After You've Called the Doctor

and he has diagnosed your case, what do you do with his written prescription?

Do you act in the "hit or miss" style and take it anywhere to be filled, or do you take it to a druggist in whom you have absolute faith in his honesty, his skill, and the purity of his drugs?

Our Prescription Department is constantly being reckoned with the freshest full-strength drugs available to obtain. Here our work is carefully checked and re-checked, so that there will not be the possibility of a mistake.

We do not pay any doctors a commission to write prescriptions for our store, nor do we pay them to boost our store in any way. We solicit your prescription business on merit, honesty, skill and by using the purest drugs obtainable.

It does not matter who writes your prescriptions or where they are written, we can fill them.

Appointed by the S. C. R. Department to fill the doctor's prescriptions for all returned soldiers in this vicinity.

You Need Sleep even More than you need Food

EVERY now and then you hear of someone going a month without food and being little the worse for it. But let a man try going without sleep for even a few nights and see what happens to him! Are you getting the right kind of sleep? Not if your bed is noisy or your spring sags or your mattress and pillow are lumpy!

You should know the Simmons Beds—the Simmons Springs, Mattresses and Pillows. Built for sleep! Simmons Limited is a pioneer maker of noiseless Metal Beds built for sleep—

Maker of those wonderful Simmons Springs, that really do invite the body to lie out flat, every muscle relaxed—

Expert in producing Mattresses built for sleep. Soft, luxurious—yet firm and resilient—

Maker of Pillows that rest the head and neck.

Specialist, too, in Twin Beds—that fine principle of a separate bed for every one, so that one sleeper does not disturb the other, or communicate a cold or other ailment.

Ask the leading merchants in town about Simmons Steel Beds, Brass Beds, Springs, Mattresses, Pillows, Day Beds and Children's Cribs.

The most popular sleeping equipment in the store—and they cost little if any more than the ordinary.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal beds.

Sleep is a big subject. Write us for the booklet, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.
