Mrs. Wm. Bingley, Grand Tracadie, P. E. I., Has a Very Trying Experience, but Thanks to

MILBURN'S HEART AND NERVE PILLS

She has been restored to perfect health.

She writes: "About seven months ago I was badly run down in health and became very weak. I was troubled with fluttering of the heart and shortness of breath. When lying down at night I was almost afraid to go to sleep for fear I would never wake up. When I awoke in the morning, I would feel a little better, but as soon as I started to work my heart would start fluttering, my head would become dizzy, faint weak spells would come over me and it seemed as if black objects were floating before my eyes. I was growing worse every day until I got a box of Milburn's Heart and Nerve Pills. When the box was half gone I could feel that they had done me good and by the time it was finished I was in excellent health and would advise all sufferers from heart and nerve troubles to try them."

Price 50 cts. per box, or 3 for \$1.25, all dealers, or THE T. MILBURN CO., Limited, TORONTO, ONT.

Pains in the back, arms and legs, lumbago, rheumatism, sore, stiff joints, headache and all of the most painful and fatal diseases arise from

Poison in the Blood

Of the food which is taken into the body, part is digested and assimilated, and goes to form new blood and tissue, and a certain portion becomes waste matter which is poisonous to the system. Much of such matter is cast out or excreted by the kidneys in liquid form and passes from these organs through the ureters to the bladder.

When the kidneys become deranged this liquid poison forms into solid material, sometimes collecting in the joints and causing rheumatism, at other times in the kidneys, ureters or bladder, and becoming what is known as gravel or stone in the bladder, probably the most torturing and most fatal ailment known to mankind.

Don't wait for symptoms of these horrible diseases, don't wait for Bright's disease, diabetes, dropsy or apoplexy before beginning the use of Dr. Chase's Kidney-Liver Pills, but prevent these results by taking warning from the first symptoms, such as backache, headache, deposits in urine, loss of flesh, and any irregularities of the urinary organs.

The kidneys, liver and bowels work together in removing poisonous matter from the body, and it is because of their direct and combined action on these organs that Dr. Chase's Kidney-Liver Pills are so phenomenally successful in curing serious and complicated disease.

It seems useless to experiment with new-fangled remedies which are only intended to afford relief when you can be thoroughly cured and the cause removed by Dr. Chase's Kidney-Liver Pills.

MR. BARNABY.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous English Book author, are on every box of his remedies.

Imitations

of Dodd's Kidney Pills are legion. The box is imitated, the outside coating and shape of the pills are imitated and the name—Dodd's Kidney Pills is imitated. Imitations are dangerous. The original is safe. Dodd's Kidney Pills have a reputation. Imitators have none or they wouldn't imitate. So they trade on the reputation of Dodd's Kidney Pills. Do not be deceived. There is only one DODD'S. Dodd's is the original. Dodd's is the name to be careful about—

Chamberlain's Woods.

Here is a story of an amusing incident that occurred at Highbury a few years ago. Mr. Chamberlain had planted a number of young larches about his grounds with the object of ultimately having the place well wooded. One night he gave a dinner party, to which, among others, his son, the present Postmaster-General, was invited. The latter was very late, and the assembled guests were kept waiting for him in the drawing room, to the obvious annoyance of his father. At length, Austen Chamberlain arrived, and in reply to his father's remark as to his lack of punctuality, he said, with a sly glance at some of those present, "Oh, I must really apologize. I should have been here in ample time, as by a matter of fact, I lost my way in your woods." There was a regular outburst of merriment at this, as the "woods" in question were about two feet high at that time.—London Answers.
