandurand. Mr. Perley's duties forbade the trip. The delegates are not appointed by government which bears no expense. The Convention will discuss international law.

TWO THOUSAND MOROS KILLED

NEW YORK, July 31.—A despatch from San Francisco, published here today says: "The story of the killing of 2,000 Moros in the Philippine Islands by General Pershing's soldiers was related here today by John McLean, a civilian employee of the United States Army Headquarters Department who arrived from Manila on the steamer Persia. He said 195 women and 340 children were killed in one day's fighting. When the Moros saw the battle was lost to the American troops they held their women and children in front of them as shields and the fire from the rifles and machine guns of the troops mowed them down by scores."

CANADA'S PART IN NAVAL DEFENCE

"We in the Mother Country await that decision with complete confidence in the patriotism of Canada's people, in their loyalty to the Throne and Empire, and in their firm determination to take a proper and adequate share in the burden we are called upon to bear."

Britain's feeling towards Canada, as regards the naval question, was thus expressed by Lord Emmott, under Secretary of State for the Colonies, and leader of the British parliamentary party now in Canada, at the banquet given by the Dominion Government in the Chateau Laurier. Lord Emmott apparently gave the cue to the other speakers in his party in this leading thought to his address.

The dinner was of an informal nature, and followed an afternoon of sightseeing. Both the Prime Minister and the leader of the Opposition were unavoidably absent, and the Hon. George Perley, in the absence of Mr. Borden, presided.

MR. BORDEN'S GREETING

The following message of regret was received from the Premier: "I beg that you will convey to the members of the British Parliamentary party at the dinner, my deepest regret that I cannot be present to join in extending to them a warm Canadian welcome. I trust that their visit to the world-wide Dominion of the Empire may be not only enjoyable, but interesting and instructive. It is of vital importance that the vision of statesmen, whether from the British Isles or elsewhere within the Empire, should not be so completely and exclusively fixed upon problems of purely domestic concern, that the wider outlook escapes them. Thus visits such as these are justly to be regarded as of the highest imperial significance."

The Hon. C. J. Doherty, Minister of Justice, and the Hon. Sydney Fisher, ex-Minister of Agriculture, joined in the toast welcoming the guests. Lord Emmott, who was the first to respond to the toast, expressed the gratitude of the British party for the reception they had already received. They regretted that their arrival had not been during a period when the Imperial Parliament was in session, a parliament which had lately given such evidence of its close attention to duty. (Laughter.)

KING INTERESTED IN TOUR

"The fact of this tour is likely to be of great value to the Empire," continued Lord Emmott. "Without any desire to magnify the individual importance of its members, it constituted a precedent. Never before had such a delegation from the Imperial Parliament visited the Dominions. As illustrating the interest which the visit was awakening, Lord Emmott stated that when in mid-Atlantic the party received a wire from the King, wishing it bon voyage, and stating he would follow it with great interest. The Duke of Connaught had also sent his wishes."

SERIOUS RISING IN VENEZUELA

(Canadian Press.) WILLEMSTAD, July 31.—Reports have been received that an uprising against the republic of Venezuela was started simultaneously last Monday in several states. Castro, a former President, is leader of the movement.

Many battles are being fought and the country was thrown into a terrible state.

LOVE FAILED TO SAVE HIS LIFE

(Canadian Press.) NEW YORK, July 31.—Five offerings of the blood of a wealthy Mid-West family failed to save the life of Louis Bourne, Middleton, who died this afternoon. He lay ten days at death's door with plastic anaemia, which frequent transfusions were unable to appease. His father, brother, wife, cousin and college mate all poured their blood into his veins within ten days without respite. The illness was contracted on his wedding trip.

WASHINGTON SWEEP BY TERRIFIC CYCLONE

WASHINGTON, July 31.—Like a giant hail a cyclone storm of wind, rain and hail whipped back and forth across the Capital today, leaving death and ruin in its wake. Three dead, scores injured, and hundreds of thousands of dollars worth of property ruined were the tolls recorded in the hurried canvass made when the city aroused itself from half an hour of helplessness in the grasp of the elements.

Out of the blazing sky, under which the city was sweltering, with the temperature at the 100 point, came driving a mass of clouds that cast a mantle of total darkness over the town. The gale, reaching a velocity of nearly seventy miles an hour, swept the streets clear. Unroofed houses, tore detached small structures from their foundations, wrecked one office building, overturned wagons and carriages in the streets, and swept Washington's hundred parks, tearing high branches from trees, and even uprooting sturdy old elms, and landmarks of a century.

For half an hour the city crowded, paralyzed under the beating of the storm, every activity suspended. Trolley lines, telephone lines and street traffic were halted, and the Government departments, suspended operations.

A panic threatened at the pension office, where the lightning tipped a corner of the roof, and another lightning bolt tore a hole in the roof of the post-office building, clock in the tower.

The wind ripped fifteen heavy planes from the floor of the historic aqueduct bridge, and a horse and wagon crossing the structure were blown into the river. The driver escaped. On the Potomac River water traffic was demoralized. The tug Edith Godard Winship sank in a blow, and her crew were taken off by a barge which she was towing. The excursion steamer Charles H. Warner tonight is aground several miles down the river, with more than one hundred excursionists on board. She is reported in a safe position whatever.

MORE DISPUTING ON TARIFF BILL

(Canadian Press.) WASHINGTON, July 31.—Democrats in the Senate who stand pledged to vote on the Underwood-Simmons tariff bill will listen today to one of their number repudiate the measure because of the ruin free sugar would bring. They characterized the party action as republican. Senator Gronna assailed the measure from the standpoint of farmers. Nearly the entire time of the discussion the bill will be taken up with this measure.

REV. DR. PRINGLE SUED FOR SFANDER

SYDNEY, July 30.—A writ has been issued against Rev. Dr. Pringle, pastor of St. Andrew's Presbyterian church, at the instance of W. A. Murray, proprietor of the Palace Cafe, on the Esplanade, charging him with having made slanderous statements against him (Mr. Murray) from the pulpit of St. Andrew's church a few Sunday evenings ago. The exact words alleged to have been spoken by Dr. Pringle were: "There is a man on the Esplanade, named Murray, who not only sells whiskey, but also keeps a house of ill-fame; I mean a house of prostitution."

A day or so following the Sunday evening these words were said to have been spoken, Mr. Murray called on his solicitors and a letter was sent to Dr. Pringle, requesting full apology or retraction, but no reply being forthcoming, the writ was consequently issued. The suit is now pending and will probably be tried at the October sessions of the supreme court. The sermon by Dr. Pringle in the course of which the words are alleged to have been spoken was a notable one, in which he roundly slated five officials for the condition, moral and otherwise, of the city. Rev. Dr. Pringle is well known in this province and recently preached in Zion Church, Charlottetown.

HOTEL CLERK HELD UP BY BURGLARS

(Canadian Press.) BURLINGTON, July 31.—Fred French, the night clerk of the Brant House here was held up during last night and robbed of \$1,400, according to a report made to the Hamilton police today. THREE YOUNG WOMEN DROWNED

ST. JOHN, July 30.—Three young women were drowned at six o'clock to-night by the capsizing of a row boat in Lake Lomond, a few miles from this city. Three others, a young woman and two men were saved after clinging to the upturned boat for two hours. The drowned were: Miss Tilly J. Davis, Miss Matilda Brown, and Miss Eliza Darling, all of this city. The rescued were Miss George J. Anderson, Joseph I. Noble and John Stanton, of this city. Only meagre details of the tragedy had reached the city at midnight, but it seems the party were fishing in the upper part of the lake, when a squall struck the craft, which was overturned and it filled. The survivors arrived in the city at 1.30 o'clock this morning. They say the disaster was caused by the young women becoming frightened at the boat tipping a little when the men changed oars and their leaning to one side overturned the loaded craft. The three who were drowned never rose to the surface, but the others managed to get the boat bottom up and got on top, where they remained two and a half hours before their cries brought a boat to their rescue.
